Bless Us With Your Guidance and Wisdom,
in transforming any remaining limiting beliefs around the challenges of Hierarchical Relating
So even when we are in roles of either teaching or being taught, of guiding or being guided,
of helping or being helped, of initiating or being initiated, of inspiring or being inspired
We know our value is never more or less than anyone else

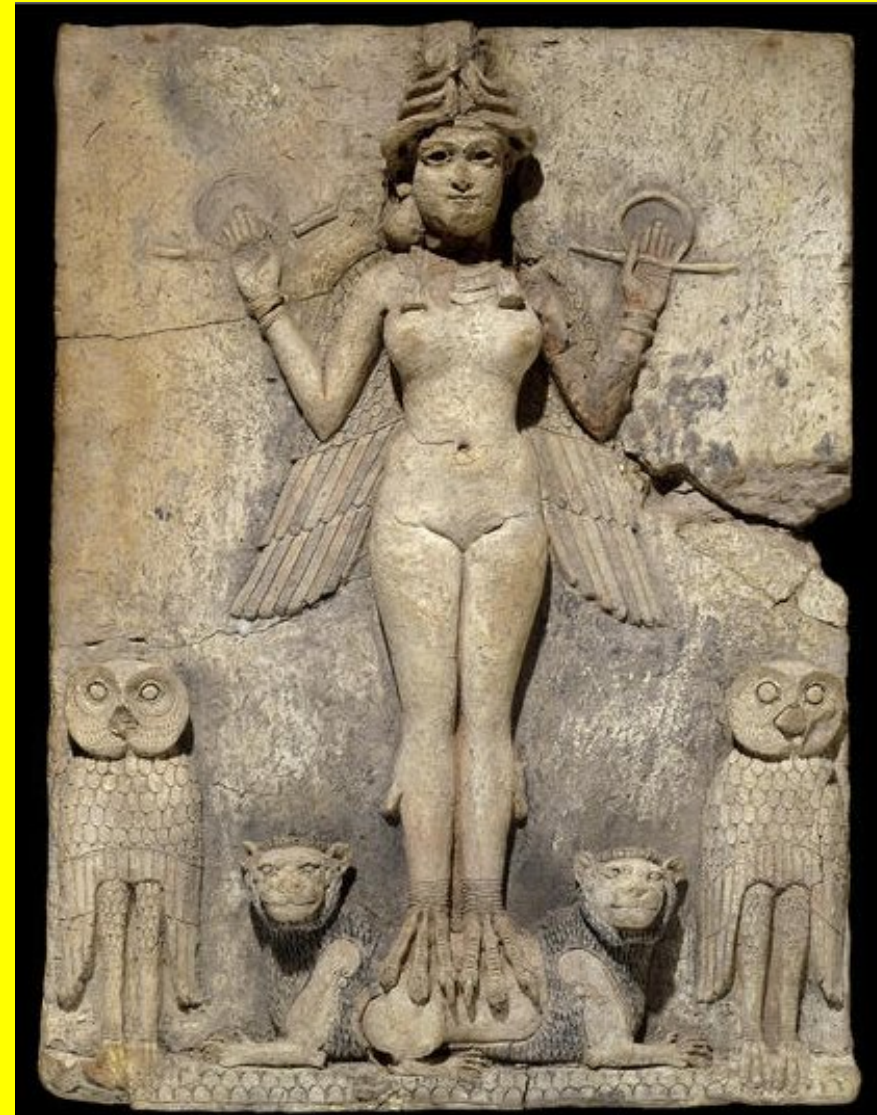

Help us to See that every relationship we encounter - no matter how brief or challenging or
wonderful - is a mirror reflecting what is within us.

Help us to know and experience the magic of seeing who we are through the eyes of another
So that we live in relational peace and balance from the inside out

