## Healthy Communication

### Through Active Listening

Active Listening results when accurately interpreting what another person is saying and is the key to all effective communication.

#### It begins with Awareness:

- Notice when you are waiting to talk – perhaps to help, fix, or share your story
- Intention to listen effectively leads to attention toward the person speaking
- Reflect what you heard by repeating it and asking for confirmation it is correct
- Effective listening and the ability to demonstrate understanding builds trust and a way towards collaborating with others
- Listening enhances all relationships, increases confidence, self-esteem, creativity, happiness, and connection
- In working situations it creates greater productivity with fewer mistakes

## 5 TIPS FOR ACTIVE LISTENING

### **LISTEN UP**

Listen more than you talk. Showing genuine interest in what is being said increases the chances you'll be heard when it's your turn.

### **RINSE & REPEAT**

Repeat the substance of what you've heard. "So, what I hear you saying is..." or "If I heard you correctly, you said..."

### **PROBLEM SOLVED**

Don't try to solve the problem. Just listen.

### **EYE TO EYE**

Eye contact creates trust and confidence. So, put that phone down.

### **NON-INTERRUPTUS**

No interrupting.

# Libra at the Throat Chakra

*In what ways can I further cultivate communication with others that is effective and supportive for all involved?*

*What would it take for me to BE more aware of my communication and listening skills and then to act upon that awareness to improve communication with others?*

*How can I actively listen to what is going on around me to discern the messages that are available to me now?*

*How can I effectively share what is true for me in ways that are appropriate - with compassion for myself and others?*

# Libra Meta Goddess Moving Through Sagittarius at the Throat Chakra

**Venus in Sagittarius Jan 31 to Feb 3**

At the Throat Chakra Gate the Relational Goddess is facing and surrendering all blocks, distortions, limiting beliefs and ancestral wounding standing in the way of her FULL-ON Self Expression of the Healthy Relational Feminine.

Sagittarius asks: What is My Truth as the Relational Goddess and how has this truth been suppressed, violated, distorted over the past 5000 years?

How many times have I muted my voice to maintain the peace in relationship? How many times have I been told or believed that to be loved and maintain a bond I must silence my truth and my inner knowing?

**Finally I cry out in grief, sorrow and rage. And in the wake of this releasing I find my own song of love, release and healing.**

# Libra Meta Goddess Moving Through Capricorn & Aquarius at the Throat Chakra

**Venus in Capricorn Feb 3 to March 1**

**Venus in Aquarius March 1-2**

At the Throat Chakra Gate the Relational Goddess spends most of her time in the sign of Capricorn. Here she encounters ancestral wounds, hearing the stories of the relational feminine throughout the last 5000 years of patriarchy.

She is actively, consciously breaking karmic bonds and any limiting agreements between masculine and feminine. She speaks the ancient truth of the pre-patriarchal, relational feminine, reminding us, re-attuning us to the wisdom of Gylanic love between masculine and feminine.

Her movement through Aquarius is a day of revolutionary awakening, with a final release and the full liberation of HER voice within and without.

