**Moon Occults Venus on December 12** potentially visible in western North America, Alaska, Hawaii and eastern Russia in full daylight when the Moon is only 5% lit and just  $25^\circ$  ahead of the Sun, meaning you will need binoculars or a telescope to see it.

Those in the Pacific time zone or further west will see Venus and the Moon in the morning sky before Dawn separated by only  $2\frac{1}{2}^\circ$ .

Those on the East Coast will see Moon and Venus about  $4^\circ$  apart.

**The December 14 Total Solar Eclipse is  
aligned with the star Rasalhague - the  
Crown Chakra of Ophiuchus**

Venus is here Dec 21, 2020 to  
January 6, 2021 during sacral chakra gate

The serpent symbolizes Life Force or  
Kundalini.

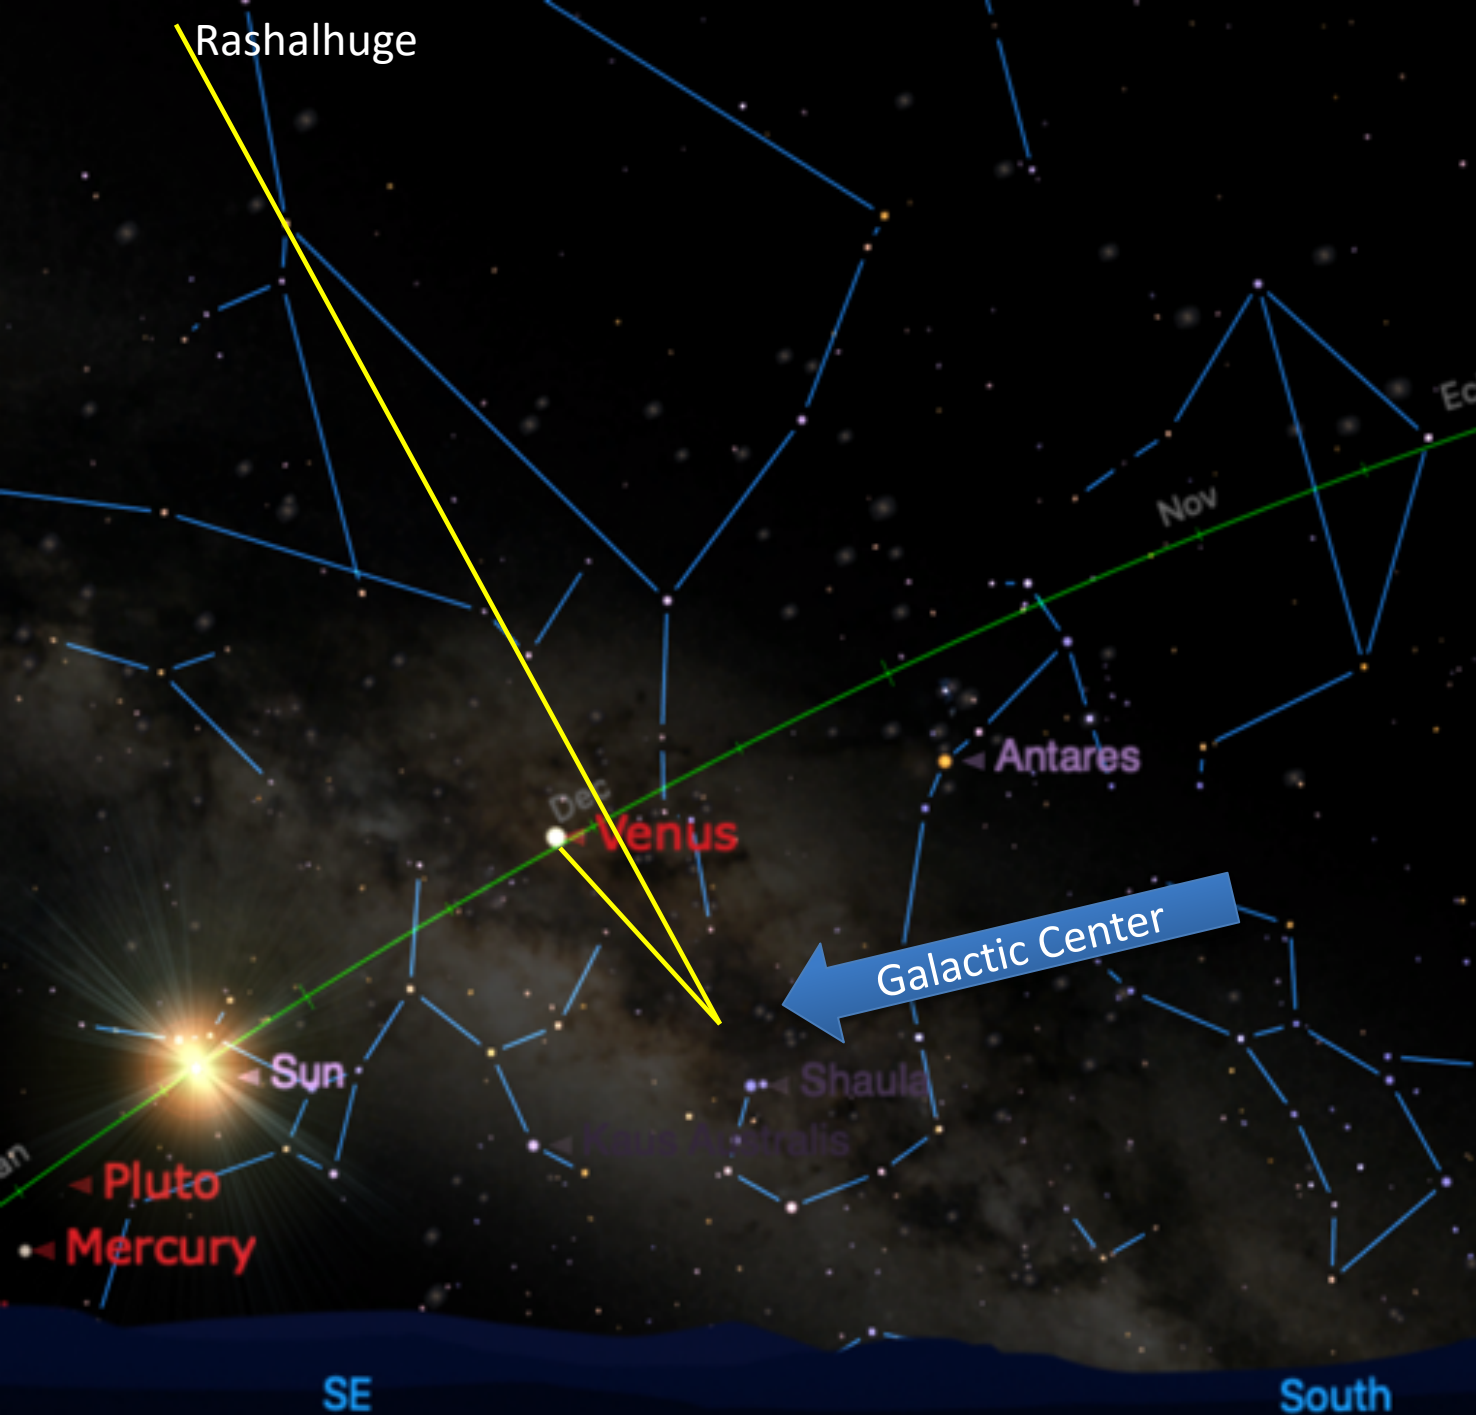

Ophiuchus, as the Serpent Bearer, holds  
the key to the importance of Kundalini,  
life force energy - wholeness through  
healing our life force energy.

