# Ix Chel as Gemini Meta Goddess

Ix Chel is the Mayan Rainbow Goddess of the common people embodying the qualities of the Great Mother, Cancer Meta Goddess, as well as the playful shapeshifter Gemini Meta Goddess.

Mayan women made pilgrimages traveling hundreds of miles to her temples on the Yucatec Island of Cozumel at menarche and menopause.

Her priestesses were oracles, dream tenders, astrologers, midwives and healers specializing in women's mysteries including blood mysteries, sacred bathing, herbal healing and dream tending.

Rosita Arvigo has brought Ix Chel into modern western healing practices through [Arvigo therapies](#) integrating Mayan Abdominal Massage, Sacred Bathing practices, Herbal medicine and Yoni Steams into a modern context.

**Ix Chel** is beloved as a guardian of Women (and Men) suffering from domestic violence.

Her stories describe her as a sexual, playful and free-spirited Goddess who chooses her own partners, refusing to be controlled and tamed.

In one story she is punished for her choice of partners by her Grandfather who hurls a lightning bolt at her, shattering her into a million pieces.

Thousands of dragonflies, emanating the magical shimmering rainbow colors of Ix Chel's own soul, gather all of her pieces together and restore her to wholeness.

At the Sacral Chakra Gate, Ix Chel teaches us to be discerning in our choice of mates and lovers, so only those who fully and completely honor the wild and free feminine are allowed as intimate beloveds for both women and men.

She also guides us to fiercely protect our magical and multifaceted natures from controlling external forces of all kinds.

# Gemini Venus Return to the Cozumel Ix Chel Temple

Tami traveled once again to Cozumel on pilgrimage to the Ix Chel Temple and invited a dear friend, Lila Paz who like Tami is entering her Chiron Return and menopause and lives in Playa del Carmen.

My final day there, the morning of the Lunar Eclipse on my Venus, I gathered with a group of magical women including my friend Gemma Varelas for ceremony on the ocean.

In the moments of the exact Lunar Eclipse I found tidal pools with beautiful small fishes and the inflowing pools, the Womb of Mother Ocean and Gemma and I both underwent a ceremonial baptism.

# Juno Moneta (Moneta is the Root Word of Money)

In Rome Juno was the name used to describe your inner feminine guiding spirit, higher self, feminine genius or female principle.

Juno was Rome's main Goddess often shown flanked by her sacred Peacock along with Iris, the Rainbow Goddess

Juno's etymology is thought to come from the Latin word *iuven*, 'youthful', shortened to *iun* as a prefix (as in *iunior*, younger).

Emile Benveniste was a French structural linguist and semiotician. He is best known for his work on Indo-European languages and his critical reformulation of the linguistic paradigm established by Ferdinand de Saussure.

[https://en.wikipedia.org/wiki/Émile\\_Benveniste](https://en.wikipedia.org/wiki/Émile_Benveniste)

Emile identifies the original meaning or root of Juno as 'vital force', connecting it with the Vedic word *ayuh*, 'genius of the vital force'.

Vital Force or Life Force energy is also linked with the Money Mysteries as Money was first minted in Juno Moneta's temple at the center of Rome

*Every time you are willing to say "Yes" to everything on your path,

# Ways to Change your Relationship With Money

**Increase Awareness around your Money Including:** Patterns and Habits you have around your money beliefs. Then Make New More Supportive Choices.

**Give Yourself Permission to Have More Money.** Remember desiring to be financially successful doesn't diminish anyone.

Playing small doesn't help you and it will never help anyone else because it limits how much you can be supportive to others

## **Track your Income and Outgo**

Ideally track money flowing to you and track the money that is flowing from you on a daily. Bless this flow (either direction) and know that this practice helps to focus your attention on your relationship with Money.

## **If you have debt create a Plan to Pay it Off Quickly!**

This is freeing and helps you create confidence and security

## **Have a Savings Plan!**

Ideally a minimum of 10% of what you earn goes into savings each month - so you have money set aside for emergencies - providing a sense of security.

If you have debt then once you have an emergency fund, focus on paying that off as quickly as possible.

**Remember to celebrate the Money flowing to you and the money flowing from you**

# Healing the Gemini Money Shadow

**Practice Seeing Where You Unconsciously Judge your** value and worth and that of others – Is it Tied to the Old World Money Story of not enough, money doesn't grow on trees, hard work pays off, money is evil, or the love of money is evil etc...?

**Begin Seeing and Challenging Subtle Inner Beliefs (Stories) of Power-Over.** See everyone who is in service to you (check out person at the store, health care providers, repair people, those providing assistance in any form) as Beings of Power, Purpose, Creative Genius and Abundance.

**Begin to perceive Acts of Service as Acts of Power.**

**Bless Money You Receive and Give** and increase exchanges that directly connect you with others (farmers market, credit unions, barter, pay it forward etc.).

