Sekhmet is ALL about Power

Sekhmet's name, comes from Sekhem, an ancient Egyptian word meaning "*sacred power*" or sacred energy.

Sekhmet (a Solar Goddess) restores cosmic law (for Maat) and balance through the process of Divine Alchemy - transforming negative energy and returning it to its original Divine expression.

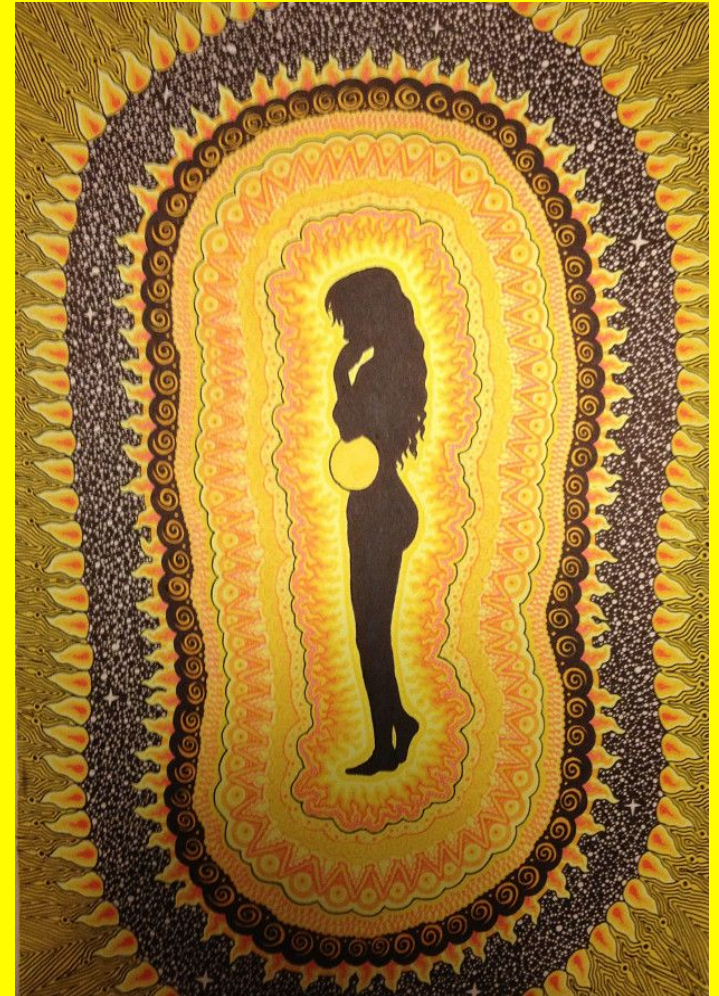

In ancient Egyptian times **the first step on the path of initiation to reclaim one's divine sovereignty and power** was to go before a priestess of Sekhmet - in essence standing before Sekhmet herself – to determine if the initiate was truly willing to let go of negative egoic patterns and step into their power from a place of integrity and humility.

It was important for the initiate to know that this journey was NOT about gaining personal power to rule over others but rather to stand in the strength and power of their divine essence as an inspiration to all those who were seeking healthy personal empowerment to fulfill their noble cause or purpose.

Anything in the way of healthy personal power would be encountered in this initiation

Libra Meta Goddess in Pisces at Third Chakra

Dates: April 2 to 21

This is when the Libra Goddess is surrendering all the ways she has abandoned herself to please and serve the needs of others while negating her personal Power and the Goddess Within.

We might feel the grief of our female ancestors for all the times when their compassion, love, and empathy was taken advantage of and perceived as weakness.

We can now release and clear any and all tendencies to invite into our personal field any who would disrupt, harm, or deplete us. We open to the healing and cleansing waters of Divine Love flowing through us to nourish first ourselves then overflow blessing all beings.

We now and ever more allow only transcendent beings of unconditional love and those whose energies harmonize and uplift our own - into our personal field.

