Aldebaran (Eye of the Bull (Was the Spring Equinox)) One of 4 Royal Stars/Watcher of the North

Regulus (Heart of the Lion) Watcher of the North (was the Summer Solstice)

5000 years ago the Persians viewed the 4 Royal stars as guardians of the 4 quadrants of the sky related to the 4 seasons. They looked upon these stars for guidance in scientific calculations of their calendar, lunar/solar cycles, and for predictions about the future.

The Royal Stars were used for navigation and when prominent signaled important events, disasters, breakthroughs, discoveries etc.

Questions for Our Gemini Venus Cycle

June 9, 2020 to January 12 2022

Meta Questions to Meditate on for 2020-2021 as we make choices and Tell a New Earth Story Together:

- *Is the World I am creating fun (does my inner child like it?)*
- *How am I using my creative imagination to make the impossible possible?*
- *How am I accessing (or what would it take to access) my multidimensional brilliance, my inner alchemist and magician?*
- *What would it take for me to know when it is necessary to BREAK THE OLD RULES and create my own guidelines?*
- *How fun would it be for me to collectively leap beyond polarity and duality into INFINITE POSSIBILITY and Unity Consciousness?*

Affirmation: *I now create fertile networks of co-conspirators in the Grand Game of Re-worlding and co-creating the New Earth Playground!*

Five Goddess Archetypes on the World Stage Through the Gemini Venus Cycle

Gemini embodies the wisdom statement: “We Each Contain Multitudes.”

There are far more than five unique Feminine archetypes animating our inner and outer worlds during the Venus in Gemini Cycle, including:

- The Creative Muse
- Master Networker
- Psychopomp
- Trickster/ Heyoka
- Rainbow Goddess
- Magical Child
- Messenger

Here we begin to explore five.

**Iris, the Greek
Messenger Goddess**

Shapeshifter Goddess

Lilith, was originally a nature spirit. Any of the other feminine half-creature half-human Goddesses are included here.

These Goddesses reconnect us to our animal nature and our capacity to merge with and BECOME any aspect of creation.

According to author Paul Shephard, what makes human beings special is our capacity to access the intelligence of all species on Earth.

Gemini gives us this sacred capacity.

And not only other species - but the nature of a river, or a tree, or a bird.

This is what the Gemini Goddess within us is awakening through 2020-2021.

The New World Storyteller

She is our Creative Muse through 2020-2021, opening us to a New Earth Story serving and supporting All Life on Earth.

Some questions for the New World Storyteller include:

What would it take for me to Renew and Retell my Life Story for total Healing and Empowerment?

What emerging new Story of Humanity is inspiring me now?

The Female Psychopomp

She who supports us in our Collective Descent and Renewal helping us safely navigate change and move between worlds and states of consciousness.

When we find her within we are capable of:

- Navigating change with greater ease and grace
- Accessing our multidimensional nature, capable of bending time and space
- Embarking on our personal and collective descent and renewal journey with courage and resiliency

Gemini Goddess as Master Networker and Reconnector

As she awakens within us she helps us ignite the divine light of our playful magical inner child. She helps us find our co-conspirators in the mischievous and playful game of co-creating a New Earth Playground.

She casts light in a world of darkness, creating a vibrant, living, pulsing network of aligned humans bringing more magic, more fun, and more play into our world.

Gemini Rainbow Goddess

The Gemini Rainbow Goddess is a direct messenger from Divine Source, a harbinger of hope in dark times, and activator of our Rainbow Light Body.