When any planet travels through this constellation and by this star (or an eclipse happens here)  
it is a time when it is beneficial to pay attention to your dreams and to ask for dream messages  
that will guide you toward your next steps. See Links on Class Page for more about the Serpent  
Bearer.

**Ophiuchus/Aesculapius, had Healing Temples** near  
healing springs throughout Greece. After fasting and  
bathing, the patient spent the night in special  
'dream incubation chambers' in these temples. The  
dreams of the patients helped to diagnose illness  
and suggest a healing protocol.

# Saturnalia

**In ancient Roman Times December 17 or 19 began Saturnalia, an annual 7 to 12 day festival and reset point for a new Solar Year.**

Business, executions and military operations stopped, and Masters served the slaves, overturning the rules in ways that allowed for a fresh revitalized perspective.

From 1962 to 2034 the Earth is in a Planetary Saturnalia when the old rules or structures are crumbling and new structures that support these rapidly changing times are seeking form.

**In a time of Chaos and Confusion what is your vision for a NEW Sustainable Future that Honors, Values and Respects All Life?**

Astronomers refer to Jupiter and Saturn getting together every 20 years as the Great Conjunction - the two planets farthest from Earth visible together with the naked eye.

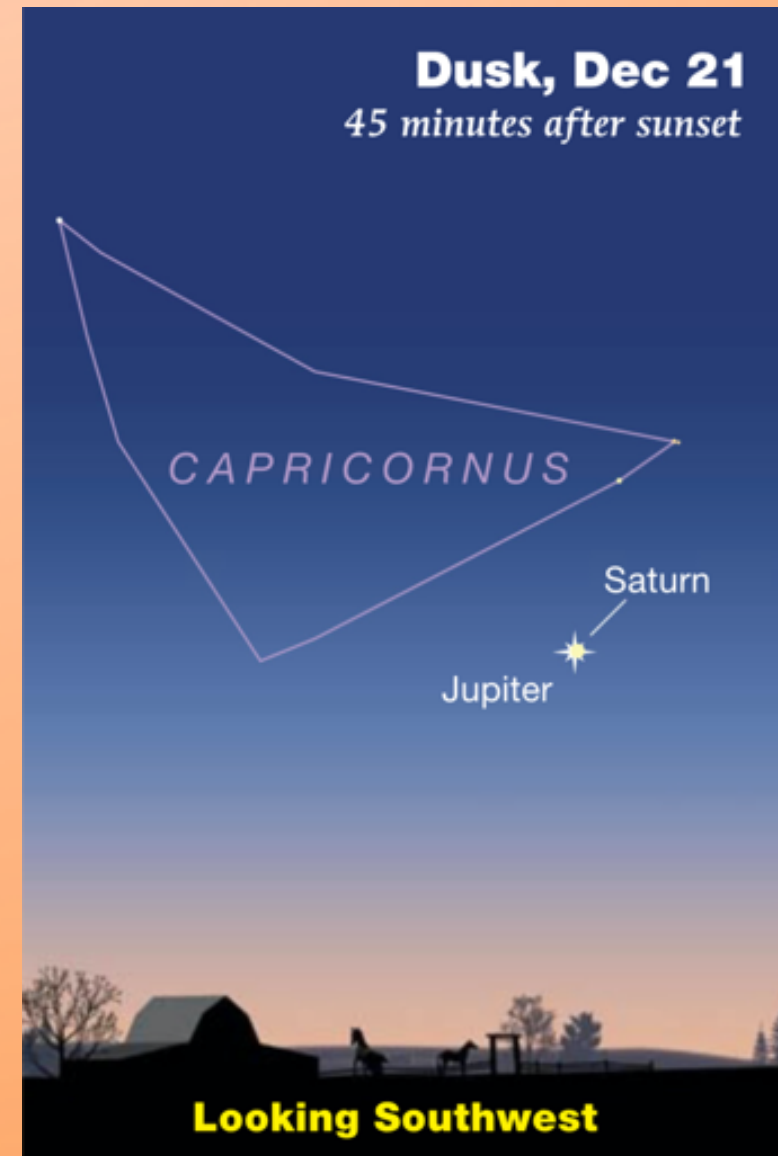

The great conjunction of Jupiter and Saturn in 2020 is on the December Solstice - December 21.

