Facing whatever is in the way of you experiencing **ecstatic alive life force energy within** yourself.

Your natal Venus Sign provides clues. If Venus is in Scorpio, or Pluto is involved, there's no question, the intent is to REALLY get how to be empowered through your feelings. If connecting with external feminine so they do this for you - it will eventually backfire - sometimes sooner rather than later.

If Venus is in Gemini ask: How Does the Dark Goddess have FUN?

Consider the generation you're born into, along with the religious/cultural situation you encountered in early life. Beliefs like men aren't suppose to feel can be in the way

Cayelin's Underworld Initiations

Nov 1986 age 32 Venus Return Began

Scorpio Meta Goddess Venus **entered Underworld Jul 17 and rose as evening star Sep 29, 1987.**

In August, found out my first husband was having an affair.

I wanted to literally die. Begged God to kill me.

In the next Morning Star Phase in 1988

I took decisive action and filed for divorce...

Ultimately entering a much happier life that had not been possible before the death of that marriage.

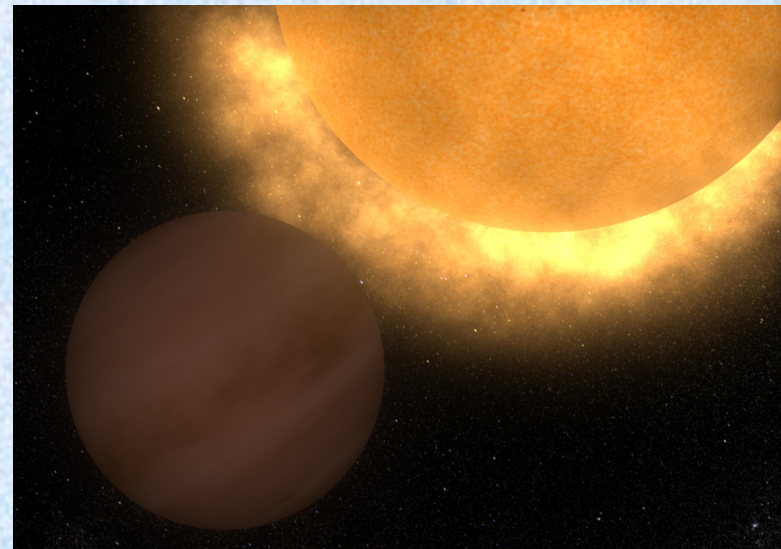

Nov 2004 age 48 Venus Return Began

Underworld time from Feb 18, 2005 to May 08, 2005

Second husband was becoming increasingly unpredictable. In May of 2005 he asked for a divorce. I simultaneously felt immense grief and immense relief.

Nov 2010 age 56 Venus Return Began

This was the first time I consciously worked with the entire Venus Return Cycle including the all-important Underworld Initiation without being coerced or forced by outside events beyond my control.

Cayelin's Underworld Initiations

56 Venus Return Underworld Phase

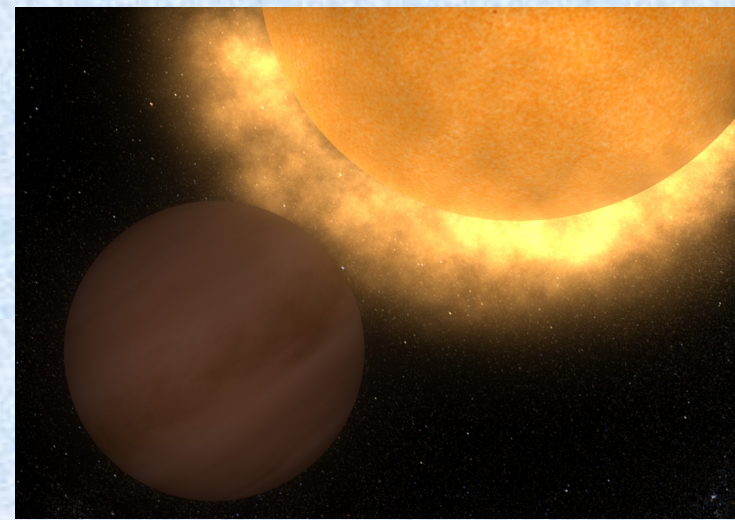

Venus was in the Underworld from July 10, 2011 to Sep 22, 2011

I Spent time Sun Gazing and paradoxically giving myself fully to the darkness – of the womb, of night, of my internal reality. I contemplated what I wasn't being conscious of, how I wasn't seeing my true self clearly and why. Really gave myself permission to feel (or simply be with) what I was wanting to avoid, not feeling good enough, feeling restless, being willing to immerse myself in it all.

