Becomes Her Vision

The waking dream comes to life
And lives her vision through me.
Emerging from the chrysalis,
She sets her healed heart Free.

Mother of the seeds of Change,
Who nurtures them as they grow,
You planted a dream in my heart
To illuminate what I know.

You taught me how to give away
My fear of becoming the dream,
Showing me how to walk my truth,
Reclaiming self-love and esteem.

As I become all that I am,
Then together we shall fly,
The Spirit of Transformation
Reflected in the Condors Eye.

Reclaiming the Power of our Vision at the Third Eye Chakra with the Leo Meta-Goddess and Venus in Pisces

Jan 2/3 - Feb 3/4

The Leo Meta-Goddess transitions into Pisces, followed closely by the Moon, as they unite to open the gateway of our Third Eye Chakra.

This sacred moment invites us to honor our divinity through the lens of self-love, infused with compassion and empathy. It is through the love of the Goddess that our visions are sharpened, and our perceptions expand. When we embrace kindness and love, we see beyond the surface and into the vision of humanity's shared joys and sorrows.

By opening our third eye chakra with empathy and connection, we reclaim our divine sight - seeing with our eyes closed, guided by love and reverence. We hold sacred space for humanity's collective healing and the reclamation of a vision rooted in love. Through this widening lens of self-love, we witness love growing across the globe, illuminating every corner with its transformative power.

As the Moon joins Venus, we are inspired to envision a world of global healing and peace - a world where love unites all.

- *How is it that I am now experiencing visions of love?*
- *What would it take for me to honor my divinity with love and compassion?*

The Goddess Wadjet & The Eye of Horus/Ra

The Eye of Horus (a.k.a. Wadjet) is an ancient Egyptian symbol of protection, royal power and good health. The eye is personified in the goddess Wadjet (also written as Wedjat, or “Udjat”, Uadjet, Wedjoyet, Edjo or Uto). Also known as “The Eye of Ra” or Horus.

©Venus Alchemy

The name Wadjet means “the green one”. She was known to the Greeks and Romans as “Uraeus” meaning “risen one” from the image of a cobra rising up in protection. **The Uraeus or cobra is often depicted as rising up over the third eye.** The cobra also connects with the eye as it is known for spitting poison into the eyes of its attackers.

Wadjet, a.k.a. Lady of Flame, was one of the earliest of Egyptian deities who later became **Sekhmet**, Bast, Mut, and Hathor.

The early Egyptians viewed the Milky Way as a Mother Snake Goddess, also called Wadjet. Patriarchy usurped Wadjet, transferring this imagery to Ra, the Sun God or to Horus son of Isis and Osiris.

Wadjet is often depicted with the body of a woman and a lioness head, wearing the Uraeus as in the images of the goddess Sekhmet, the Avenger of Wrongs, Restoring the Cosmic Balance and Lady of Scarlet Garment.

Requesting a Vision**

As a Vision Carrier for the community this chakra gate supports us in reclaiming our ability to receive a Higher Vision for ourselves and the greater reality. Through our magnetic energy we can inspire others to join us in manifesting a New World vision that benefits all life.

At this gate we have just entered 2025 so it is a great time to ask for our own Divinely Inspired Vision...

Ask yourself: Am I open to receive a clear vision for this next calendar year?

©Venus Alchemy

Am I brave enough to share my vision and ask for support in its glorious manifestation?

Your vision may be for you, or it may be for the greater collective, or both.

The visions we each receive are sacred, let us care for them!

Visibility at the Third Eye Chakra

Visibility — reclaiming and honoring our superpowers

“It’s the permission we give ourselves to be seen for the truth of who we are, without tamping ourselves down or packaging ourselves to be digestible to anyone else; without hiding our beliefs, roles, personas, and any remaining stories that hold us back. This allows us to come full circle back to our original visions; and to recognize that we have the power to embody that vision through our words, our deeds, our action, and our very being”

- Nancy Levin *Art of Change*

There's a reason for the sun-shining sky
And there's a reason why I'm feeling so high
Must be the season
When that love light shines all around us
So let that feeling grab you deep inside
And send you reeling where your love can't hide
And then go stealing
Through the moonlit nights with your lover
Just let your love flow like a mountain stream
And let your love grow with the smallest of dreams
And let your love show and you'll know what I mean
It's the season
Let your love fly like a bird on a wing
And let your love bind you to all living things
And let your love shine and you'll know what I mean
That's the reason (Chorus)
There's a reason for the warm sweet nights
And there's a reason for the candlelight
Must be the season
When those love lights shine all around us
So let that wonder take you into space
And lay you under its loving embrace
Just feel the thunder
As it warms your face, you can't hold back