May 2000 was the last Jupiter and Saturn were together in the seasonal sign of Taurus but too close to the Sun to be seen

This is the *closest* Jupiter-Saturn visible conjunction in 800 years. In 2020 they come within 0.1 degrees of each other or 1/5<sup>th</sup> of a Full Moon Diameter.

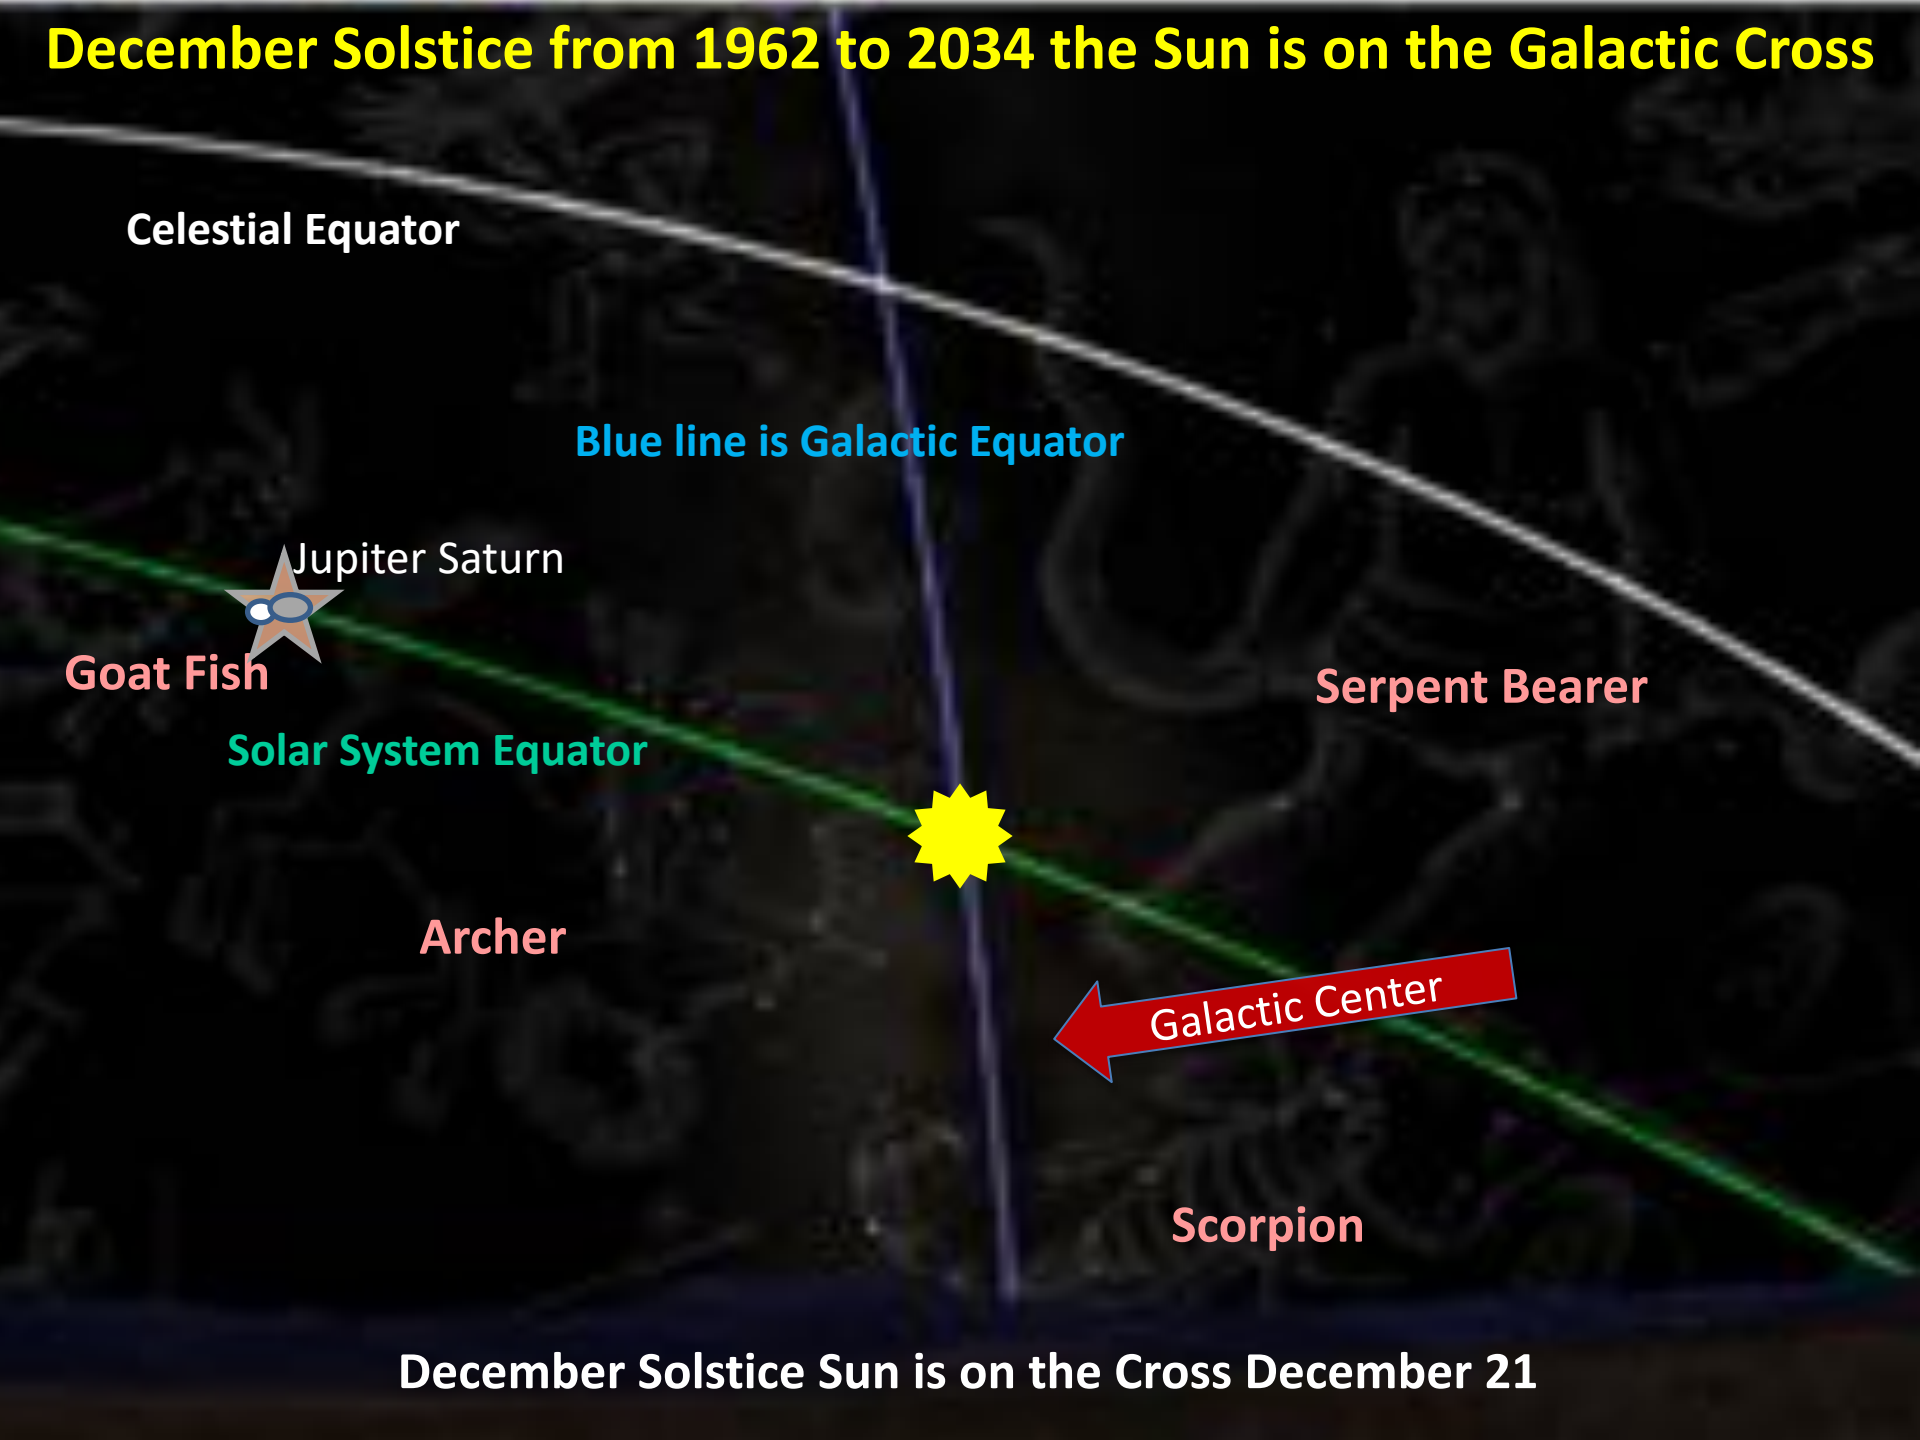

This mean they may appear as a single star in the evening sky.

Jupiter and Saturn won't be this close again until March 15, 2080 also in Aquarius

# Gemini Meta Goddess at the Sacral Chakra Gate in Sagittarius

She is releasing and surrendering all stories handed down to her no longer vibrating as truth within her spiritual and physical bodies.

She completely drops all spiritual beliefs and half-truths separating her from her deepest sources of emotional and embodied wisdom.

She empties her womb of any and all distortions and interference patterns, all the excess, all the accumulated grief and sadness from all female ancestors and previous incarnations.

Cleansed, purified, and sanctified, she is ready at last to meet herself in her primal truth and to birth herself anew.

# Questions for the Gemini Meta Goddess at the Sacral Chakra

- *How does the Playful Gemini Goddess experience pleasure and intimacy?*
- *How might wounded Gemini block pleasure, intimacy, sexual aliveness? For what reasons?*
- *How might healthy feminine Gemini heal these blocks?*
- *How does this serve Gemini values of a noble cause or mission?*

