## Heliacal Rise of Venus Retrograde

# Gemini Meta Goddess Coyote Medicine

In times of great authoritarian control and power-over paradigms Gemini medicine is needed to wake up, claim our personal and collective power, and choose a new and untried path forward.

Gemini is of the people and for the people, never bowing to authority or the status quo. The Gemini Meta Goddess awakens within us wily, wise coyote wisdom, knowing how to subvert and turn on its head any and all power-over dynamics and control dramas.

Aided by Mars in Aries and Pluto Square Eris through much of her Morning Star Phase, she is a rebel truth teller, exposing lies, corruption and falsity - whether it lives inside or outside us!

She is Coyote Woman, Trickster, Heyoka, turning an Upside World Right Side Up Again, Unwinding the UnFair-Y Tale of Separation into a True Story of Togetherness.

# Coyote Wisdom for Perilous Times

The Gemini Meta Goddess awakens within us Coyote wisdom, teaching us about resilience, adaptability, wildness and the balance between sovereignty and interconnectedness—as well as how to flourish in times of change.

- Coyote thrive in every environment across North America from the furthest wilderness to great cities including NYC, LA, and Chicago
- When ranchers try to exterminate coyote with poison and by other means, coyote produce larger litters to compensate
- No matter how difficult life is they always sing - each their own song, and together - often as an elaborate form of greeting and celebrating the return of their members
- They are extremely loyal, mating for life
- They are both sovereign and collectivist, gregarious and solitary
- Coyote are sacred to many Native Americans seen as the “holy fool,” trickster, or contrary

# Gemini Venus Cycle

## Dismantling The Old Stories Limiting Freedom

As an In Service to Spirit or Mutable sign, The Rainbow Sky Woman has been limited in her expression over the past 5000 years of Patriarchy.

This Gemini Venus Cycle is an opportunity to personally and collectively encounter and dismantle the old story at the heart of our Current Culture and begin creating a New Story that serves us now and the future Generations.

### The Old Story May Include:

- Creativity for women is primarily through childbirth
- Hard Work is the only thing that has value  
Play and Fun are frivolous
- Survival of the Fittest vs. Co-creation and Collaboration as a Thriving Skill
- Using Planet Earth, the Feminine, and the Indigenous as an Extractive Resource

# Seeing Our Life through the Heroine's Journey (healing story for men to accomplish the Sacred Marriage as well)

*"Women don't need to make the journey. In the whole mythological journey, the woman is there. All she has to do is realize that she's the place that people are trying to get to." – Joseph Campbell*

The Heroine's journey does not end with glory and accomplishments... it is not complete until S/He accomplishes integration of her inner polarity.

Men, too, can realize the aspect of themselves that was always there, waiting for him to recognize her - and in so doing, become whole.

## White Buffalo Calf Woman Prophecy and The Sacred Hoop

White Buffalo Calf Woman gave the Lakota the gift of the sacred pipe and taught the people the seven sacred ways to pray.

She told the people she would return to at a time of great shift and transformation, as the harbinger of a new and enlightened era restoring peace and harmony.

She then rolled upon the earth four times, changing color each time and turned into a white buffalo calf before she disappeared. (The four colors of the four directions in the Sacred Hoop)

As she left, great herds of buffalo surrounded the camps.

When a white buffalo calf is born, it is a sign to the people their prayers are being heard and that the promises of the prophecy are being fulfilled.