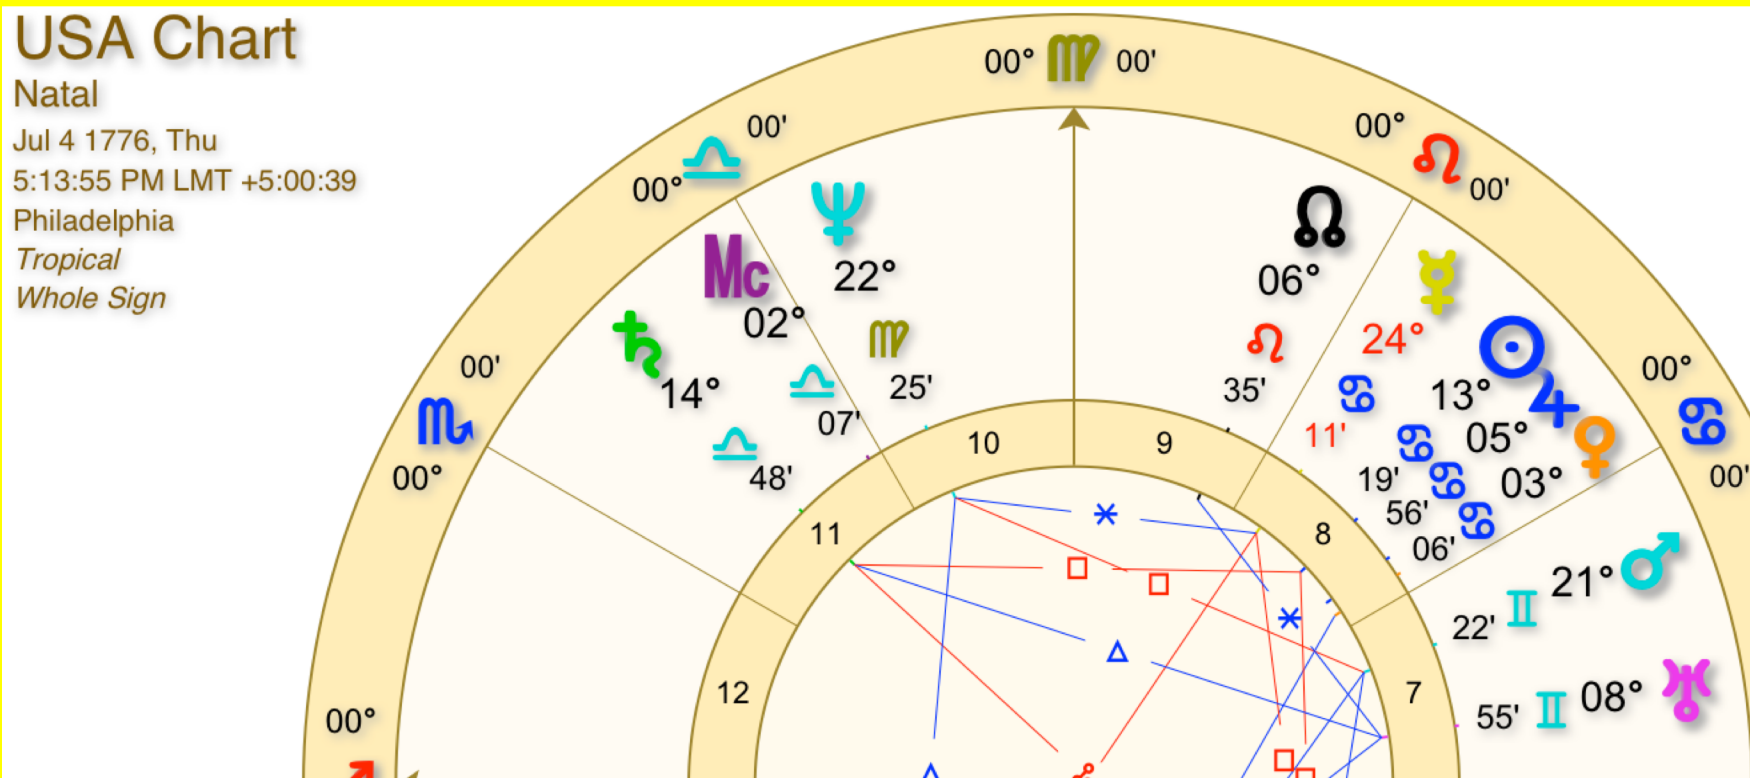

Venus Alchemy Ceremonial Inanna Journey

- An Initiatory Journeys in REAL TIME through the entire 584 ½ day Venus Cycle, guided by the Sumerian telling of the Inanna Descent
- The Inanna Descent Story - dating before Gilgamesh - is a literal description of how Venus moves through the sky
- It is a myth with massive implications for our current time
- Describes the collective descent and renewal into and out of patriarchal culture
- And our personal initiatory death rebirth processes as orchestrated by the Divine Feminine

Why This Libra Venus Cycle Is Special

- This is about restructuring our Culture that was activated during the Aries Cycle. This is about moving toward greater Cooperation and Collaboration with others.
- This is the FIRST Venus in Libra Cycle in 155 years and Libra is the Meta Goddess of the USA chart with Venus in the Sign of Cancer

Hekate Bridges Scorpio Libra

A Relational Goddess Of Mystery and Magic.