Libra Meta Goddess in Aries Solar Plexus Chakra

Dates: April 21 to May 2

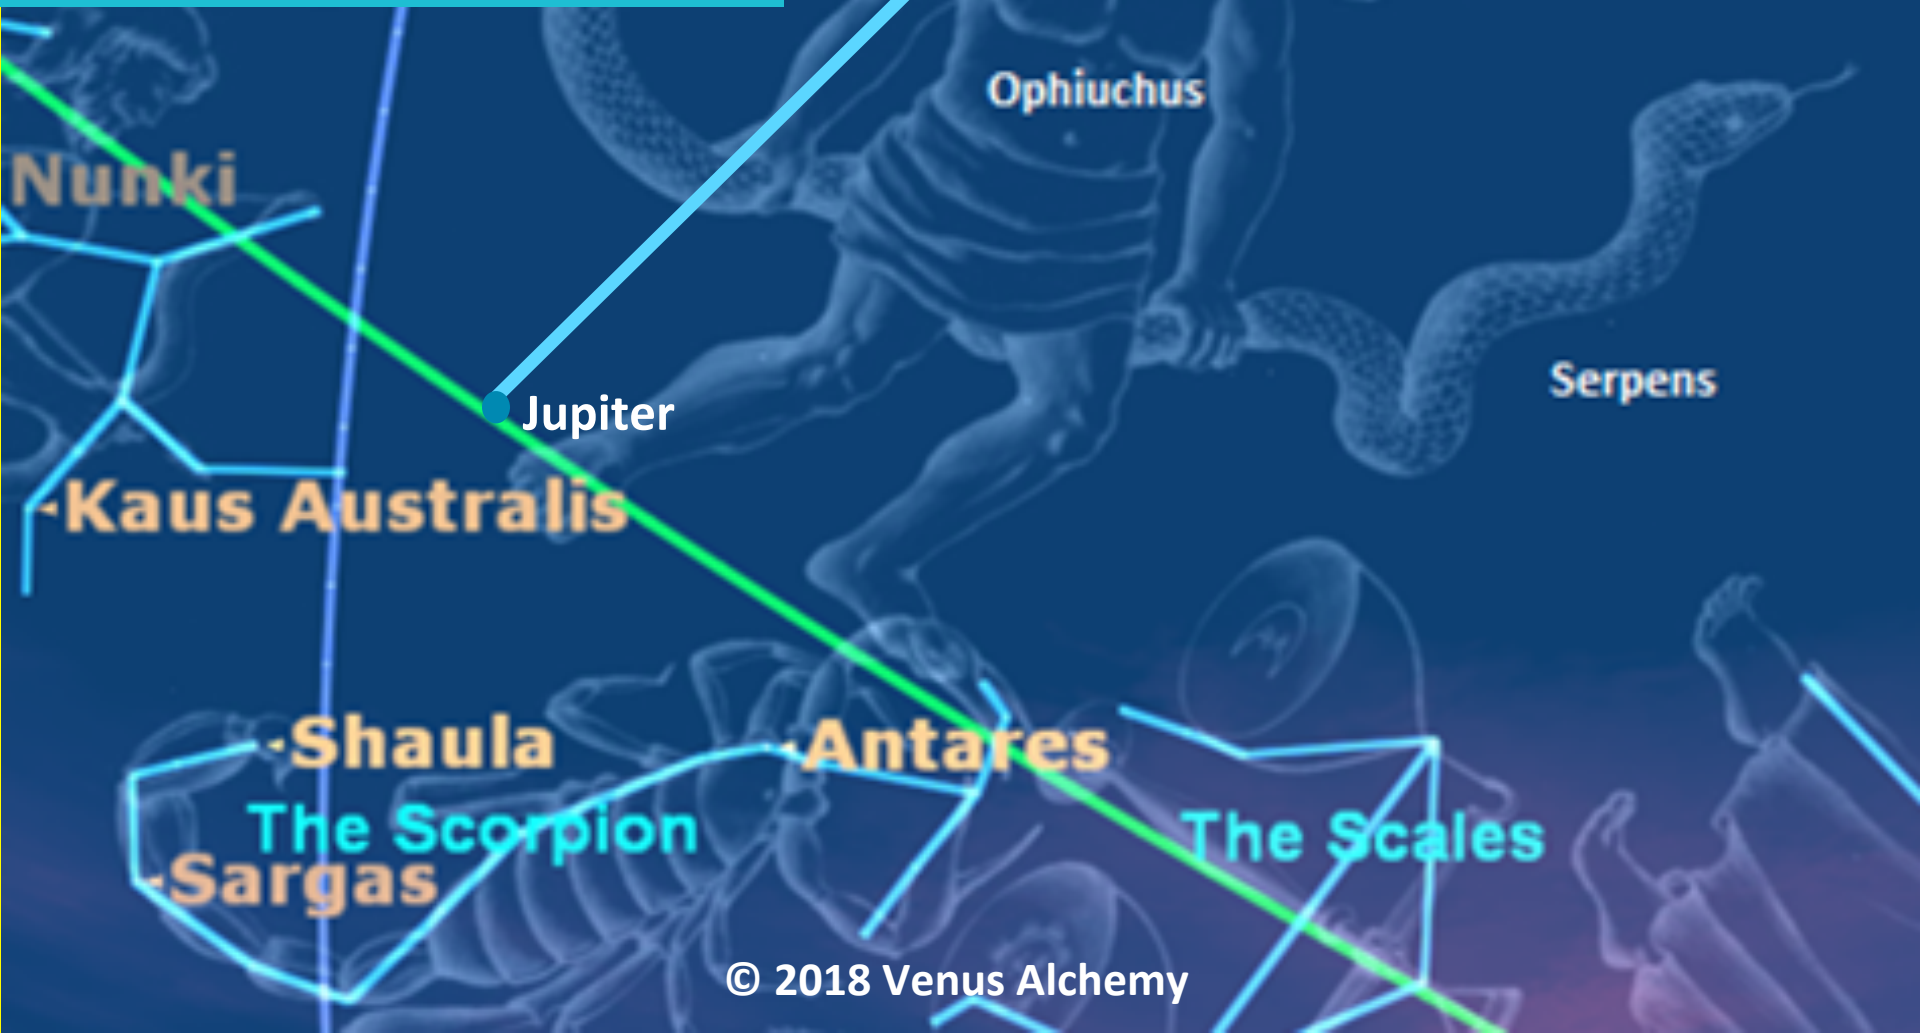

The Libra Meta Goddess is releasing all the ways she has hidden her true brightness, her strength, and her personal power so she would be loved, valued, and survive.

We might encounter in order to heal our own past experiences and those of our female ancestors where we were punished, banished, denied love and care because of our courage, strength, and light. **It is time to drop that now.**

As we clear all distortions blocking us from full engagement with our personal power, we open to relationships based in mutual respect, delight, joy and upliftment.

Reclaiming Ophiuchus as the Snake Goddess and the Divine Feminine Power of Healing

Snake Priestesses of Ancient Greece, Crete and other cultures have been around far longer than the masculine images of Ophiuchus and Aesclepius.

Many of these Priestess served as Oracles and Healers

Cayelin's Dream October 14, 2016

In the dream I picked up a wooden snake shaped staff about 4 feet long that was light and easy to hold up over my head.

I began chanting words in another language that I didn't know I knew, yet the words flowed naturally and easily. While chanting a shaft of bright light filled the staff conjuring the snake that lived within it.

In the dream I knew I had done this many times before. As the snake came alive in my hands I felt empowered and alive. Part of me was nervous, after all I was holding a live poisonous snake.

Reclaiming Ophiuchus as the Snake Goddess and the Divine Feminine Power of Healing

Cayelin's Dream Continued

I also felt calm, cool, collected and masterful.

I had a growing sense that I was activating high magic.

