Nunki Venus Activations in 2021-2022

Nunki (12 Capricorn 29) is being activated by Venus three times (first pass is November 19 and the last pass is around Feb 7 after stationing direct with Nunki on Jan 29) so it is strongly featured stellar magic leading into the Venus Capricorn cycle.

The sixth brightest star in the sky is in an area designated as “The Water” by the Greeks and described as the “Star of the Proclamation of the Sea” by the Euphrateans.

With guidance from the Grandmothers, we can work with Nunki through 2022 to activate our inner Water Keeper to bless and care for our Earth’s waters as we move into a Venus Cycle where Earth Care will be the guiding theme in human society.

Image of Venus With Nunki November 19, 2013

Nunki's Role in the New World Story

Nunki marks the Vane of the Arrow in the Archer (Sagittarius) Constellation. The arrow is pointed directly into Galactic Center, the great Cauldron of Death/Life Cycle where we can offer what is toxic within us for full transformation.

With the arrow drawn back and ready for release - Nunki is a potent force helping us concentrate and gather patterns, beliefs, and harmful energies to accelerate our personal healing and clearing journey.

We can also intend that these activations by Venus amplify the much needed release and give away of collective programming around fear, power over and separation that has marked our Old World Story.

This clears the path for us as we complete the Gemini Venus Cycle so the Grandmothers way is clear to ground and bring into manifest reality the New World Story we have been telling and embodying.

Though it is being referred to as a partial eclipse the Earth's shadow will cover nearly 97% of the Moon.

Gemini Meta Goddess at the Crown Chakra in Capricorn

November 8 to December 6

She has gained in strength and wisdom through every portal she has passed through. She is youthful yet ancient, carrying the codes of magic from previous generations and for those to come. She stands in her own authority; she claims her connection to Source.

We hear the call of the Circle of the Grandmothers illuminating new chapters of the New World Story channeling the greatest wisdom of ages past, taking us into a future of wellbeing for our future ancestors.

It is time to claim our domain - the realm that is ours to influence with the power of our imagination, our storytelling, our creative potency. It is time for us to claim our crown of connection to the Divinity that lives in us, empowering us to bring alive a New Earth reality in our lives and for the whole Family of Life.

The Great Threshold Between the Gemini and Capricorn MetaGoddess

With Venus now in Capricorn until March of 2022 we have moved into a threshold period between the Gemini and Capricorn Venus Cycles.

As the Rainbow Goddess, New World Storyteller comes fully alive within us and in our world, we begin to hear the whisper of the Grandmothers.

We step into our Rainbow Robes, Claim our Crowns
Gather our New Earth Playmates and listen deeply for the wisdom call of the wise ancient ones deep in our bones, stirring in our blood.

We have become like a child, a hollow bone, opened and ready to be guided and animated by the most true and ancient knowing within us, to claim our domain where we care for Earth and our Future Ancestors.

New Capricorn - Embody a Playful Spirit

As we prepare for our Capricorn Venus Cycle and the unveiling of the true essence of healthy healed Capricorn, we remember the root meaning of the word.

Capricorn is derived from the Italian *capriola* “a caper, frisk, leap, literally a leap like that of a kid goat.” The word Capricious also hints at the inherent playful nature of Capricorn.

The word Capricious also points to some of the connection between Gemini and Capricorn, with its meaning being “likely to change or reacting to a sudden desire or new idea.”

We can collectively infuse Gemini’s adaptability to change our Capricorn institutions and systems of which we are a part, helping us shift the direction of our human-made world in new and essential ways.

White Buffalo Calf Woman Prophecy and The Sacred Hoop

White Buffalo Calf Woman gave the Lakota the gift of the sacred pipe and taught the people the seven sacred ways to pray.

She told the people she would return to at a time of great shift and transformation, as the harbinger of a new and enlightened era restoring peace and harmony.

She then rolled upon the earth four times, changing color each time and turned into a white buffalo calf before she disappeared. (Representing the four colors of the four directions in the Sacred Hoop)

As she left, great herds of buffalo surrounded the camps.

When a white buffalo calf is born, it is a sign to the people their prayers are being heard and that the promises of the prophecy are being fulfilled.

On **August 20, 1994**, a white buffalo calf (not an albino) named Miracle was born in Janesville, Wisconsin, believed to be first white buffalo calf since 1933. The birth of Miracle was a sign of the impending fulfillment of the legends, bringing hope and peace to all nations and all people.

White Buffalo births are extremely rare occurring approximately one out of every 10 million births. In the USA there was a time when there were less than 500 buffalo left meaning the chances of a white buffalo birth were 610 million to one.

Since 1994 there have been many more white buffalo born in the United States and even in Europe. A ranch near Bend Oregon (formerly located in Flagstaff, Arizona) now has around 20 White Buffalo.

- Rainbow Goddesses
- Rainbow Light Body
- Whirling Rainbow Prophecy and Rainbow Warriors
- Rainbow Serpent
- Rainbow Dragon
- Rainbow Stones

Cree, Hopi, Zuni, Cherokee and other Native American Tribes tell of the Rainbow prophecy referring to the keepers of the legends, rituals, and other myths that will return to help restore the health of the Earth.

The Warriors of the Rainbow will help unite all people creating a New World of justice, peace, and freedom.

They will reteach the values and knowledge that has been lost in time, demonstrating how to have wisdom and extra-perception, and how unity, harmony, and love is the only way forward.

There will come a day when people of all races, colors, and creeds will put aside their differences. They will come together in love, joining hands in unification, to heal the Earth and all Her children. They will move over the Earth like a great Whirling Rainbow, bringing peace, understanding and healing everywhere they go. Many creatures thought to be extinct or mythical will resurface at this time; the great trees that perished will return almost overnight. All living things will flourish, drawing sustenance from the breast of our Mother, the Earth.

The great spiritual Teachers who walked the Earth and taught the basics of the truths of the Whirling Rainbow Prophecy will return and walk amongst us once more, sharing their power and understanding with all. We will learn how to see and hear in a sacred manner. Men and women will be equals in the way Creator intended them to be; all children will be safe anywhere they want to go. Elders will be respected and valued for their contributions to life. Their wisdom will be sought out. The whole Human race will be called The People and there will be no more war, sickness or hunger forever.

~ Navajo-Hopi Prophecy of the Whirling Rainbow

A promise for peace and unity in the future, the Whirling Rainbow Prophecy will come to pass during the time of the White Buffalo. When this happens, all living things – including animals that have gone extinct – will flourish and we will all live and prosper as one united group of people.
