Libra Meta Goddess at the Crown Chakra in Taurus

March 28 to April 3

We are claiming a direct connection to our Divinity and making a final release of any and all beliefs that our needs flow to us through anything other than Ultimate Source.

We embody the truth that we ALWAYS and in ALL WAYS have access to a wellspring of unlimited abundance, spiritual truth, energy, inspiration, and vision.

We receive fully the deliciousness of intimacy and bliss flowing to us now through the wholly consecrated marriage between our human selves and the God/Goddess indwelling Presence.

All of our relationships—with self as well as beloved others and the Earth herself are blessed as we open to fully receive the love, the ecstasy, the pleasure ALWAYS available to us as we connect to Universal Sources of Grace and Love.

Libra Meta Goddess at the Crown Chakra in Gemini April 3 to 26

As we enter the completion phases of our Venus in Libra Cycle, we embrace Play, Joy, Magic and our Multidimensional Nature as keys to open us to boundless sources of Spiritual Light, Grace, Love and Joy.

We claim our sovereignty and delight as relational beings attaining spiritual enlightenment by unwinding and laughing in the face of...any and all old patriarchal narratives That have chained us and distance us from the magical perceptions, cosmologies and lifeways known by our indigenous ancestors.

We are embracing Gaia and the Universe as the New Earth Playground – reconnecting with our fellow creatures, plants, star beings, land spirits and more-than-human intelligences of Earth and Sky, knowing we are always connected to Sources of Love and Fun from our Roots in Land and Heaven.

Lady Liberty

Modeled after the Roman Goddess Libertas

Liberty Defined:

- Action Chosen Not Forced
- Author of Your Own Way Life
- Free To Choose How You Live
As Long As You Do No Harm to Others

The broken chains around her feet
symbolize breaking the chains of
Bondage, Oppression and Tyranny and
with her foot extended forward she is
moving on!