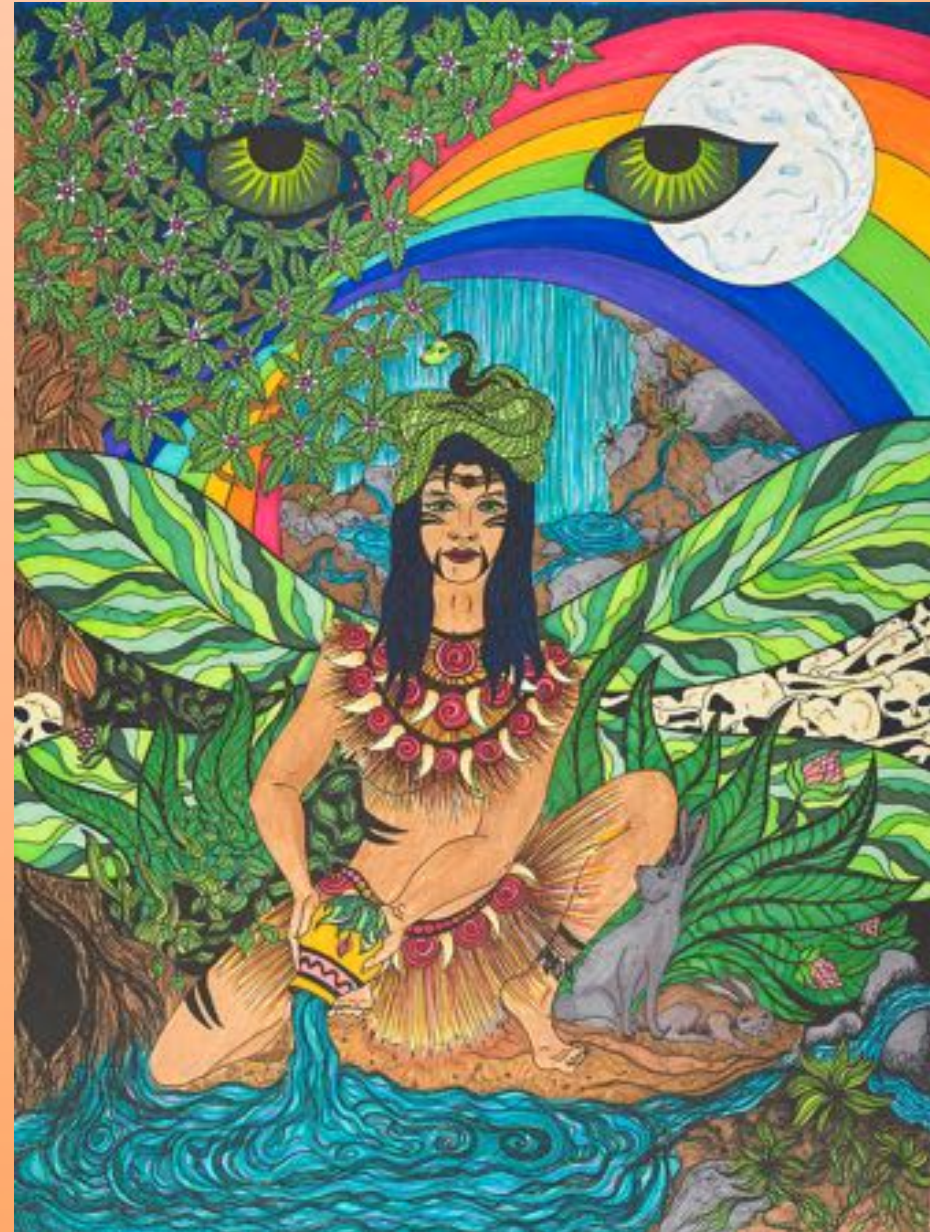

## Ix Chel as Gemini Meta Goddess

Ix Chel is the Mayan Rainbow Goddess of the common people embodying the qualities of the Great Mother (Cancer Meta Goddess) as well as the playful shapeshifter Gemini Meta Goddess.

Mayan women made pilgrimages traveling hundreds of miles to her temples on the Yucatec Island of Cozumel at menarche and menopause.

Her priestesses were oracles, dream tenders, astrologers, midwives and healers specializing in women's mysteries including blood mysteries, sacred bathing, herbal healing and dream tending.

Rosita Arvigo has brought Ix Chel into modern western healing practices through [Arvigo therapies](#) integrating Mayan Abdominal Massage, Sacred Bathing practices, Herbal medicine and Yoni Steams into a modern context.

**Ix Chel** is beloved as a guardian of Women (and men) suffering from domestic violence.

Her stories describe her as a sexual, playful and free-spirited Goddess who chooses her own partners, refusing to be controlled and tamed.

In one story she is punished for her choice of partners by her Grandfather who hurls a lightning bolt at her, shattering her into a million pieces.