I somehow knew, from another life perhaps, this snake had given me and many others a drop of healing snake venom by gently piercing the skin.

This dream was so real I felt the snake moving in my hands as it brought its head around next to my left cheek giving me only one drop of venom – just the right amount for powerful alchemical healing.

I woke hearing these words repeating

I am the Serpent Bearer!

AND my entire physical body felt an intense, very alive, electric type energy with a strong sense of growing aliveness.

This dream was a remembering and a healing gift helping me remember the divine feminine serpent power within.

How are you releasing whatever holds you back from this kind of personal power?

Snake Medicine and the Solar Plexus Chakra

Tami's Sharing

I was born at the Solar Plexus Morning Star Venus Gate. Much of my life journey has been about claiming my personal power. Snakes have always opened that doorway for me.

Snakes have always been guides and teachers for me, from my childhood catching and playing with ringneck snakes, hognose snakes, speckled kingsnakes and brown water snakes (ouch, they bite!)

In my 20's I learned from a healer that a lifelong birthmark on my foot showed where in a past life as a Native American woman, I received a fatal rattlesnake bite.

Falling in Love with the Snake Goddess

Tami's Sharing Continued

My relationship with Sekhmet began for me in Albuquerque when I was invited into circle with a former priestess of Sekhmet's Temple in Nevada.

Cayelin, who was already connected to Sekhmet, was again dreaming of Sekhmet at this time. I had the inspiration for us to greet Morning Star Leo Venus at the Sekhmet Temple, and Cayelin had always wanted to go so we did.