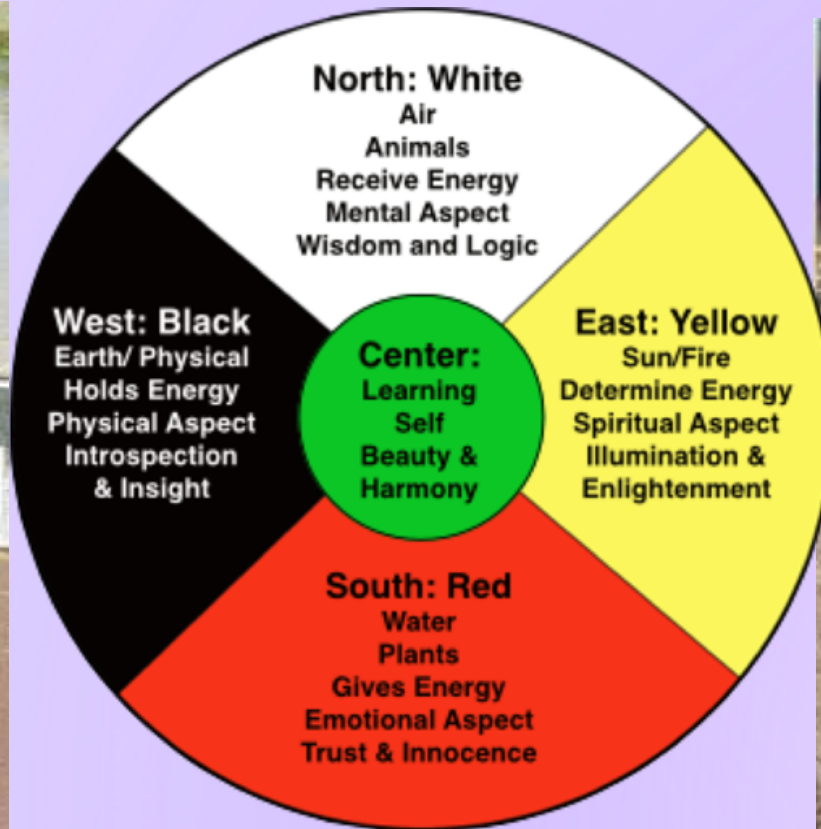

White Buffalo Calf Woman's buckskin dress was decorated with sacred designs in **rainbow-colored** porcupine quills.

Painting by <https://www.mccarolyn.com/white-buffalo-calf-woman>

On **August 20, 1994**, a white buffalo calf (not an albino) named Miracle was born in Janesville, Wisconsin, believed to be first white buffalo calf since 1933. The birth of Miracle was a sign of the impending fulfillment of the legends, bringing hope and peace to all nations and all people.

White Buffalo births are extremely rare occurring approximately one out of every 10 million births. In the USA there was a time when there were less than 500 buffalo left meaning the chances of a white buffalo birth were 610 million to one.

Since 1994 there have been many more white buffalo born in the United States and even in Europe. A ranch in Oregon (formerly Flagstaff, Arizona) now has around 20 White Buffalo

- ???

Cree, Hopi, Zuni, Cherokee and other Native American Tribes tell of the Rainbow prophecy referring to the keepers of the legends, rituals, and other myths that will return to help restore the health of the Earth.

***The Warriors of the Rainbow*** will help unite all people creating a New World of justice, peace, and freedom.

They will reteach the values and knowledge that has been lost in time, demonstrating how to have wisdom and extra-perception, and how unity, harmony, and love is the only way forward.

*There will come a day when people of all races, colors, and creeds will put aside their differences. They will come together in love, joining hands in unification, to heal the Earth and all Her children. They will move over the Earth like a great Whirling Rainbow, bringing peace, understanding and healing everywhere they go. Many creatures thought to be extinct or mythical will resurface at this time; the great trees that perished will return almost overnight. All living things will flourish, drawing sustenance from the breast of our Mother, the Earth.*

*The great spiritual Teachers who walked the Earth and taught the basics of the truths of the Whirling Rainbow Prophecy will return and walk amongst us once more, sharing their power and understanding with all. We will learn how to see and hear in a sacred manner. Men and women will be equals in the way Creator intended them to be; all children will be safe anywhere they want to go. Elders will be respected and valued for their contributions to life. Their wisdom will be sought out. The whole Human race will be called The People and there will be no more war, sickness or hunger forever.*

**~ Navajo-Hopi Prophecy of the Whirling Rainbow**

**A promise for peace and unity in the future, the Whirling Rainbow Prophecy will come to pass during the time of the White Buffalo.** When this happens, all living things – including animals that have gone extinct – will flourish and we will all live and prosper as one united group of people.

### Questions For Morning Star Gemini at the Crown Chakra

- *To whom have I given the authority to create the story of my life and world and what would it take to free myself from that authority now?*
- *Where have I given others the authority to limit or shut down my most enjoyable and fun creative expression and what would it take to free myself from that outer authority now?*

# Saying YES! to your Weirdness

Ted Talk by JP Sears author of “How To Be Ultra Spiritual,” Published by Sounds March 7th, 2017.

- The disease to try and fit in or be normal affects 90% of people - the other 10% are in denial
- A Gemini Humor Approach to celebrating our weirdness (uniqueness) Being Weird is what makes you – YOU
- Being Normal is how we reject ourselves – you don’t get any of me because I don’t bring me to the table. The cure for normal is your weirdness
- Your purpose is to give yourself permission to be the miracle you are – your unique weirdness
- Weirdness is actually a great asset bridging with our authenticity
- Taking action on finding the courage to say YES! to weirdness enhances meaning and fulfillment

# Home Play for Venus in Gemini at the Crown Chakra

We have 19 months to tell a NEW STORY about ourselves. Let's start by looking at our current story.

In your Venus Journal, begin writing a simple children's story about your life, exploring the following elements:

- Who am I as the main character? (sketch yourself! Make up a new name for yourself!)
- Who are the other leading characters in my story? (give them new names and identities!)
- What is the current setting of my story? (see it through new eyes!)
- What is the general plot of my story so far? (you get to choose your focus!)
- What is the conflict I am seeking to resolve in my story over the next 19 months? How does this involve integration of unexpressed aspects of myself?
