Deepening Practice for the Earth Star Chakra Gate

It is a great time to release all habits of forgetfulness and disconnection from our true sources of power.

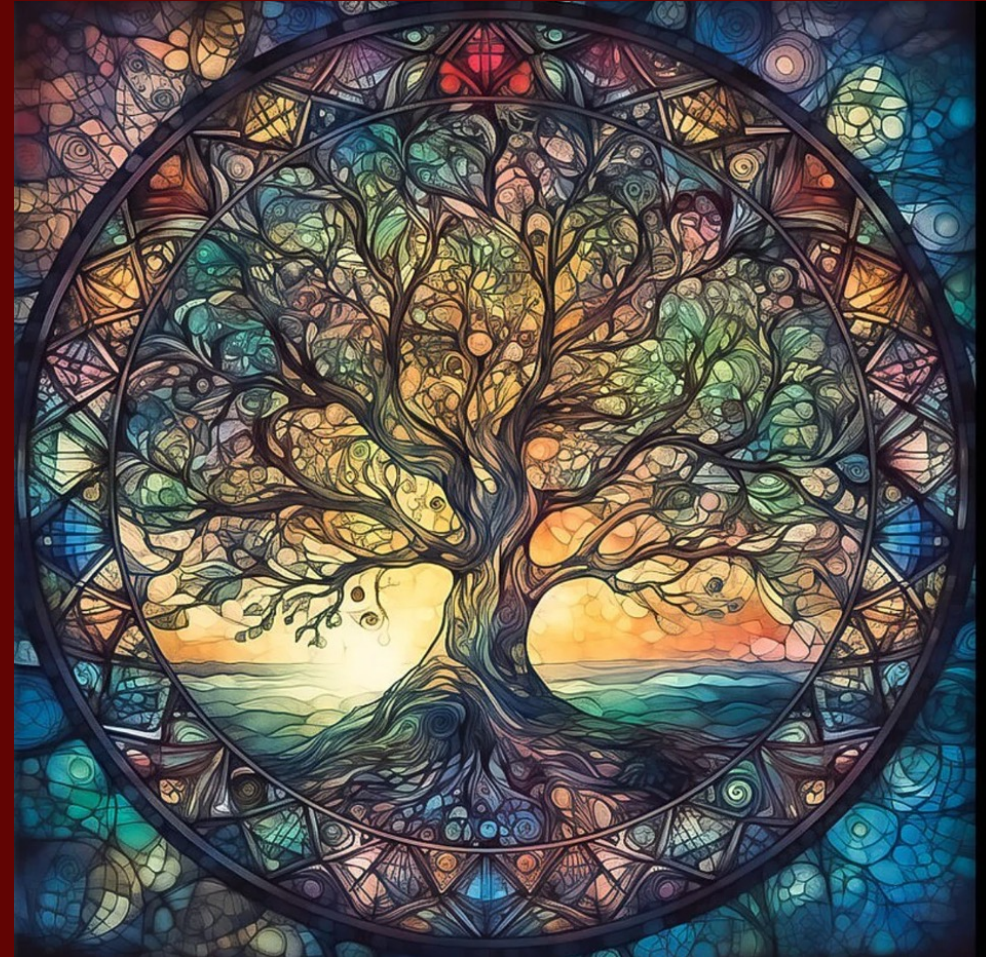

It is time to surrender the false belief that we are alone in the Universe, so we can once again connect with our true lineage.

In your Venus Journal explore your relationship with Your Ancestors and the Earth. Start by creating an invocation to recognize and honor your ancestors, AND/OR a vision board that depicts them or your desired relationship with them, find objects for your altar to represent key sources of power.

Embrace these sources of power and allow them to Support You during your Underworld Initiation.

Find ways to release any embodied negative beliefs and traits passed down to you through your ancestral line.

- Strengthening Blood ancestors
- Strengthening Spiritual ancestors
- Sacred Landscapes Shaping You (and their original people)
- Plants and animals that are lineage holders for you
- Stones/Crystals that strengthen you