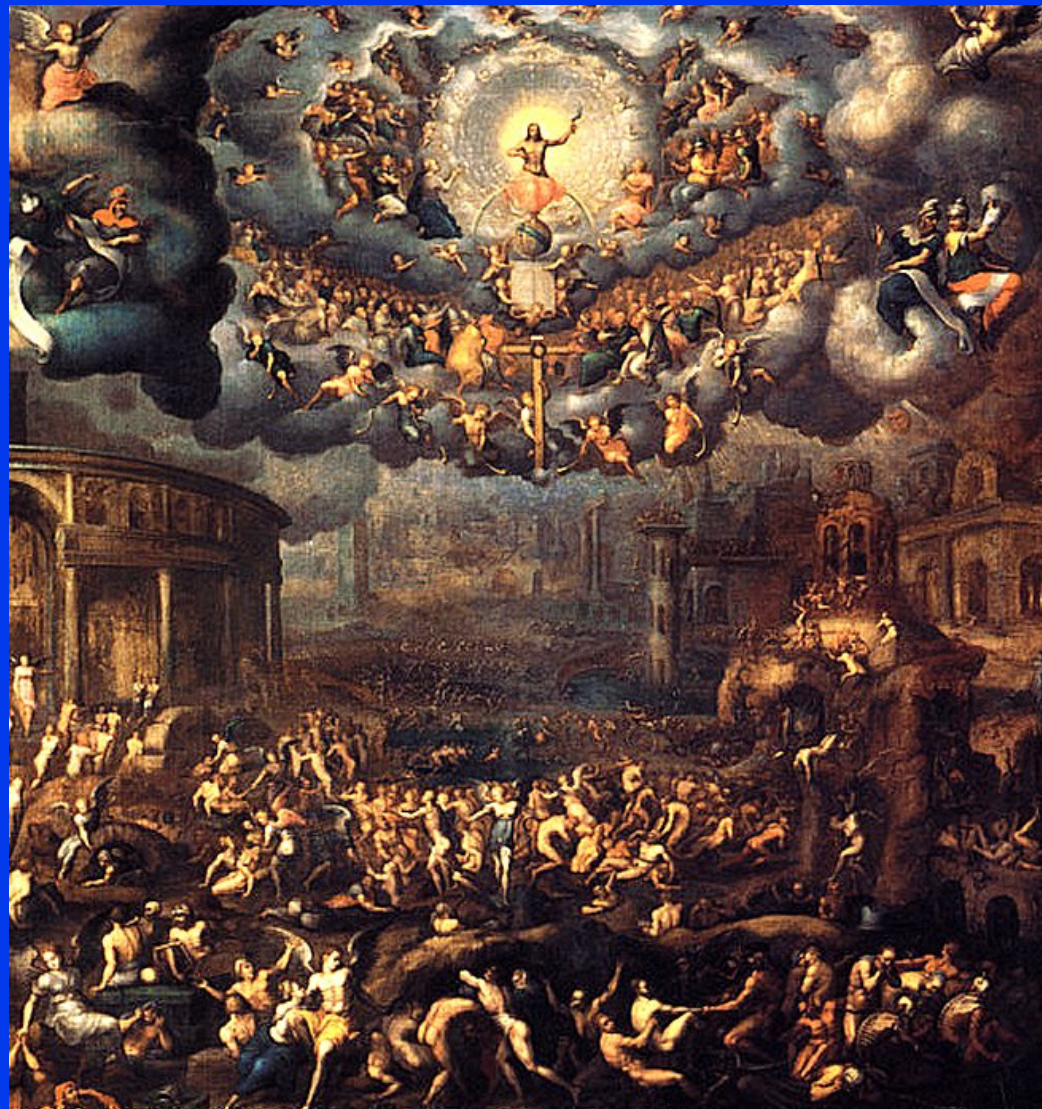

# Dismantling our Concept of a Supreme Male God Requiring Vocal Praise as the Supreme Authority Above All Others

*Now this I know: The LORD gives victory to his anointed. He answers him from his heavenly sanctuary with the victorious power of his right hand. (Psalm 20:6)*

*We proclaim how great you are and tell of the wonderful things you have done. (Psalm 75:1)*

*Praise the Lord, all people on Earth, praise his glory and might. (1 Chronicles 16:28)*