I fell in love with the White Snake Goddess Hygeia who came to me in dreams and helped me heal and guard my womb during my healing crisis.

She led me to Ixchel, the Mayan Goddess of Women and the Moon. I made two pilgrimages to her sites at Cozumel and Isla Mujeres in this past year, as part of my healing following a hysterectomy.

Solar Plexus Snake Medicine

Tami's Sharing Continued: I was initiated into the snake mysteries through a powerful dream as I approached a Saturn cycle . I was struggling with love addiction in a relationship that distracted me from claiming my power.

One night, after I'd agreed to let him move in with me, I felt pain in my belly, as if a snake were curled inside. I fell asleep and in a dream, I was swinging two baskets, holding two rattlesnakes.

I dropped them both with a start, and one began to move quickly toward me and another toward my friend Diane.

Suddenly a red tailed hawk swept down from the sky and grabbed the one coming toward me pulled it into the sky and ripped its head off. I woke with a start to hear a Great Horned Owl hooting right beside my bedroom window. At that moment I gained the power and focus to end the relationship.

This month invite your dreams to EMPOWER you to let go of relationships or dynamics in relationship that are distracting you from claiming your full power

How Libra May Be at the Effect of the Doing Addiction:

- Addicted to doing whatever it takes to make a relationship work – being codependent
- People Pleasing on Overdrive
- Addicted to Only Doing things with others even if having to be subservient
- Similarly unable to go places or engage activities if they don't have someone to go with them
- Addicted to someone else's idea (could be family, parents, partner, culture, religion) of how to make relationships work

Libra benefits from remembering that healthy, conscious, co-creative collaboration with others is a powerful way to accomplish so much more than they ever could by themselves as long as they do NOT give up who they are to do so.

Challenges and Opportunities

Wounding for the feminine occurs when told the feminine (woman) is less than the masculine (man) so your feminine side must sacrifice for love and professional status.

- Do you abandon yourself to be loved by another? This can happen to both men and women.
- Mythically Sleeping Beauty is asleep to herself and can only be awakened by the kiss of a prince.
- Time to take back our feminine power and stop giving it away to a mythic Prince (or someone outside of us who might save us or help us feel complete).

Starting with empowered Self Love!

- The transformation must come from the inside out and not the outside in!
- Love yourself No Matter What
- Release judgment whenever possible

Relational Libra Goddess at the Solar Plexus Opportunities

Continued:

