# The Aquarius Perigee (Super) New Moon Begins the Year of the Dragon

## From the Dragon Oracle Cards Guidebook by Diana Cooper

Quan Yin was a great and revered dragon Master who lived for 2000 years in China.

Quan Yin's dragons are the most beautiful, pale luminous pink of the **sacral chakra**. These fifth dimensional pink dragons created special portals for Quan Yin so that she could go through them and rest in the higher Plains. That is why she could be here for so long.

When asked these Dragons pour their transcendent love into any cords that tie us to others, whether from this life, or any other, in any dimension or plain of existence, dissolving all Karma, under the law of Grace.

They help us to see with the eyes of love and look for the Divine in everyone and be aware of all situations from a higher understanding knowing that Quan Yin's gentle pink dragons are by our side helping us enrich and transform all our relationships (into loving kindness).

Remember to thank these Dragons for enhancing your life!

### QUAN YIN'S PINK DRAGON

Brings firm love that resets your karmic balance.

*See all your cords dissolved by transcendent love.  
Enjoy your freedom. Look for the divine around you.*

## Dragon Years

1916, 1928, 1940, 1952, 1964, 1976, 1988,  
2000, 2012, 2024, 2036

Dragons are associated with supernatural power, good luck, wisdom, strength, hidden knowledge, protection, and transformation.

In the context of the ascension process the dragon represents the inner strength and resilience needed to navigate spiritual growth and transformation.

Dragon years are a great time to cultivate and deepen our relationship to Dragon energies.

Dragons remind us we are powerful and can achieve anything we want.

Obstacles are opportunities for us to shine.  
Change is a natural part of life and dragons encourage us to embrace it instead of resisting it.

Oh keeper of ancient knowing,  
Whisper your Wisdom to Me,  
That I may always remember  
Life's sacred mystery.

The stories of the Grandmothers,  
Brave deeds, great and small,  
The progress of the Faithful,  
Who answer our Mother's call.

The cycles and the seasons  
That mark our every change,  
The rebirth of our visions,  
The spirit we have reclaimed.

Here truth is the victor  
Of the war that dwells within,  
Bringing every human heart

## Releasing at the Sacral Chakra Leo Meta-Goddess with Venus in Capricorn

thru Feb 16

The Leo Goddess expresses through the Capricorn Goddess, as we discover deeper layers of our Divine Selves, finding greater Self Love in service to others, utilizing fire and earth. We heal, in part, to serve the generations to follow, paving the way for their fuller experiences of abundance, creativity and healthy sexuality.

How does grounding ourselves into our physical experiences help us to release the distortions to our abundant creative powers? How does the wise one within teach us that we are the Divine embodied, manifesting from our divine wombs — no matter our biology? How does healing ourselves serve others?

We walk with the Lioness and Crone Goddesses to bring the Divine into into our physical bodies and into our practical, real-world experiences.

What would it feel like to release any wounds that block our inspired sexuality?  
What would it take to release any distortions preventing us from manifesting our creative powers?

How would it feel to be liberated from obstacles that impede our infinite abundance, always feeling supported by the divine?

# Releasing at the Sacral Chakra Leo Meta-Goddess with Venus in Aquarius

Feb 16 – Mar 11

The Leo Goddess expresses through the Aquarius Goddess to serve our souls with fire and air. We explore our Divine natures, cultivate greater Self Love through increased consciousness, detachment and the collecting of information, in order to clear distortions that hold back our creative, abundant and sexual powers.

How does detachment serve loving ourselves more fully? How does envisioning the bigger picture bring us more fully into our Divine natures? How does increasing our consciousness invite greater Love into our generative wombs (again regardless of our biology)?

We walk with the Lioness and Eagle Goddesses to comprehend from a wider outlook, allowing us to perceive the blockages to our creative powers, so we may release them.

How would it feel to release distortions to our living in mindful abundance? What would it take to let go of any fears around our intentional creativity? What would it take to remove any blocks to experiencing conscious sexuality?

## Honoring the Queens Parvati at the Sacral Chakra

She is a Mother Goddess of Power, Nourishment, Devotion, Motherhood, Fertility and Harmony.

Parvati means “Daughter of the Mountain.”

She is one of the central deities of the goddess-oriented sect called Shaktism and the supreme goddess in Shaivism.

In her full expression, she is a physical representation of Adi Shakti, the supreme Goddess, the primordial power behind the creation of the universe — the creator and destroyer.

Parvati is an embodiment of Shakti — the fundamental cosmic energy. Representing dynamic forces that permeate the universe, Shakti embodies feminine energy.

In Shaivism, she is the recreative energy and power of Shiva, and she is the cause of the bond that connects all beings with the means of their spiritual release.

# Leo Blocks Around Pleasure and Intimacy

## Leo Blocks Around Pleasure

- I'm so focused on how I look, and how others see me that I don't even KNOW if I'm feeling pleasure
- I am so distracted by external standards of success I am not allowing myself to really know what creative activities light me up and bring me pleasure

## Leo Blocks Around Intimacy

- I don't want to be vulnerable
- I need to be in charge
- I must be center stage
- I don't know how to share and be vulnerable
- I can't give up commanding the space

# Sacred MONEY

## THE POWER OF HEART-CENTERED FINANCE

GENEVIEVE CHAVEZ MITCHELL

*What if it's all sacred? What if we come to see money as one more modality to engage in a sacred way with the world?*

*Each of us has a money story that influences our decisions about earning, spending, saving, and how we interact with the world. What is your internal dialogue about money?*

*Financial freedom is possible, if we remember that money is not our source, but rather God, Goddess, or the Universe—however you define the Greater Good—is our Source.*

*You and I are the imaginal cells of the new future we are creating with our money.*

*As we honor our relationship with money to include our sacred self, we also honor the Divinity in each other. We can transform the financial system with which we interact so that it too can become just, kind, and regenerative. By adding caring, compassion, and kinship to our money flow, we impact the world in beautiful ways.*

# Similarities between Leo and Money/Value

- Money for Leo is a resource/tool to support them in shining bright. Healthy Leo also loves to support others in shining their light.
- Our Money and Value paradigm changes as our perspective about them changes recognizing there is more than enough for everyone.
- Money and Healthy Personal Value as expressed through Leo is knowing you are divinely supported when valuing who you are and how you show up.
- **The Leo Meta Goddess might ask:** How do we infuse money with sacred intent including divinely inspired use in supporting and uplifting ALL life?