She is a dark goddess guiding us to and from the underworld.

She is found in the between places, the crossroads, at endings and beginnings. Ending old ways of relating and beginning new healthier ways of relating.

She guides our relationship to

The Underworld (initiation through death and rebirth)

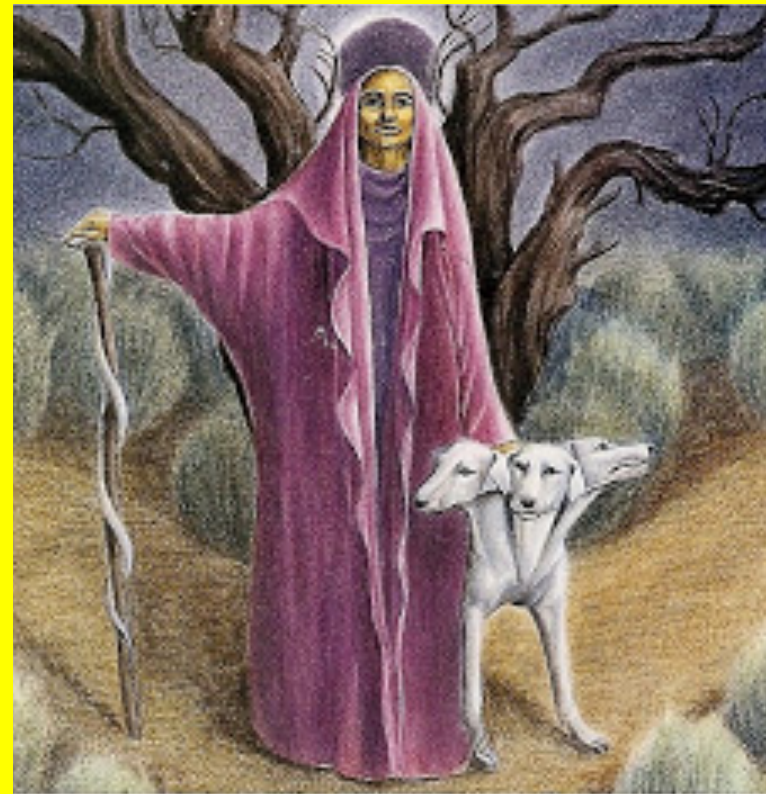

The Middle World (where we experience this life)

The Celestial World (initiation beyond the middle world, inspired vision, freedom, big picture)

As a Middle World Guide she connects with us in ***the between*** or Liminal Realm (on both sides of any threshold, boundary or between the worlds place)

- between the living and the dead,
- between the light and the dark,
- between stuck and transformed etc.
- between self and other or others

HEKATE
CROSSROADS

Hekate as a Relational Guide

- Hekate reminds us relationships are liminal co-creations between two or more people.
- Each relationship is its own energetic entity or expression – separate from and also connected to each involved.
- Healthy relationships – something the ancients referred to as true love – lead to soul growth and evolution.

Hekate is a divine relationship counselor/mediator

- between realms, between people, between experiences, between us and nature, between challenges that lead to gifts and opportunities.
- Ask Hekate for help in mending damaged relationships and enhancing any relationships you desire to grow.

Parvati as Relational Goddess

Parvati is a Goddess of relatedness. When you tune into Parvati you tune into your own longing for sacred partnership. ~Sally Kempton

Parvati awakens the Great God Shiva from a deep meditative state of ultimate “spiritual bypass” and rejection of the material realm.

Their love story begins with Parvati as a classic co-dependent Libra maiden smitten by Shiva, gazing at him in wonder.

She consecrates the Sacred Marriage, when she steps into her full power by devoting herself to her own spiritual realization, fueled by love.

She demonstrates the new Libra Goddess capable of deepest states of intimacy with her beloved as well as dedication to fully cultivating herself as a sovereign being.

Lakshmi Love Goddess of Abundance and Good Fortune

Bestower of intelligence and success,
O Goddess,
giver of worldly enjoyment and liberation...
Goddess Mahalakshmi, I bow to you.
~Mahalakshmi Ashtakam Stanza 8

Sri Aurobindo says:

*Lakshmi throws the spell of the intoxicating sweetness
of the divine: to be close to her is a profound happiness
and to feel her within the heart is to make existence a
rapture and marvel;*

*grace and charm and tenderness flow from her like a
light from the Sun*

*and where she fixes her wonderful gaze or lets fall the
loveliness of her smile,*

*the soul is seized and made captive and plunged in the
depths of an **unfathomable Bliss!***

Shri Maha Lakshmi

*Shri means auspicious,
Maha means Great*

Lakshmi is the goddess of:

- radiant light, love, kindness
physical health and well-being
- beauty (both inner and outer)
- sustainable good fortune and wealth
preserving and nurturing all life.

