Solar Beltane is May 05 when the Sun reaches 15 Degrees Taurus at the Cross-Quarter (half way point) between the Spring Equinox and the Summer Solstice.

Representing Fertility and Abundance in the Northern Hemisphere. The Celts honored this as a time when the veils between worlds are thinnest and magic is most prevalent.

The Pleiades star cluster is low in the sky on the western horizon just after the Beltane Sun sets

In the Northern Hemisphere Beltane marks the beginning of Summer and a time to celebrate the abundance of life. The June Solstice marks mid-summer.

# May 26 Total Lunar Eclipse as Initiation of Toltec Sixth Sun

According to Toltec Timekeepers, the May 26 Total Lunar Eclipse marks the end of a Long Count Calendar ending the age of the Fifth Sun; and the beginning the age of the Sixth Sun.

The Total Solar Eclipse on July 11, 1991 began a 29-year transition period between Suns. Following completion of the Mayan Long Count Calendar in 2012, from 2013 to 2021 it was believed we would go through nine collective Underworlds - one each year - until 2021.

The 9<sup>th</sup> Underworld of 2021 is expected to exert an influence from May 26 of this year until November 24, 2026 with the arrival of the New Fire.

**How interesting that the Gemini Venus Cycle was featured at the end of the Mayan Long Count Calendar in 2012 and again for the completion of the Toltec Calendar in 2021!** To learn more, check out Sergio Magaña Hidalgo's books: [The Real Toltec Prophecies](https://books.google.com/books/about/The_Real_Toltec_Prophecies.html?id=8rcIEAAQBAJ&source=kp_author_description)

# Gemini Meta Goddess Reclaiming at the Root Chakra in Gemini

**May 8 to June 2**

We are emerging from the cocoon as the Gemini Meta Goddess, our wings are still tender - we may feel unsteady but we're growing stronger by the day. Suggestions for navigating the energies:

- Celebrate and Honor Your Journey! Take time to acknowledge what you have faced, healed and surrendered in the Underworld
- Be gentle with yourself. You are newborn. Your magic and sense of play is coming back online but you still need to ground and pace yourself so you can build strength and resilience for the rest of the Evening Star Journey
- Pay attention to those moments where you are feeling new life, youthful vitality and a sense of expectant joy arise in you - strengthen these feelings with your attention to experience more of them.
- Boundaries, boundaries, boundaries. Be a good guardian of the fresh new you and be sure to spend time with people who enjoy and celebrate you in ALL your multidimensionality!

# Gemini Meta Goddess Reclaiming at the Root Chakra in Cancer

**June 2 to 11**

Finding our ground as the newly rebirthed Gemini Goddess we cultivate foundational self-nurturing practices so we rise completely sourced, developed and expressed by completion of the cycle. Suggestions for navigating this time:

- Choose a form of creative expression - obvious ones include Journaling, writing poetry, singing, playing an instrument, drumming, chanting, painting, dancing, creating and/or tending a garden.  
Then set an intention to prioritize this practice over the course of our Evening Star Journey
- Imagine your inner five-year-old is joining you in your daily life.  
What parts of your day are really fun for your 5 year old?  
What other activities would your 5 year old like you to try?
- Revisit the structures and rhythms of your day and ask:  
“Do I have enough structure. Do I have healthy boundaries around time and resource so that the creative, wild and free magical child inside me feels nourished to grow and express - as if there is a “responsible adult in the room” taking charge of my survival needs so creative fun and play feel safe and supported?