I read the newly released Harry Potter book **The Deathly Hallows** (so divinely timed) Dumbledore said to Harry:

*The True Master of Death doesn't not seek to run away from death.
He accepts he must die and understands there are far, far worse things in the living than the dying.*

Started contemplating what to release, including a huge shift letting go of the paid version of the Celestial Timings. Didn't actually let go of them until the summer of 2015 (4 years later) in an Evening Star Phase!

Tami's Underworld Initiations

Nov 28 2018 to Feb 19, 2018 Aries Underworld

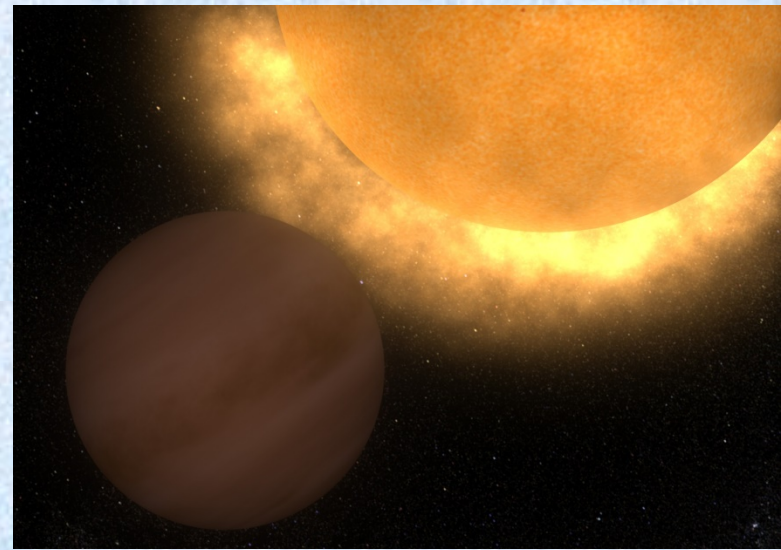

Decided to have surgery to remove fibroids.
Surgery scheduled Feb 7. Initiating writing Venus Guidebook. Letting go of lethargic nonprofit.

April 30, 2016 to July 13, 2016 Leo Underworld

Left ten-year partnership and life in New Mexico at beginning of Underworld cycle. Initiated and offered very first Venus Signature Series with Cayelin. Began working with Shaman to heal fibroids.

In plant medicine ceremony I encountered the Grandmother who removed the fibroids energetically with me, saying I didn't need the Shaman to help, she would help me. She scooped them out and together we offered them to the setting Sun and buried them.

Also began to realize parasitic relationship with my brother was related to my fibroids, and started healing work around this. Research into Morning Star Venus and Blood Sacrifice.

Tami's Underworld Initiations

Nov 28 2018 to Feb 19, 2018 Capricorn Underworld

First SAMS Conference, Venus Life Review Research.

Feb 16 to May 10, 2013 Gemin VENUS RETURN

Dad died on birthday, two months before Underworld. Family fought and won a court case against corporations because he died of mesothelioma from asbestos exposure.

Making Death your Ally workshop with Robert Moss and Plant Medicine on Venus Sun conjunction. Identified 6 “corpses” in the pool of water in my Sacral Chakra that I named and buried in ceremonial death and rebirth ceremony.

July 10, 2011 to September 22, 2011 Scorpio

Tried to get community organization connecting neighbors in sustainability projects off the ground. Presented at local Bioneers conference, feeling the lack of energy and exhaustion with the project – realized it wasn't working due to stuck energy.

December 1, 2009 to February 14, 2010 Aries

Working on too many unpaid projects (on five different nonprofit boards, writing grants for three nonprofits for almost no pay.) Planting seeds for what would become my own community organization though the initial failed effort in this Underworld.