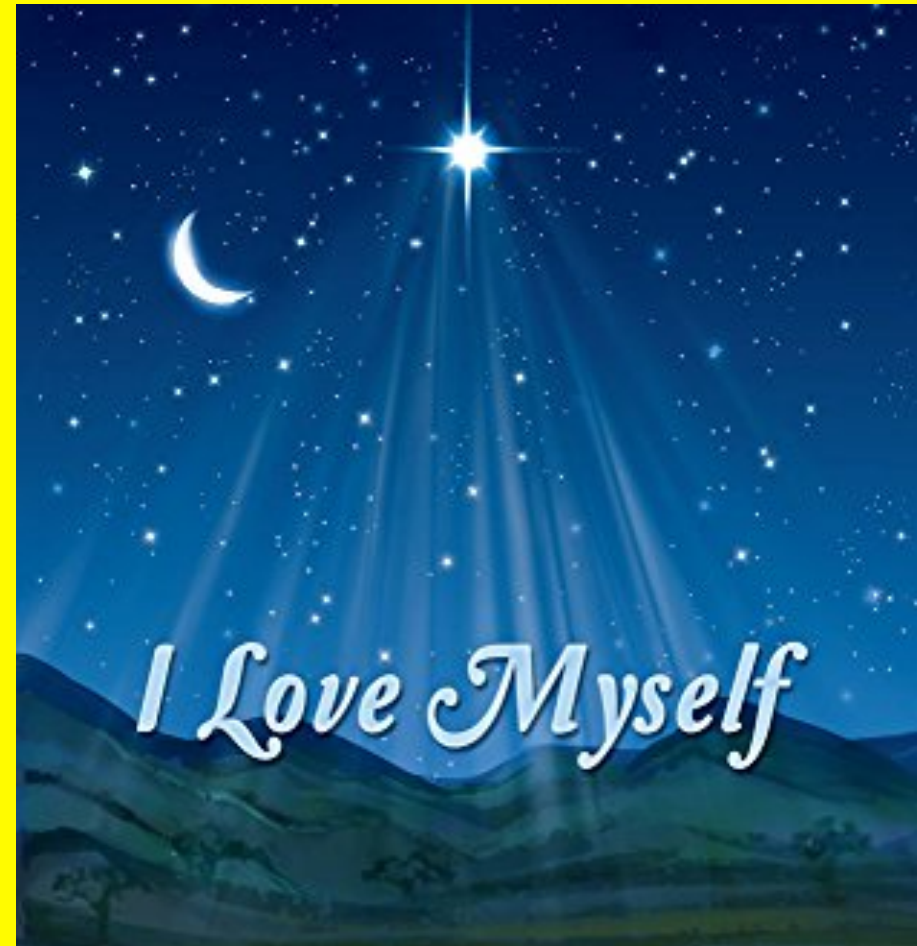

Release limiting beliefs and misconceptions at the root of negative behaviors, longings, desires, excuses, and coping mechanisms that hold you back.

Finding out who you are and what you like is an act of Self Love. Ask Yourself:

- Who I am I beyond what I have been conditioned to believe I should be?
- What do I like?
- What is My preference?
- What do I want?
- What Brings ME JOY?

Taking Care of Yourself is an Act of Self Love

- Healthy Living, Diet, Exercise Plenty of Rest
- Having Fun
- Spending time in Nature
- Spending time with those who love and accept you as you are and not who they want you to be

Violet Flame Invocation

Violet Flame Decree

I AM a Being of Violet Fire!

I AM the Purity I Desire!

Or another version

I AM a Being of Violet Fire!

I AM the Love the Light Inspires!

- Go to a quiet place where you will not be disturbed
- Ground and Center, Call in Spiritual Protection (Sekhmet, Durga, Archangel Michael are good!)
- Repeat the decree with love, devotion and feeling, start with 3 to 9 repetitions, build up to 36, 72, or even 144 repetitions. © 2018 Venus Alchemy

Close eyes while stating decree, concentrate on visualizing the violet flame filling and surrounding you. OR see yourself in front of a large violet bonfire, around 9 feet high and 6 feet wide.

Imagine the flames pulsing and undulating with shades of violet, purple and pink. Imagine stepping into the flames where you are cleansed and transformed. You can also place any situation or person within the Violet Fire for transmutation. Call on the angels of the Violet flame to cleanse and purify your home creating an energy field of protection.

Questions for Libra at the Solar Plexus Chakra

- *What Interactions, Relationships, ways of communicating with others drain my Power? What would it take to release them?*
- *What interactions, thoughts, relationships empower me? How can I increase their frequency and presence in my life?*
- *What would it take for me to let go of any habits or patterns where I am rejecting myself or parts of myself especially to be in relationship with another person? How can I choose to celebrate daily my magnificently imperfect Self?*
- *What situations trigger a fear-based reaction rather than a love-rooted response? What would it take to source my actions from love more and more each day?*

How It Feels to Say Yes

Snake Dreaming Medicine

This month invite snake medicine to infuse your dreaming, opening you to your full personal power.

You might wish to put images of snake on your Venus Altar, including Goddesses carrying snake medicine including the Cretan Snake Goddess, Ixchel, Sekhmet, and Wadjet.

You might visit snake in a zoo or pet store and spend time with them. You might sketch snakes and move your body as a snake does.

You might also put your belly on the ground as snake once told Tami to do, to heal.

How do you feel moved to engage snake energy in your life this month?

Clearing Blocks to Relational Sovereignty

The Libra MetaGoddess with a Balanced Solar Plexus Chakra models relational sovereignty or being “whole unto herself” having a strong sense of inner mastery or authority that is not dependent on what others think.

In a dominator culture there is constant pressure to give our sovereignty over to others starting with our parents, teachers, bosses, partners and spiritual gurus.

Where have you relinquished or given away your sovereignty and knowing to others? What would it take for you to claim it along with your inner divine authority to live your life from the wholeness and power that is within you?

© 2018 Venus Alchemy

This is a powerful time to practice standing in our sovereignty and seeing how it feels to take radical responsibility for our lives. Our happiness, aliveness, and satisfaction are dependent on no one but ourselves as we choose to act boldly and decisively in pursuit of our dreams, our visions, and our higher purpose.

Enveloped by the divine light of love – there is nothing I could ever think, say, do or feel that would diminish my divine essence – unless I take it away from myself. Even then, the experience of no longer being divine is only an illusion based on a false belief. However, beliefs do affect our experience of reality – so what I believe is true is what I will experience in my reality. I begin Forgiving the Unforgivable within ME.