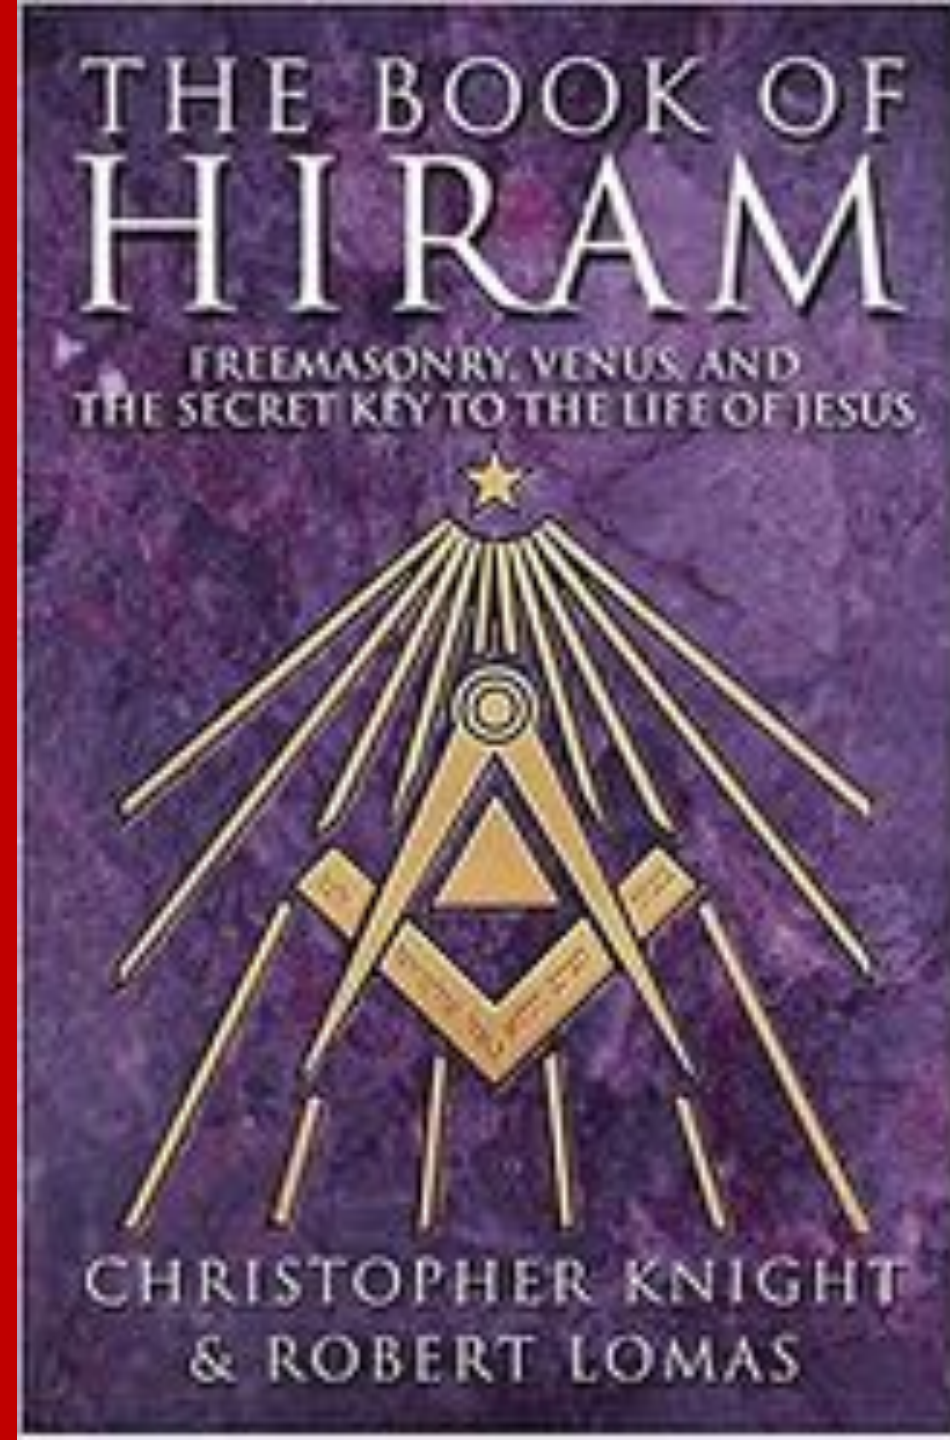

## Return of the Shekinah when Venus Mercury are together

*The Book of Hiram* tells us Mercury and Venus seen together in Hebraic Culture was honored as the Return of the Shekinah or the Divine Feminine Presence Lighting our World.

This includes building Solomon's Temple specifically aligned to capture the light of the Shekinah when Venus and Mercury appeared together in the eastern morning sky.

**Currently they are together in the west in the evening sky.**

<https://cayelincastell.com/venus-and-mercury-return-of-the-shekinah/>

**Venus and Mercury return to the same area of the sky together every 40 years. Next time this happens we will no longer be in the Gemini MetaGoddess cycle as that shifts in 2060 to Taurus**

