# Earth Sky Woman Poem Dedicated to the Gemini Goddess at the Earth Star Chakra Gate

Begin to drop beneath the surface of things  
Sister of My Heart

Go down to the root of yourself  
See and know it for the first time  
Make a home for yourself there  
Visit often

Make an offering of your tears,  
words of kindness, sincere compassion  
And heartfelt joy  
When your life extends from the home root  
of your soul self  
It is true and strong.

You will grow wings, yes  
Your spirit will soar, yes  
Yet you will remain always sourced in the  
True Heart of Life

# Earth Sky Woman Poem Dedicated to the Gemini Goddess at the Earth Star Chakra Gate (continued)

Here you know the thousand things worth knowing

When from this place you offer  
Your words of griefpraise  
and the sacred darklight  
at the center of your being  
the whole world exhales  
in great relief

Sky welcomes your outstretched arms  
Moon sings for you,  
remembering your lost parts  
And Stars speak to you once again  
in the language of kinship - lovers,  
sisters, brothers,  
grandfathers and grandmothers

# Gemini Meta Goddess as Psychopomp Entering the Underworld

She is a psychopomp, guide of souls to the Underworld among many destinations.

Reflecting Gemini's shapeshifter abilities, a psychopomp may appear as angel, animal, spirit or deities such as Anubis, Hermes and the Greek Ferryman Charon.

Jung referred the psychopomp as a figure helping an individual move between the conscious and unconscious realms - reflecting the ease Gemini travels to and from the world behind this world.

As guide, Gemini's Underworld forays leave her unscathed - yet even she is required to undergo her own initiatory death every eight years. AND that time is now.

Cree, Hopi, Zuni, Cherokee and other Native American Tribes tell of the Rainbow prophecy referring to the keepers of the legends, rituals, and other myths that will return to help restore the health of the Earth.

***The Warriors of the Rainbow*** will help unite all people creating a New World of justice, peace, and freedom.

They will reteach the values and knowledge that has been lost in time, demonstrating how to have wisdom and extra-perception, and how unity, harmony, and love is the only way forward.

# ***The Whirling Rainbow Prophecy***

***There will come a day when people of all races, colors, and creeds will put aside their differences. They will come together in love, joining hands in unification, to heal the Earth and all Her children. They will move over the Earth like a great Whirling Rainbow, bringing peace, understanding and healing everywhere they go. Many creatures thought to be extinct or mythical will resurface at this time; the great trees that perished will return almost overnight. All living things will flourish, drawing sustenance from the breast of our Mother, the Earth.***

***The great spiritual Teachers who walked the Earth and taught the basics of the truths of the Whirling Rainbow Prophecy will return and walk amongst us once more, sharing their power and understanding with all. We will learn how to see and hear in a sacred manner. Men and women will be equals in the way Creator intended them to be; all children will be safe anywhere they want to go. Elders will be respected and valued for their contributions to life. Their wisdom will be sought out. The whole Human race will be called The People and there will be no more war, sickness or hunger forever.***

# And a Rainbow around the Moon

Marilyn Ferguson Quote author of 1980 book *The Aquarian Conspiracy*

She wrote the Introduction to **Surfers of the Zuvaya** By Jose Arguelles

One thing has become evident:  
*Our culture has little understanding of  
myth or the role of the mythmaker.*

Myths are not for believing or  
disbelieving. They are for using!

If a myth or a metaphor works in  
revamping our deepest values, it is truer  
than the evening news or the text book  
fact.

Myth, Poetry, Art, and Music are truths  
of a different dimension – sustenance  
and regeneration for the tired spirit.

The human brain learns best by story, by  
game, by a framework of meaning.

# Surfers of the Zuvuya

By Jose Arguelles

More on the Zuvuya: it is the Mayan term for the BIG memory Circuit or memory hotline working interdimensionally - individually and collectively - connecting past to future like a figure 8, fueling synchronicity, the pipeline for magic a wave connecting 3-D to other dimensions.

...it is elaborated by the force of imagination. It resonates with our finer possibilities...the power of the “inert” placebo to relieve pain, the power of intention to alter the subtlest of physiological events, the power of expectation to influence what we see and hear.

# Releasing Gemini Meta Goddess Fears at the Earth Star Chakra and Underworld

- *In what areas of my life have I been “in the sidelines” rather than immersed fully in the flow of life—and what would it take/how would it look to choose differently?*
- *Where has ancestral pain guided my path and what would it take to lay that down and choose the path of joy and freedom?*
- *What must die in my life to create space for my full creativity and soul expression to flourish?*
- *Where in my life have I been postponing making a painful decision and what will it take to finally take decisive action?*

# Gemini Meta Goddess Home Play at the Soul Star Chakra/Underworld

## Face Your Fears Exercise

In your Venus Journal, identify 1-3 areas in your life where you are postponing making a decision because it may cause pain to you and/or another.

Explore the cost this procrastination is having on You.

What proportion of your attention, focus, clarity, and energy are tied up in struggling with yourself around these areas?

How is this causing you to live superficially rather than with greater depth and aliveness? What would it take to choose differently? Choose 1 to 3 of these areas and take action—reclaiming the energy you've been using to avoid life and choosing to MEET IT.