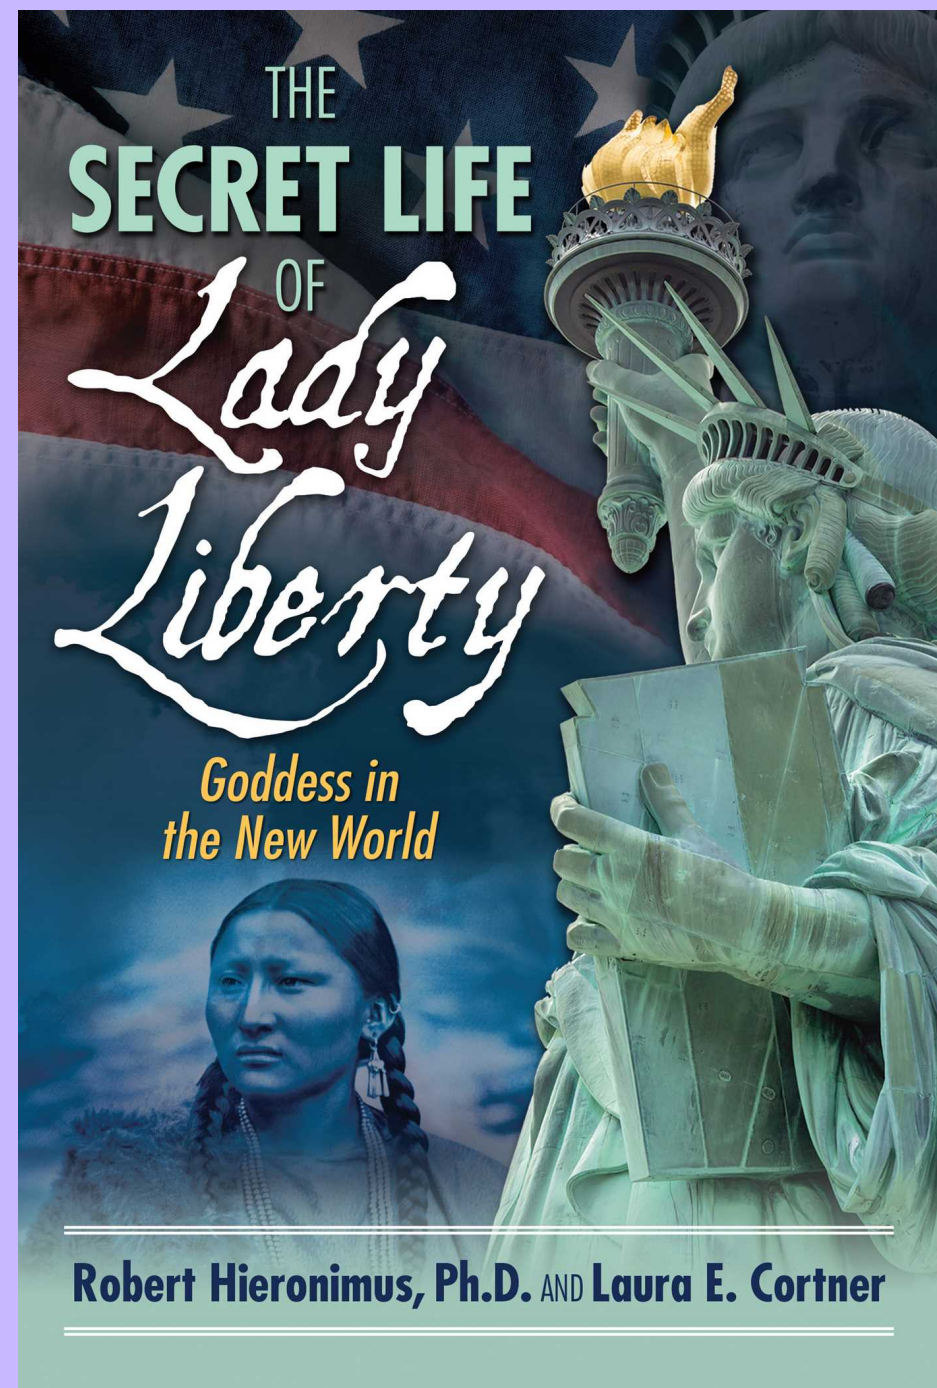

Lady Liberty Enlightening the World

(the original name for the Statue of Liberty)

She is a Light Bearer

- Holding the Light of Knowledge, Wisdom and Freedom in her Hand
- She Reminds us it is through Self-Awareness we are liberated and connected to our Divinity
- She Holds the Book of Knowledge
- The Book is in Shape of Keystone reminding us Knowledge and Wisdom are Powerful Keys to our Liberation
- The Seven Rays in Her Crown, along with connecting to the 7 chakras represent New Ideas and the Freedom to think and express ourselves

Using Light For Healing and Uplifting

We Can Send Divine Light and Love To:

- Our physical bodies for healing
- A situation we are challenged by
- A pattern, habit or addiction we want to transform
- A relationship we are struggling with
- An individual who is struggling or sick
- A situation in the world that concerns you
- The Earth for Her Rejuvenation and Healing

How to Do It

- Set Sacred Space: In a quiet space light a candle, incense or smudge, Call In Directions, Helping Spirits
- Bring Light into Your Body Through your Crown Chakra into your whole body finally centering your attention and energy in your Heart Chakra
- Ask for permission if sending light to a person or group

Don't Always Substitute Sending Energy for Physical Connection - Your Human Self Needs BOTH!

Home Play for Libra at the Crown Chakra

Remembering True Source

Take a long walk in a wild place - as wild as you can find - a city park is fine. Meander. Take time to touch the trees, the plants, smell the soil, speak with the visible and invisible family members you find there.

Put your body on the Earth - go barefoot, lie on your belly, or sit back against a tree. Now tune into the invisible beings all around you including the insects, the mycorrhizal fungi, the intelligence of Gaia in all the ways she comes alive.

Now feel the top of your head stirring and the soles of your feet as well as the root near your perineum also coming alive, vibrating and opening.

Open your Crown, your Root and the Foot Chakras to the Life beneath and above you - drink in the essences of life and make an offering of all you have been holding that is needing to be fed to the Heart of the Earth or the Heart of the Galaxy. Reconnect to Source through All Your Relations. Know you are Whole. Know you have access to unlimited sources of strength.

Self Love List

Write a list of things you love about yourself. Consider all layers - body, spirit, emotions, relationships, work, etc. Be specific and detailed as possible. Read your list out loud daily. **I love my willingness to learn how to love myself more deeply. I love my courage and commitment to practice loving myself even when I am feeling self-judgment. I love myself for my commitment to healthy daily practices so I feel better every day increasing my capacity to love myself even more. (more in home play doc)**

Create Your Own Coronation Oath

Create a personal coronation oath claiming your divine authority. Placing a crown (or something that represents a crown) on your head say out loud: ***I claim my authority as a sovereign being in charge of my own destiny. I am committed to furthering all my relationships first with myself and then from that place of sovereign wholeness I consciously choose to enter into healthy, fun relationships with others. (more in home play doc)***

Bless your World

Cultivate a daily blessing practice, actively praying for or blessing your self, your living space, your community, the land - whatever you feel, as above, is your domain and in your sphere of influence. **Example:** I love and bless myself with pure love and light and pure source energy. I love and bless ***_add whatever works for you: myself, my home, my family, my community_*** with pure love and light and pure source energy.