**Mercury and Venus have been within 10 degrees since April 15 continuing until June 06 with 2 exact conjunctions on:**

**Apr 25 at 14 Taurus**

**May 28/29 at 25 Gemini**

**Mercury Stations retrograde with Venus on May 29 at 25 Gemini.**

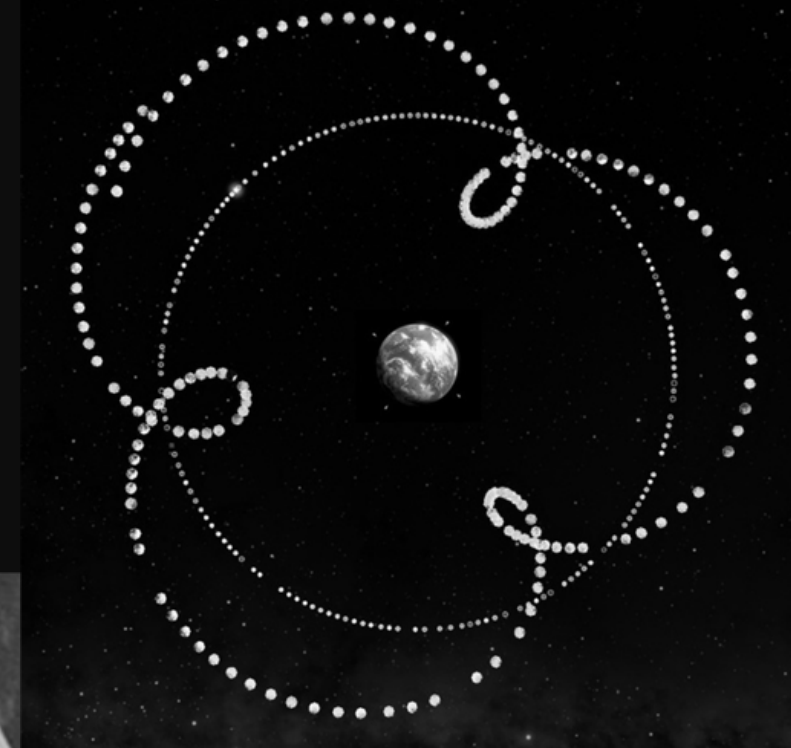

**The Sacred Geometry of Mercury and Venus creates a Triquetra or Sacred KNOT as seen in Celtic and Norse mythology and cave paintings at least 5000 years old.**

**The triquetra represents the Power of Three: The Feminine Trinity of Maiden, Mother, Crone composed of three interlacing vesica piscis forming a continuous protective design.**