Lakshmi brings good luck to those who live these qualities and are therefore worthy of her blessings.

Those who pray to Lakshmi for material success only and are lazy, greedy, selfish and mean - only desiring her wealth - do NOT experience her blessings.

What Lakshmi gives is always herself.

~Sally Kempton ***Awakening Shakti***

Lakshmi rises into this world on a lotus dressed in radiant splendor.

- She observes all that is around her
- She noticed the Devas and Asuras desire to claim her as theirs. They wanted her for the wealth she could provide.
- Lakshmi wanted to be understood and loved for who she was ~ not possessed for what she had.
- When she sees Shri Hari Vishnu she saw he did not want to control her. He wanted to love her purely for who she was.
- Lakshmi then placed a garland around his neck and he welcomed the gesture and embraced her - acknowledging Lakshmi as wife.
- Flowers rained from the sky and the hearts of everyone bloomed.

The marriage of Lakshmi (prosperity)
and Vishnu (preserver)

Louise Hay as Relational Sourcer-ess

- She had Sun, Venus and Mercury in Libra, Moon in Scorpio
- Abused and violated as a child
- Betrayal in marriage as a young woman
- Empowerment as the relational “sourceress” through her middle and later years.
-
- In her book *“Life! Reflections of the Journey,”* is a manifesto for the Libra Goddess in each of us, healing patterns of co-dependency and stepping into self love and empowerment.

“I now choose to eliminate from my mind and life every negative, destructive, fearful idea and thought that would keep me from being the magnificent woman that I am meant to be. I now stand up on my own two feet and support myself and think for myself. I give myself what I need. It is safe for me to grow. The more I fulfill myself the more people love me. I join the ranks for women healing other women. I am a blessing to the planet. My future is bright and beautiful. And so it is!” ~Louise Hay

Everything in your life, every experience, every relationship is a mirror of the mental pattern that is going on inside of you.

— Louise Hay —

AZ QUOTES

Jimmy Carter

Ascendant and Sun in Libra showing how men can also embody the medicine of the Relational Feminine.

- During the Civil Rights movement as a southern politician he drew criticism for his stance against segregation.
- As president of the United States he modeled the relational principal of Earth Care, promoting the most progressive policies supporting renewable energy of any president before or after.
- After his presidency he has acted as a diplomat and peacemaker bridging the divide between fundamentalist religion and progressive Christianity
- seeking justice and peace for the people of Palestine working tirelessly to foster conditions of abundance and wellbeing for all people across the globe nurturing a culture of global peace.
- He has sustained a seventy-three-year marriage with his wife, Rosalynn

We will not learn to live together in peace by killing each other's children. ~Jimmy Carter

Jigonhsasee: Mother of Nations

Jigonhsasee is an important figure in the oral histories of the Iroquois people embodying the fully realized Libra Goddess as Peacemaker and Diplomat

- The Iroquois Confederacy's Founding was preceded by an age of violence and imbalance much like our own
- Jigonhsasee's home was a neutral zone at the crossroads of five warring tribes
- She resolved disputes and selected leaders
- She was seen as the first Clan Mother (Grandmother) in the Iroquois Confederacy
- She was a co-founder, with The Great Peacemaker and Hiawatha, of the Haudenosaunee (Iroquois) Confederacy and the Great Law of Peace

Jigonhsasee asks:

- *How can we create a space of neutrality where the warring nations within us can find peaceful ground and resolution?*
- *How can we extend this peaceful ground beyond ourselves, creating an environment of inclusivity and care for the battle-weary warriors among us to rest and find peace?*

Rising Into Inner Peace

Relating to our Inner Self

Finding Peace within is essential before we can experience it without.

Our natural state is Peace – we have simply forgotten this truth.

Peace occurs when healthy love (of self and others) expands.

Peace is always present in us and in nature when we open to remember.

Connecting with Peace is about listening to our inner knowing (or inner silence) at the heart of who we are - or our true nature.

**When the power of love overcomes
the love of power the world will know peace.**

~Jimi Hendrix

***I used to think I was
introverted because I
really liked being alone,
but it turns out that I
just like being at peace,
and I am very
extroverted around
people who bring me
peace.***