**Invest in, purchase from, and Donate To Businesses and Endeavors** that Heal Communities, Earth, Economy.

# Money as Sacred, Money is Love

*Money is the visible sign of a universal force, and this force in its manifestation on Earth works on the vital and physical planes and is indispensable to the fullness of the outer life. In its origin and its true action it belongs to the Divine. ~ Sri Aurobindo*

***Money is Energy and Energy is Limitless. By changing our feelings about money from fear, anger, greed and scarcity, to love, joy, abundance and goodwill, we can transform the way money moves through our lives and the lives of others all over the world.***

# Sex, Money, And Pleasurable Life Force Questions

How does the Gemini Feminine within experience powerful, playful pleasure and intimacy?

What would it take for the Gemini Rainbow Goddess to deeply experience vital life force expressed through playful creativity and self expression?

Are you responding to what you think you should do or a sense of duty - or from an inner feeling fueled by desire?

What do you desire to create?

What is your “why” for creating?

*When Your Actions are Accompanied by  
Pleasure - you know you are on the Right Track*

## Sacral Chakra and A New View of Pleasure Paradigm

Some feel our natural ability to experience pleasure was purposely negated by a purposely created virus that infected our DNA and disconnected humanity from its natural pleasure center.

The old story/myth of what happened in the Garden of Eden describes how humanity lost the ability to experience sustainable, ecstatic pleasure.

With the loss of the ability to experience genuine sustainable pleasure negative feelings, experiences, and actions result releasing vast amounts of negative life force energy.

From that time forward we have only had the ability to experience fleeting pleasure and that increases our desire for MORE pleasure without really knowing how to do that in a healthy way.

With the loss of the ability to experience genuine sustainable pleasure, all kinds of negative feelings, experiences, and actions result releasing vast amounts of negative life force energy and humanity became easier to control.

# Questions for Gemini at the Sacral Chakra

What would it take for me to value myself as the Joyous, FUN Gift I AM to this life?

What would it take for me to claim a creatively playful, pleasurable and healthy relationship to money and financial abundance?

What would it take for me to claim and enjoy all the playful, fun pleasure and intimacy that is mine to experience?

What would it take for me to fully love and cherish me exactly as I am?

# Eudaimonia: an Ancient Future Model to Foster Human Potential

We have been taught to equate a growing economy (measured by stock market, assets etc.) with a healthy society, but in the Covid time - we are seeing this is a false Old World Story.

The ancient Greeks understood the wellbeing of its culture was not indicated by economy but through striving for Eudaimonia - a state of flourishing and cultivation of full potential for all people.

Literally Eudaimonia translates to *eu* ("good," well') and *daimōn* ('spirit')—referring to a minor deity or guardian spirit.

In other words, the goal of a healthy culture was to foster happiness within its people, keeping the spirits happy and well fed!

Here is a great article on Eudaimonics by Umair Haque:

# Making Space for New World Stories About Money and Economy

What Old World Stories from binary beliefs (capitalism vs. communism for example) about Money and Economy are driving our current reality?

## Stories like:

- *If people had their basic needs met they'd become dependent and lazy*
- *The government will solve all our problems (or create them)*
- *The marketplace will solve all our problems (or create them)*
- *Poor people are spiritually inferior (or superior)*

## The Gemini Meta Goddess asks:

Do these stories uplift, empower, and support all humans in actualizing their full creative potential?

Do they describe play, fun, and magic as pillars for a thriving culture—or do they suppress, oppress and diminish the magical child in each of us?

***WHAT NEW STORIES DO WE WISH TO TELL?***

# Who are the Gemini Sacral Chakra Demons showing up for you?

- Fear of NOT ENOUGH – money, time, creativity, resources
- Fear of being alone
- Co-dependent with others for Social Connection
- Assessing your Value Based on What You Think Others Think of You

- Fear of sharing your creative expression because you are afraid it is not good enough

## Home Play: Womb/Hara Stories

The HARA in both men and women is the Source of Life or reservoir of vital source energy, the Navel, or physical and spiritual center we all carry.

Begin with an embodiment practice (stretching, dance, yoga, etc.) then ask your womb/hara to share her stories - what she would like for you to know.

She might speak to you through sensation, images, actual message or words delivered to you, memories of experiences still held energetically.

Are there painful experiences she'd like you to witness so they can be released? Is there joy and bliss and pleasure she's aching to receive? What is gestating in her now that needs your nourishment and care? What practices does she suggest so you can be more deeply connected to her and guided by her embodied wisdom?

After you have listened to her stories, thank her and take some time in your Venus Journal to explore the stories she has shared with you and create an action plan to honor her requests and cultivate a stronger relationship with her.

This month play a game that seeks living evidence of a New World Story about money and economy that is already alive and flourishing in your personal life, your immediate world and across the globe.

For example, a **high-profile universal basic income experiment in Stockton, California** gave randomly selected residents \$500 per month for two years with no strings attached. This effort measurably improved participants' job prospects, financial stability and overall well-being, according to a newly released study of the program's first year.