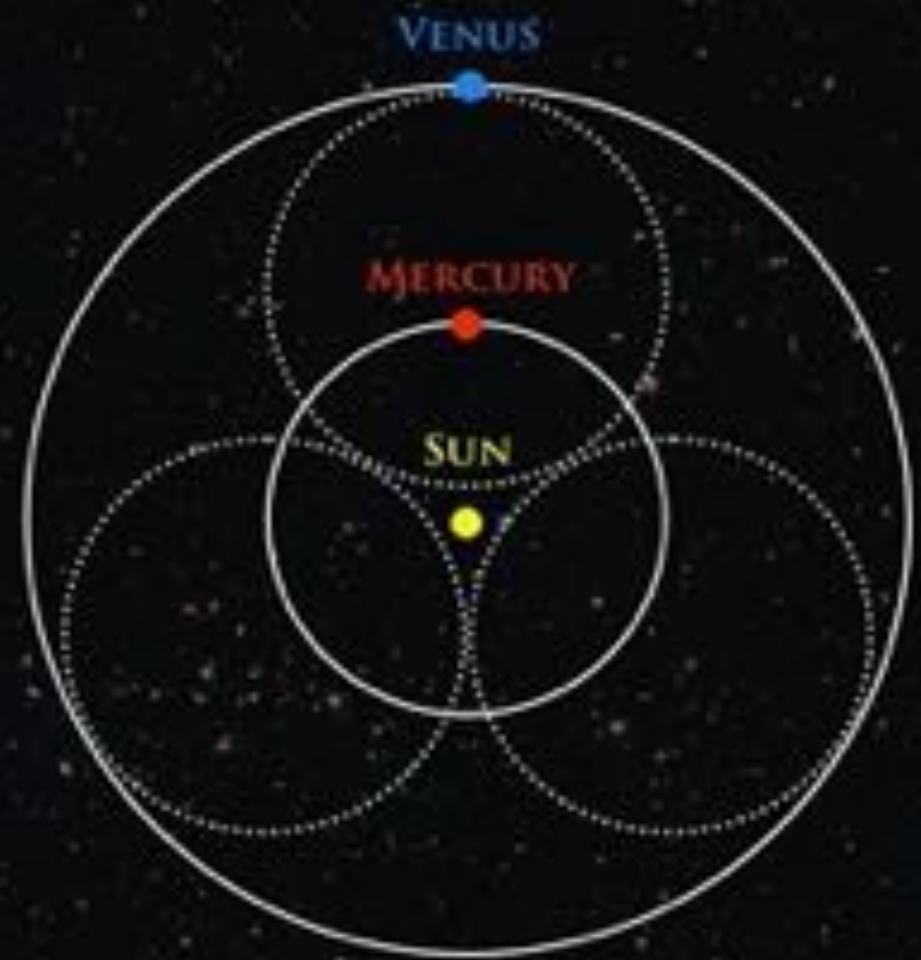

**The Power of Three Includes:**

- **The Power of Love**
- **The Power of Choice**
- **The Power of our Life Force energy to manifest and create our reality**

Mercury Pattern as Seen from Earth

The three vesicas (representing the path of Mercury) are interlaced with a surrounding circle (representing Venus) linking the two with the Divine Feminine

Three mean orbits of Mercury arranged in this manner defines the mean orbit of Venus

# Magic and the Triquetra:

the rings of power come together in places of intersection | between ideas,  
between experiences, between Intention where potential and power come into form.

**Magic happens in *the Between*.**

**Between Opposites including:**

Day and Night, Time and Eternity

Human and Divine

Nature and Culture

Good and Evil, Light and Dark

Right and Wrong

Life and Death

**Between:** moments, breaths,  
beginnings and endings,  
between Each Other and  
between Mercury and Venus.

**No Separation!  
Including Seeming  
Opposites. One does  
not exist without  
the other.**

# Gemini And the Root Chakra

We are All - Women and Men – bringing forth the newly initiated Rainbow Goddess, strengthening and raising our Vibration on this Ascension Journey.

*Instead of always asking “where do I belong?” - a question based on shortage - consider reversing your definition of the word from a noun to a verb, where belonging becomes a practice of generosity such as - “I belong myself to that which I love.”*

*Rather than a disappointed wanting to belong, this is the practice to “be the longing.”*

*Maybe it will take a lifetime, or maybe only the young ones who come up around you will feel the benefits, or maybe it will sneak up on you in a sudden moment as you sit feasting with your loved ones that you belong to this beautiful village you’ve made with your life.*

***Belonging: Remembering Ourselves Home

# Gemini Insights Fitting in Versus Belonging Homeplay Practice

*Fitting In* is a significant Barrier to *Belonging*. True belonging doesn't require you to change who you are - it requires you to be who you are - both vulnerable and brave. ~Brene Brown

What Interests You? Hang out with people who share your interests.

What Brings You Joy? Find time to do those things.

Make a list of things you do to fit in that feel bad, unfulfilling, less than who you really are.

Who would you look like, sound like, be like if you weren't fitting in?

What action could you take to let one *fitting in* habit go or begin to change it somehow over this next month?

How would your life be? What would your days look like? Who would you be spending time with? Choose to live life defined by YOU and your expectations – not trying to fit into what you imagine others expect of you.

Be sure to notice the impact of your actions and words. Are they helping you to feel more connected to others?

Start small and practice belonging to yourself first by being your true self – if you notice you are NOT being true to yourself - commit to changing those habits or ways of being.

Work your way - step by step - to embracing more of your magnificent self.

## Make an Earth Altar and Initiate a Daily Practice of Making Offerings to the Land

This month choose a place on the land—if you are in an urban area this might be on your back patio for example, or in an off-trail location at a local park.

Create an Earth Altar - at its simplest this might mean creating a small beautiful altar with earth-friendly objects including stones, crystals, feathers, bones, seeds, flowers, etc.

A more complex altar/land offering site might be a medicine wheel aligned to the four directions or small altars built at each of the four directions around your home or property.

# Gemini Evening Star Root Chakra Home Play

## Making Your Offering

Initiate a regular practice (ideally daily if possible) of tending your altar by making offerings and observing how nature speaks to you at this location. Ideally, this is a place where you can see Evening Star Venus and perhaps conduct ceremony at her monthly Moon Gates!

Offerings might include **honoring the directions, songs, prayers, flowers, cornmeal, rose petals, favorite foods (for example candies, dried fruits, etc.), alcohol, smoke cleanses, charged crystals, painted stones, artwork, and so on as symbolic gifts for the creatures, plants and trees, waters, stones, the sky above and earth spirits.**

It is always good practice honoring and acknowledging all who have lived on this land with special recognition for the earliest indigenous communities.

In the U.S. you can identify the people originally living on your lands at this [LINK](#) or even better at this link <https://native-land.ca>
