# Charge of the Crone (author unknown)

Hear the words of the Crone Goddess who stands within the crossroads - her torch illuminates the underworld:

I am the Ancient Wise One having given Birth to all that exists.  
I am the Queen of Magic!

I am the Dark of the Moon, hidden in the deepest night. I am the mystery of birth, life, death and rebirth loving and guiding you on your journey.

I give form to the universe. Most ancient are my mysteries.

Therefore, let there be beauty in your strength, compassion in your wrath, power in your humility, and mastery balanced with mirth and reverence. For behold all acts of love and pleasure are my greatest magic.

You who seek to know me, know and remember my mysteries reside within you. If you seek outside yourself - my mysteries will elude you, for they are within you and nowhere else.

Know I have been with you, from the beginning, the comforting hand that nurtured you in the dawn of life, and the loving embrace that awaits you at the end of each life, for I am ALL that is attained at the end of the spiral dance.

I am the wise womb of all new beginnings as yet unimagined and unknown.

The Sun in Twins from June 22 until July 20

As planets pass through the Twins the transmission available to us suggests we can access even deeper wisdom that transcends the seeming opposites.

Opposites (such as light/day and dark/night, right and wrong, wholeness and separation) can lead to the experience of polarization.

**Transcending or uniting these opposites supports the manifest realization of the Divine Plan returning us to greater wholeness.**

**The July 17 New Moon** is located at the exit point of the Sacred Hoop of Stars. See Crown Chakra Class for more on the Sacred Hoop...

### 7<sup>th</sup> Moon Cycle Clan Mother Loves All Things

Her Color is yellow and her cycle represents *loving the truth* found in all life forms.

She teaches us the wisdom of nurturing and compassion towards self and others.

She is the keeper of Sexual Wisdom and shows us that every action of physical life is as sacred as our spiritual growth. They are the same.

Do everything in life with a happy heart

Teaches us to Love our bodies and to honor the pleasure of being human.

Teaches us we can find joy in physical life, without trying to escape our pain by being addicted to false pleasures and compulsive behavior patterns.

She holds the wisdom of allowing and does not smother her children or impose rigid rules.

- Patriarchy views the Lion constellation as masculine...It is just as easily a great Lioness – Like Sekhmet.
  - Regulus is associated with Royalty or the Divine, better yet how about the royalty or divinity within?
  - Regulus represents great success when practicing Forgiveness (from the heart) as it helps one forgo the need for revenge.
- Those who seek revenge with Regulus prominent on their chart will lose their standing in society
- Regulus is considered a doorway to the Hall of Records – similar to what is said to be under the Sphinx.

Venus is in the seasonal sign of Leo for about 4 months. During this time Venus is moving in and out of the Lion constellation during her retrograde.

## Reclaiming the Soul Star Chakra Capricorn Meta-Goddess with Venus in Leo

Until Aug 15

The Capricorn Meta-Goddess ends her journey in Leo, closing one cycle and rebirthing another. Our Grandmother Wisdom midwives our Sovereign Queen. The Capricorn Goddess finding her completion in Leo reminds us of the immense importance of Self-Love, our Divinity and Creatorship as a path of service to others. Through embodying the Goddess, we shine our luminescent Light into the world, channeling the Universal Heart into the circle. The Goddess show us our connection to the Cosmos through our Soul Star Chakras, teaching us to reclaim our sacred union to “all there is” through our Higher Selves. Morphing from dualism into unity consciousness, we merge with the Universal Grandmother, in radiant self-love that carries us into our true purposes, where we channel the light of the Goddess into our hearts and out into the world.

Mighty Capricorn Goddess please lead us to our Divine Connections with our Souls, through radiant Love. Please help us to shine our creative powers. Help us to serve this terrestrial plane through our celestial connection to Venus, acting as her emissaries here on earth. Helps us to honor our inherent Wisdom and Sovereignty within.

- ❖ How is it I am now experiencing greater oneness with my Inner Goddess?
- ❖ How am I always radiating more and more of my Divine Light into the Cosmos?
- ❖ How is it I am always growing into greater oneness with my Soul?

**"When the

speak, the  
Earth will

**ANCIENT  
PROPHECY**

The International Council of 13 Indigenous Grandmother's represents a global alliance of prayer, education and healing for Mother Earth and all her inhabitants for the next 7 generations to come.

They believe the teachings of our ancestors will light the way through an uncertain future and are on a mission to protect their cultures, medicines, lands, language and ceremonial ways through projects that educate and nurture our children.

# Honoring the Crones – Grandmother Wisdom

As you move through these changing times be easy in yourself and be easy on one other.  
You are at the beginning of something new. You are learning a new way of being.  
You will find yourself working less in the yang modes that you are used to.  
You will stop working so hard at getting from point A to point B the way you have in the past,  
But instead, will spend more time experiencing yourself in the whole, and your place in it.  
Instead of traveling to a goal out there, you will voyage deeper into yourself.

Your Mother's Grandmother knew how to do this. Your ancestors from long ago knew how to do this.

They know the power of the feminine principle and because you carry their DNA in your body, this wisdom and way of being is within you.

Call on it. Call it up. Invite your ancestors in. As the yang-based habits and the decaying institutions on our planet begin to crumble, look up. A breeze is stirring. Feel the Sun on your wings.

# The Leo Venus Ceremonial Series will focus on...

- Understanding and celebrating the Importance of healthy self love in creating a more joyous world.
- Knowing that Shining is Natural and Easy when we remember we are the Divine Light of Love
- Transforming all thoughts, feelings, and experiences into Radical Radiant Self-Love, Self-Confidence, Self-Acceptance, Self-Approval, Self-Care and Self-Respect

This is NOT about being in service to others as the primary motivation for living from self-love and personal sovereignty.

Rather it shows up as the result of how light shines wherever it is because it IS...

The light of the Sun doesn't shine on just a few.  
It shines on everyone.

When our personal light is shining freely as an expression of vibrant, healthy, radiant love light - it uplifts everyone around us.