Thousands of dragonflies, emanating the magical shimmering rainbow colors of Ix Chel's own soul, gather all of her pieces together and restore her to wholeness.

At the Sacral Chakra Gate, Ix Chel teaches us to be discerning in our choice of mates and lovers, so only those who fully and completely honor the wild and free feminine are allowed as intimate beloveds for both women and men. She also guides us to fiercely protect our magical and multifaceted natures from controlling external forces of all kinds.

In Rome Juno was the name used to describe your inner feminine guiding spirit, higher self, feminine genius or female principle.

She was Rome's main Goddess often shown flanked by her sacred Peacock and Iris, the Rainbow Goddess

Juno's etymology is thought to come from the Latin word *iuven*, 'youthful', shortened to *iun* as a prefix (as in *junior*, younger).

Emile Benveniste was a French structural linguist and semiotician. He is best known for his work on Indo-European languages and his critical reformulation of the linguistic paradigm established by Ferdinand de Saussure.

[https://en.wikipedia.org/wiki/Émile\\_Benveniste](https://en.wikipedia.org/wiki/Émile_Benveniste)

Emile identifies the original meaning of this root as 'vital force', connecting it with the Vedic word *ayuh*, 'genius of the vital force'.

**Juno Is:**

**Mistress of Destiny and Fortune  
Sovereignty, Fertility, Money  
And Measurer of Cycles of Time**

A big part of financial freedom  
is having your heart and mind  
free from worry about the  
what-ifs of life.

# Eudaimonia: an Ancient Future Model to Foster Human Potential

We have been taught to equate a growing economy (measured by stock market, etc.) with a healthy society, but in our Covid times we are seeing this is a false Old World Story.

The ancient Greeks understood the wellbeing of its culture was not indicated by economy but through striving for Eudaimonia - a state of flourishing and cultivation of full potential for all people.

Literally Eudaimonia translates to *eu* ("good," well') and *daimōn* ('spirit')—referring to a minor deity or guardian spirit.

In other words, the goal of a healthy culture was to foster happiness within its people, keeping the spirits happy and well fed!

Here is a great article on Eudaimonics by Umair Haque:

# Making Space for New World Stories About Money and Economy

What Old World Stories from binary beliefs (capitalism vs. communism for example) about Money and Economy are driving our current reality?

## Stories like:

- *If people had their basic needs met they'd become dependent and lazy*
- *The government will solve all of our problems*
- *The marketplace will solve all of our problems*
- *Poor people are spiritually inferior (or superior)*

## The Gemini Meta Goddess asks:

Do these stories uplift, empower, and support all humans in actualizing their full creative potential?

Do they describe play, fun, and magic as pillars for a thriving culture—or do they suppress, oppress and diminish the magical child in each of us?

***WHAT NEW STORIES DO WE WISH TO TELL?***

## Telling the New World Story About Money and Economy

This month make it your game to seek out evidence that a New World Story about money and economy is already alive and flourishing in your personal life, your immediate world and across the globe.

For example, Tami has been happily practicing more barter and trade in her local economy and it is FUN!

**Tami** is inspired by the [Main Street Phoenix Project](#) as an example of what is possible when we invest in our local economies post Covid. She personally feels the concept of a Universal Basic Income is brilliant and could do much to boost our struggling local economies and reduce the growing epidemics of hunger and homelessness in the U.S. exacerbated by Covid.

**Cayelin** has also practiced barter and trade and even pay it forward ways to support a new way of valuing ourselves and each other.

And this video ***The Story of Stuff*** first appeared in 2007 expanding our awareness of the challenges we face in our current economic paradigm. <https://youtu.be/1-RnnEFWUM4>

When I run after what I **think I want**,  
my days are a furnace of stress and anxiety;  
if I sit in my own place of patience,  
what I need flows to me, and without pain.  
From this I understand that what I **want** also **wants** me,  
is looking for me and attracting me.  
There is a great secret here for anyone who can grasp it.