*God is wise and powerful! Praise him forever and ever. (Daniel 2:20)*

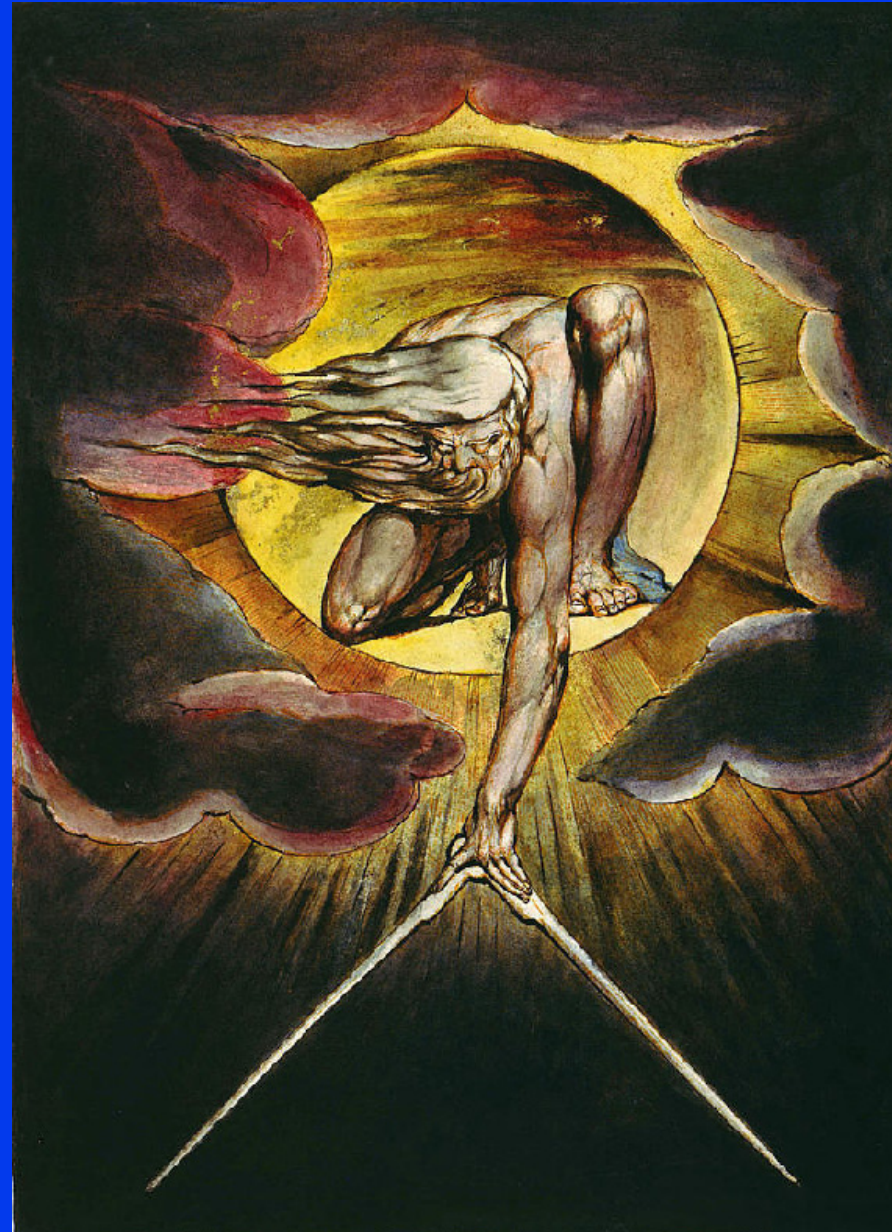

# Questions to Further Inquiry into Dismantling the Male God:

How do these required praises feed an Egoic Male God figure – demanding our worship – further feeding an egoic collective infection plaguing humans - who either consider themselves superior with power over others (blessed by this superior God) or feel they are inadequate, hoping they will gain salvation through obedience?

How are we Great, Wise, & Powerful - not to be better than others – rather to uplift & celebrate?

What Wonderful Things have YOU done – not for Glory and Might or because others would sing your praises - but because it was the most fulfilling, satisfying, heartfelt action YOU could take?

## Releasing Blocks to Invoking Magic Using our Voice

What distortions, limiting beliefs, cultural conditioning, ways of speaking are you ready to release - opening the space for greater magic to occur in your life?

We must verbally invite MAGIC into our lives and be willing to release anything that stands in the way of experiencing it.

Sing, Chant, Create an Invocation

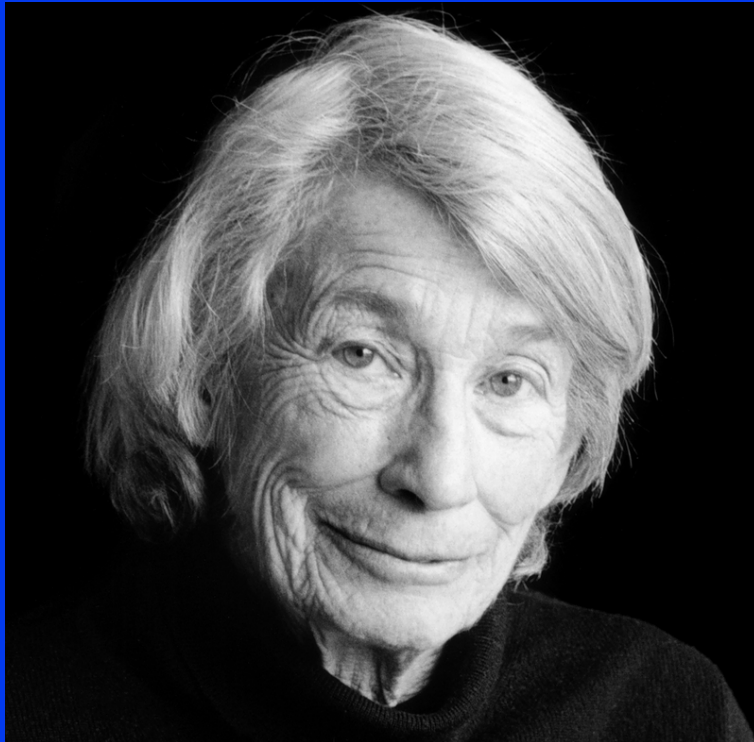

**Cayelin's Example:** I am Safe, Supported, Accepted, and Valued with Love and Joy

**Tami's Example:** I am Witnessed, Honored, Cherished and Loved for Speaking My Unique Truth
