# **Inanna, Sumerian Goddess and Queen of Heaven and Earth Chooses to Visit the Underworld**

Inanna sets out for the Underworld to Visit Her Sister Ereshkigal  
grieving the death of her husband, the Great Bull of Heaven,  
Gugalanna a powerful symbol for the death or end of an Age when the  
Spring Equinox shifted from the Constellation of the Bull to the Ram.

# Venus Star Phases

# What is this Aries Venus Cycle “About?”

It is about dismantling all the patriarchal limitations that have limited the Fierce Aries Feminine Essence from fully and freely expressing who she truly IS.

It is about the Rise of the Wild Warrior Woman, courageously restoring Cosmic Balance and Harmony.

It is about healing the mistaken belief she must “Do It All Herself”

It is about the Self Loving Feminine Fiercely Claiming all of who She Is without apology.

**Celebrating the emergence of the  
Goddess in everyone of us  
both men and women  
in all her many forms and expressions  
in the best, most magical, healing,  
useful and loving ways possible.**
