**Venus appears closest to Spica

Exact Conjunction is Sep 5, 2021

Spica and Arcturus are magical Behenian Stars as defined by the ancient alchemists. They work together as a feminine masculine dynamic duo in sacred relationship. This possibility is enhanced when any planet is near - especially super bright Venus - opening a doorway to greater multi-dimensional experiences.

Spica is in the constellation of the Virgin Priestess (a.k.a Virgo) and is one of the 15 Magical Stars of the Ancient Alchemists. This means whenever planets were within 6 degrees they knew the Star Magic was enhanced and they created some of their most powerful intentions.

The Greeks and Romans saw this constellation as the Great Mother Goddess Cybele with her lion-drawn chariot symbolizing the Lion constellation sitting next to the Virgin Priestess.

Her celebrations included drumming, dancing, singing, and chanting, often all night long.

Venus is with Spica within 6 degrees from Aug 31 to Sep 10 and is exact on Sep 5.

The Virgin Priestess

The constellation of the Virgin Priestess in ancient Egypt as drawn on the zodiacs of Dendera and Thebes was identified with the Goddess Isis of a thousand names, who formed the Milky Way when she dropped the wheat from her hand. [Allen, Star Names].

Gemini & Laughter as Medicine

When we laugh with one another, a positive bond is created.

Helping you:

Be more spontaneous, get you out of your head

Let go of defensiveness.

Forget resentments, judgments, criticisms, and doubts.

Release inhibitions. Relax and Enjoy

Express your true feelings. Deeply felt emotions can more easily rise to the surface.

Using humor helps resolve disagreements and manage conflict with others. It lowers stress levels and tension especially when in highly emotional situations.

**Always Find a
Reason to Laugh.
It may not add
years to your life
But it surely adds
life to your years.**

**What is the NEW Story (Relational Blueprint)
rewriting the story of Hera and Zeus (Juno and Jupiter)?**

How do both engage in Mystical Sacred Union - Heiros Gamos (or Sacred Marriage between the masculine and feminine) on all levels including: spiritually, mentally emotionally, physically, and sexually - as a deeply fulfilling experience?

Once upon a NOW Time

Hera and Zeus committed to their personal growth and relationship from the inside out.

They stopped looking outside of themselves for answers, validation and fulfillment.

They took responsibility for their own experience, realizing they were mirrors for each other including their shadow and their gifts.

They committed to creating a Magical, Loving, Fun, and Fulfilling relationship first with themselves and then with each other.

They practiced: Self-forgiveness and forgiving each other

Compassionate Communication and Active Reflective Listening

They shared Daily Gratitude and Appreciation
They honored and practice each other's love language and much more...

And they lived Happily Ever After!

Creating Magic with our Voice

Ways to reconnect with magic, cultivating more empowered ways to access our magical selves

- Be willing to have a Relationship with Magic
- Find and explore what is most vibrant and alive for you – connect and have a relationship with it
- Cultivate your Relationship with the Magical Sacred Spaces within and around you
- Magic is infused into every part of our world when we know how (or are willing) to see it and give it a voice
- Magic is a perpetual permanent presence – largely forgotten. Yet it still lives within us - especially when we remember.
- Separation occurred due to our cultural conditioning around time and eternity, human and divine, nature and culture, good and evil, right and wrong, life and death, light and dark
- These opposites are not separate - one does not exist without the other. Our task is to remember their relationship rather than how they appear to be different & separate.

Invocation through words/prayers/poetry/song is a Magic Formula for focusing our attention on our intention, bringing forth our divine soul and calling us home to the truth of who we really are...

Cast a Spell of Hope for the World

Identify an issue in the world around you that troubles your heart. In your Venus Journal, write an incantation describing the situation as if it is already fully and completely transformed in the most wondrous and miraculous way.

Speak this incantation aloud, often. Sing it, chant it, offer it as a prayer to the Universe. Practice believing it is **ALREADY SO!** Live as if it is true. And look for proof this miracle is already unfolding as well as actions you can take to make it true!
