# Libra Blocks around Creative Expression

- *What if I never create new healthier patterns in relationships?*
- *What if I am never able to cultivate my innate gifts, skills and talents because I focus all of my attention and energy on other people and relationship tending?*
- *What if when I develop my creative talents and skills it threatens others' egos or causes them to be envious of me or not like me?*

# Libra Blocks Around Pleasure, Intimacy, Money

- I'm so focused on processing the relationship I don't know how to drop into my body and surrender to pleasure

## Intimacy

- I bend over backwards to please you - but I can't tell you what I want
- I get so caught up in the role of "good partner/people pleaser" I forget to develop my own interests or stand my ground in conflicts
- I've never been fully met before so I don't believe it is possible for me

## Money

- I don't want to charge enough for my services--let's just do trades or gifting economy even though I'm totally broke and in debt!
- I'm so busy taking care of the relationship I don't consider my financial future

# Libra Questions around Intimacy

*What does the Libra Feminine experience of healthy pleasure and intimacy look and feel like?*

*How might wounded Libra block pleasure, intimacy, sexual aliveness? Consider the wounds coming from being considered property rather than an equal partner. What other reasons might there be around this?*

*How might you engage healthy feminine Libra to heal these blocks?*

*How does this serve Libra values of equal, conscious, collaborative relationship?*

# Questions for Libra at the Sacral Chakra

*What would it take to stop trying to manage and process everything about my relationship and instead drop into my sensual nature connecting beyond words?*

*Where has my painful relational history left me feeling hopeless about ever being completely met and how can I heal this belief for a new outcome?*

*Where are my fixed ideas about how relationships SHOULD look blocking me from opening to new experiences in love and intimacy?*

*Do I believe it is possible for me to be in joyful partnership while also contributing my gifts? If not, what would it take to embrace this possibility?*

# Libra Meta Goddess in Aries at the Sacral Chakra

**DATES: May 2 to 15, 2019**

Aries Venus at this gate is “all in” for clearing and releasing barriers to sensual, sexual pleasure in her closest bonds.

She may encounter areas where she has lost intimacy with her core self because she has been in relational over caretaking. She may grieve where she has neglected developing her talents due to fragmented attention from focusing on the needs of everyone else and forgetting herself.

This month is about dropping into full sensual lovership with OURSELVES and our creativity first. Then this naturally overflows into deeply pleasurable relationships with our beloveds!

# Libra Meta Goddess in Taurus at the Sacral Chakra

**Dates: May 15 to June 1**

Venus in Taurus at the Sacral Chakra is allowing ALL limitations to deeply intimate, pleasure filled partnership to fall away.

We may first encounter our personal or ancestral grief over relationships where our sexual authenticity was stifled by trying to Fit some “ideal” image of wife and partner.

We might also face and heal shutdown around sensuality caused by betrayal and painful relationship dynamics that broke our trust and destroyed intimacy.

This month we joyfully alchemize old intimacy wounds into the gift of full-bodied, multilayered experiences of love, sensual pleasure and ecstatic bliss within the context of partnership with other AND through self pleasuring!

## Self Pleasure Practice

**Write 20-100 Things that Bring You Deep Pleasure** in your Venus Journal. For a week (or longer), commit to doing one of these things each day.

Identify and track any resistance holding you back from engaging these practices or completely immersing yourself in them. Allow your growing awareness to support you in releasing blocks and receiving more pleasure in your life!

**AND/OR At The End of Each Day Track in Your Venus Journal** where you experienced pleasure and intimacy. Pay attention to how you responded to these moments...did you allow yourself to completely drop into the experience? Or did you block or cut it off because it made you uncomfortable? If you blocked the experience then what will it take to move past the discomfort?
