## **Human, Divine, Earth and Sky Based Relationships**

How can I more consciously embrace my inner relationship with my Human/Divine self?

What would it take to deepen my relationship to magic?

What would it take for me to deepen my relationship to the spirits of the land where I live?

What would it take for me to deepen my relationship to my ancestral bloodline and soul lineage?

# Libra Meta Goddess at the 8<sup>th</sup> Gate Home Play

Take time in your Venus Journal to explore the most challenging relationship dynamics that have emerged over the course of the Venus in Libra Cycle.

Creatively explore these themes as if they have played out in a very dramatic form in previous lifetimes—who have you been, as if a character in a historic novel, and who were the individuals from your current life in past lifetimes? What played out in the past that is still playing out now?

Re-enter one or more dramatic scenes from these past life dramas (one that reflects the most chronic current challenge) as yourself, offering healing support and resolution in some form, through your own actions as well as Divine intervention.

Observe how the dynamics in your current life shift as a result, holding strong intention that you have effectively healed and cleared karmic relationship dynamics once and for all.
