# Libra Meta Goddess in Aries at the Third Eye Chakra: Feb 27 to March 4

We ignite our courage to see clearly what is out of balance in our relationship to ourselves, others and our Earth, and we act decisively to restore the balance within and without.

We are bold visionaries and pioneers forging a new pathway into relationships of highest vibrational alignment with the New Earth.

We are the eyes and inner vision of the Relational Goddess opening to a vibrant and detailed vision of what is possible as we fully renew and transform our relationships now fueled by love, releasing all habits and patterns of fear-based relating.

We remember through use of our intuition, visioning abilities and dream insight, our true purpose - why we have incarnated at this time, and we move forward empowered with the knowledge and right use of our magic and manifestation abilities, showing up ALL IN for our place in the great unfoldment.

## **Libra Meta Goddess in Taurus at the Third Eye Chakra March 4 to March 27**

Our intuition and visionary abilities deepen as we move into the body, into the present moment and ask: what world do I create within and around myself when I choose this present moment, this breath, this body, this experience?

How do my relationships sweeten and merge into harmony as I acknowledge the truth that lives within my body - completely receiving the moment that is now, the truth of my current relationships and all they offer me?

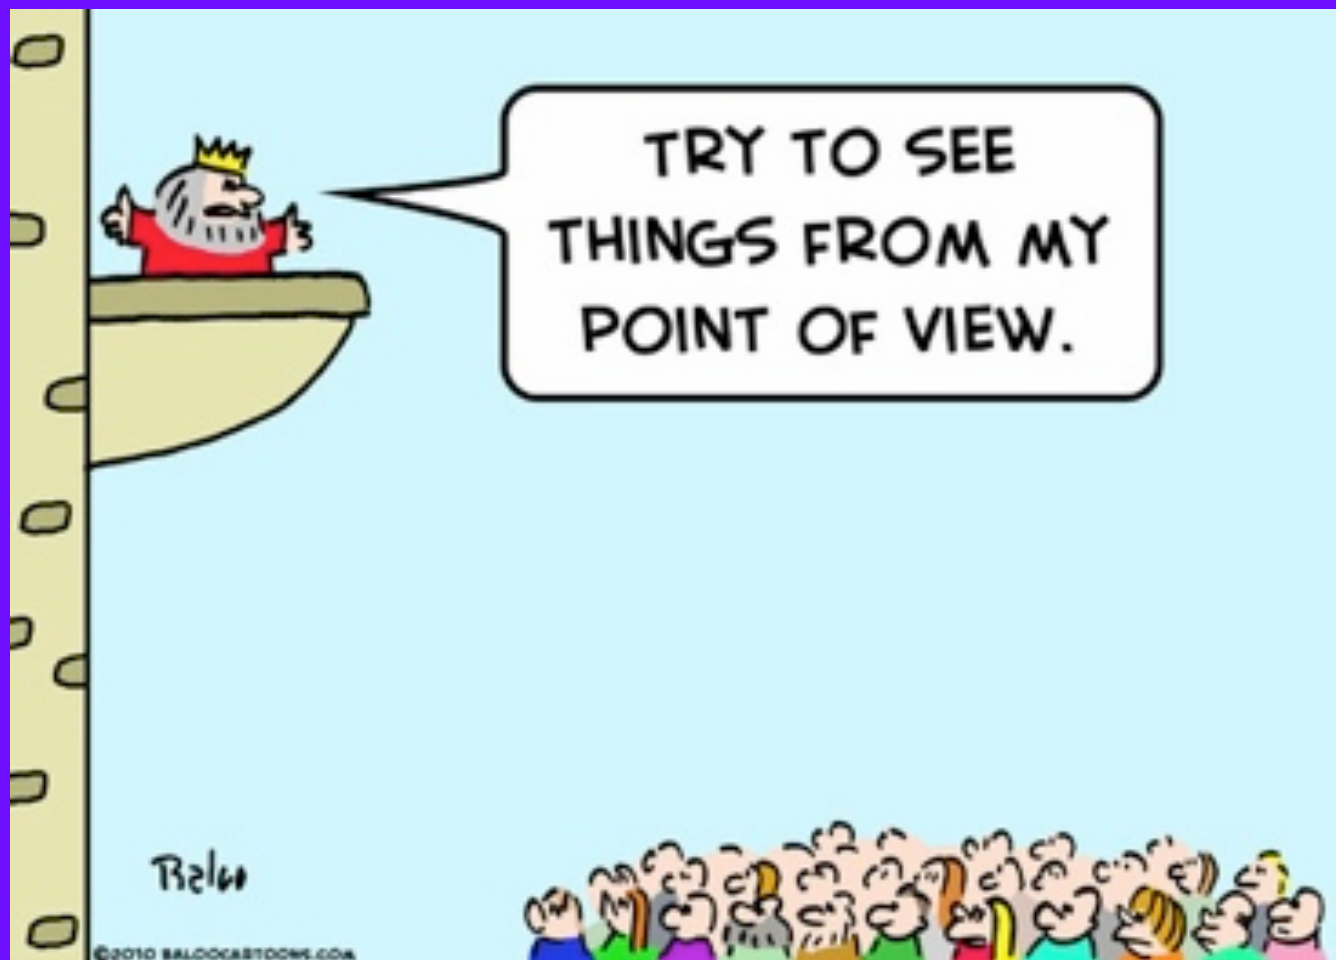

# The Libran Community Goose Story

Geese fly in “V” formation because:

- As each bird flaps its wings, it creates an uplift for the bird immediately following.
- By flying in a “V” formation, the whole flock adds at least 71% more flying range than if each bird flew on its own.
- ***People sharing a common direction and sense of community can get where they are going more quickly and easily because they are traveling on the thrust of one another.***
- When a goose falls out of formation, it suddenly feels the drag and resistance of trying to go it alone ... and quickly gets back into formation to take advantage of the lifting power of the group.
- ***If we have goose sense then we stay in formation with those who are headed the same direction we are.***

## 3<sup>rd</sup> Eye Chakra Perspective Shift

What if we focused our attention on imaging we are enough just as we are, that we have already accomplished enough, done enough, and each everyone one of is amazing and magical simply because we are?

