Venus in Alchemical Astrology

A large, glowing sphere with intricate geometric patterns and a central figure, set against a dark, starry background. The sphere is filled with complex, colorful lines and shapes, resembling a mandala or a complex astrological chart. A central figure, possibly a woman, is visible within the sphere, appearing to be in a meditative or transformative state. The overall aesthetic is mystical and spiritual.

VENUS Represents an Exploration of the DIVINE FEMININE through many different archetypes and phases of the Venus Cycle.

From the Alchemical Astrology perspective Venus is NOT limited to concepts like romance, relationships, personal aesthetics, or values around money and material possessions.

Brief Intro to the Venus Cycle

- The Venus Cycle lasts about 19 months
- It begins when Venus rises as **Morning Star ahead of the Sun** in the early morning sky
- During this cycle the 4 Venus phases are
 1. Morning Star - started Aug 19, 2023
 2. **Underworld - where we are now**
 3. Evening Star - starts July 10
 4. Metamorphic Underworld - starts March 16 - 28, 2025
- The **Meta-Goddess** for the entire cycle is the **astrological sign** Venus rises in as Morning Star – currently **Leo**

Venus Cycle Guided by the Ancient Story of the Goddess Inanna

This “myth” is a cosmological explanation of how the Venus Cycle works.

The Inanna Descent Story - is a literal description of how Venus moves through the sky every 19 months.

Descending down into the Underworld, then Ascending back out of the Underworld — through 7 Gates

It is a myth with massive implications for our current time.

Describes the collective descent into and renewal out of patriarchal culture.

It inspires our personal initiatory death and rebirth processes as orchestrated by the Divine Feminine.

The Queen Goddess – Leo Venus Journey

Venus rose in Leo beginning the current cycle

Venus spent almost 9 months as the Morning Star from Aug 19, 2023 to April 27, 2024

Releasing all that was in the way of expressing her Radiant Loving Self.

She passed through 7 visible (and one technically visible) Venus Moon conjunctions, representing the 7 chakras of the body and an 8th Chakra (Earth Star Chakra) or a Shamanically inspired Death by Intent

The Horns of the Bull

In Egyptian mythology the Horns of the Bull are linked with the concept of entering the Elysian Fields.

In Greek and Roman mythology this was the home of the blessed, a location or state of ideal happiness also known as paradise.

One of Pyramid texts reads: “The Bull of the Sky inclines his horn, so that [the deceased] may pass.”

This describes traveling down the Celestial Highway or River of Stars defining our soul's journey.

In classical mythology, the Elysian Fields was a place of blessedness and peace where everything was delightful, with soft green meadows, lovely groves, a delicious life-giving air and sunlight that glowed softly purple.

The Horns of the Bull

A Gateway to Paradise?

In Greek mythology, Elysium was a section of the Underworld.

The poet Virgil describes Elysium as having eternal spring and shady groves, **with its own Sun** - lit by its own stars. (Aeneid book vi:541).

When Planets are passing between the Horns of the Bull (in this case Venus and the Sun are meeting here) it could be experienced as a test of one's willingness to pass through to a better life.

What does Paradise mean to you?

What needs to die or is in the way of having this living experience?

Are you ready to Live Paradise on Earth?

Venus in Her Underworld Phase

Underworld Venus is akin to being in the belly of the Goddess, the Belly of Sekhmet or perhaps the Belly of the Whale as in the story of Jonah and the Whale

Sekhmet is a compassionate healer. She has the ability to destroy what no longer serves opening the way to what is growing and evolving.

As Nikki Scully Tells us:

She (Sekhmet) is the container, solid yet flexible, that holds you safe while you are being cooked and your demons digested and transformed into their more productive useful potential...

This is an Alchemical Transformation turning the ordinary (our deeply ingrained, unconscious reflexive responses) into the extraordinary, through the power of consciously enlightened choice!

SEKHMET

Transformation *in the* Belly of the Goddess

NICKI SCULLY

Forewords by Normandi Ellis and Hank Wesselman, Ph.D.

Transformational power is within each of us.

In the Belly of the Whale we might ask:

What would it take for me to remember who I truly am?!

Sekhmet In the Belly of the Dark Goddess

This transformation process is a kind of alchemy, a way of turning the lead of our deeply ingrained, unconscious reflexive responses into the gold of enlightened choice.

It is alchemy or transformation from one thing to another (i.e. dough to bread).

Transmuting from our mundane selves into our spiritual Soul Selves.

In 1999 Cayelin got to visit Sekhmet in her Luxor Temple (formerly Thebes) near the beginning of the Leo Meta Goddess Venus Cycle.

In 2006 Sekhmet came to Cayelin in a dream opening the way to the Cave of Initiation. A few months later she read Lynn Andrews 1993 book *The Woman At the Edge of Two Worlds* accurately describing her dream.

Leo Venus Goddess in the Underworld Questions

- What would it take for me to trust the darkness, the stillness, the Goddess of the void?
- What would it feel like for me to accept and lean into whatever the Underworld brings forth for me?
- What would it take for me to completely feel into my shadow and liberate myself?
- How would it feel for me to know I am moving into greater personal empowerment and expression?

Underworld Practice

Keep It Simple

Feel YOUR Feelings as you wake up.

Are you Anxious, Panicked, Scared, Mad, Hurt, Depressed, Angry, Overwhelmed, Weary, Drained, Exhausted?

Are you feeling happy, content, joyful, inspired, excited.

Is someone or something irritating you?
(i.e. politics, work, family)

If you are not sure what feelings to be with - ask your body
what is ready to be felt or is ready to arise from deep within?

Perhaps you notice a recent painful incident or one from
long ago that you are still grieving or seething over?

Find a way to feel what you feel. Journal, Dance, Move, Lie Still, Tone, Scream, Cry, Howl, Keen,
Beat a Pillow...Shake your body (see next slide for shaking practice)

Underworld Feeling Practice

If you have time when you awaken rock or shake your body while still in bed, moan, cry, scream, sigh with intent to feel what you feel for as long as needed or as long as you have time to feel it...

Once you notice the feeling has lessened or vanished altogether - send love and light to the person or situation and include yourself.

There are many layers to grief and pain so revisit or check in each morning allowing whatever feelings are there to emerge with the intent to feel them and let them go.

When the Feelings have eased, ask the part of you that Knows (via meditation or journaling or self-reflection) what are the best activities and actions to take care of yourself for now.

Remember what your body wants may change from day to day.

This Quote Summarizes the Essence of Leo

Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness that most frightens us.

We ask ourselves, 'Who am I to be brilliant, gorgeous, talented, fabulous?' Actually, who are you not to be?

You are a child of God. Your playing small does not serve the world. There is nothing enlightened about shrinking so that other people won't feel insecure around you.

We are all meant to shine, as children do. We were born to make manifest the glory of God that is within us. It's not just in some of us; it's in everyone.

And as we let our own light shine, we unconsciously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others.