## Claiming and Cultivating Magic

Magic is a perpetual permanent presence we are reclaiming.

We are not separate from Magic – we live within it.

Separation has occurred as a result of cultural conditioning – patriarchy has worked to stamp out magic replacing it with the belief that humans were designated by God to rule over nature.

## Every part of the Earth is Sacred...

...Most especially in the liminal spaces and portals providing access to other dimensions & perceptions of reality

Magic is within every part of our world when we know how, or are willing, to see it.

The Circle or Spiral of life is Magical - where we encounter a continuous turning and returning through all perspectives and possibilities within the whole of life.

Cultivate your relationship with magic by welcoming **the mysterious, the magical, the miraculous** into your life.

# Practices for Energizing Magic

Create your own sacred space in nature

Find a place you can connect with the stars

Could be your back yard, a near by local, state or national park.

Know your electro magnetic energy interacting with the Earth is what amplifies the sacredness of the place you choose.

Honor, revere, respect, connect with that space on a regular basis.

Construct a circle of stones or cairn mound and fill it with your loving intentions

Engage it often, bring offerings, say prayers, sing songs to the spirits of the land, to the trees, plants and animals, to all that is seen and unseen.

## Transforming Vision for Your Relationships Practice

Move into a right brain/intuitive state through use of meditation techniques, essential oils, music, or other means.

- Open to clearly see a relationship dynamic in your life that is ripe for total transformation – that will have the greatest positive impact on your life right now (with self, other, Source, etc.)
- Open to receive this energetic shift/insight/practice as a powerful way to completely transform this relationship dynamic
- Open to see, feel and know that embodying these changes along with changing your relational mode of operating in the world is empowered, clarified and energized by this change.
- Move through your day operating as if this transformation has occurred.

**Repeat this exercise frequently to hone your intuition and transform your relationships!**
