The Intersection of Knowing and Not Knowing

Illusions, Delusions, Lies and Truth

The Wisdom of Questioning Everything

Neptune and Saturn so close in 2025/2026

In between the lines, there's a lot of obscurity.
I'm not inclined to resign to maturity.
If it's all right, then you're all wrong,
But why bounce around to the same damn song?
You'd rather run when you can't crawl...
Refrain
I know, you know, that I'm not telling the truth.
I know, you know, they just don't have any proof.
Embrace the deception, learn how to bend,
Your worst inhibitions tend to psych you out in the end!

Verse 2

In the realm of compliments, there isn't any higher than
A fabricated misdirection fashioned by a liar.
You think you hate all that you love,
Acting so surprised when it fits you like a glove.

Psychology says, it becomes difficult to accept the truth when the lies told to you were exactly what you wanted to hear.

Verse 3

You want to find the answers then I offer a solution
Everyone has got a dose of healthy disillusion
If it's a game yeah, they wanna play
You better load the dice cause they'll do it anyway..

I know, you know. I know, you know.

I know, you know. I know, you know.

Song from The Friendly Indians: <https://genius.com/The-friendly-indians-i-know-you-know-lyrics> & YouTube Song https://youtu.be/K-QoQqKIsOc?si=sDT_NGEqL6S82re2

Divine Truth

What is Truth? Is it factual? What are the facts?
Is it Honest? How do we know its Honest?
Is it absolute and provable in objective reality?

Or is it partial truth, a grain of truth? When there is a small amount of insight or truth, mixed in with falsehoods and lies.

Truth changes and evolves as our awareness and understanding changes and evolves.

Pluto was a planet and is now a dwarf planet.
Earth 6,000 years old, now 4.54 billion years old.

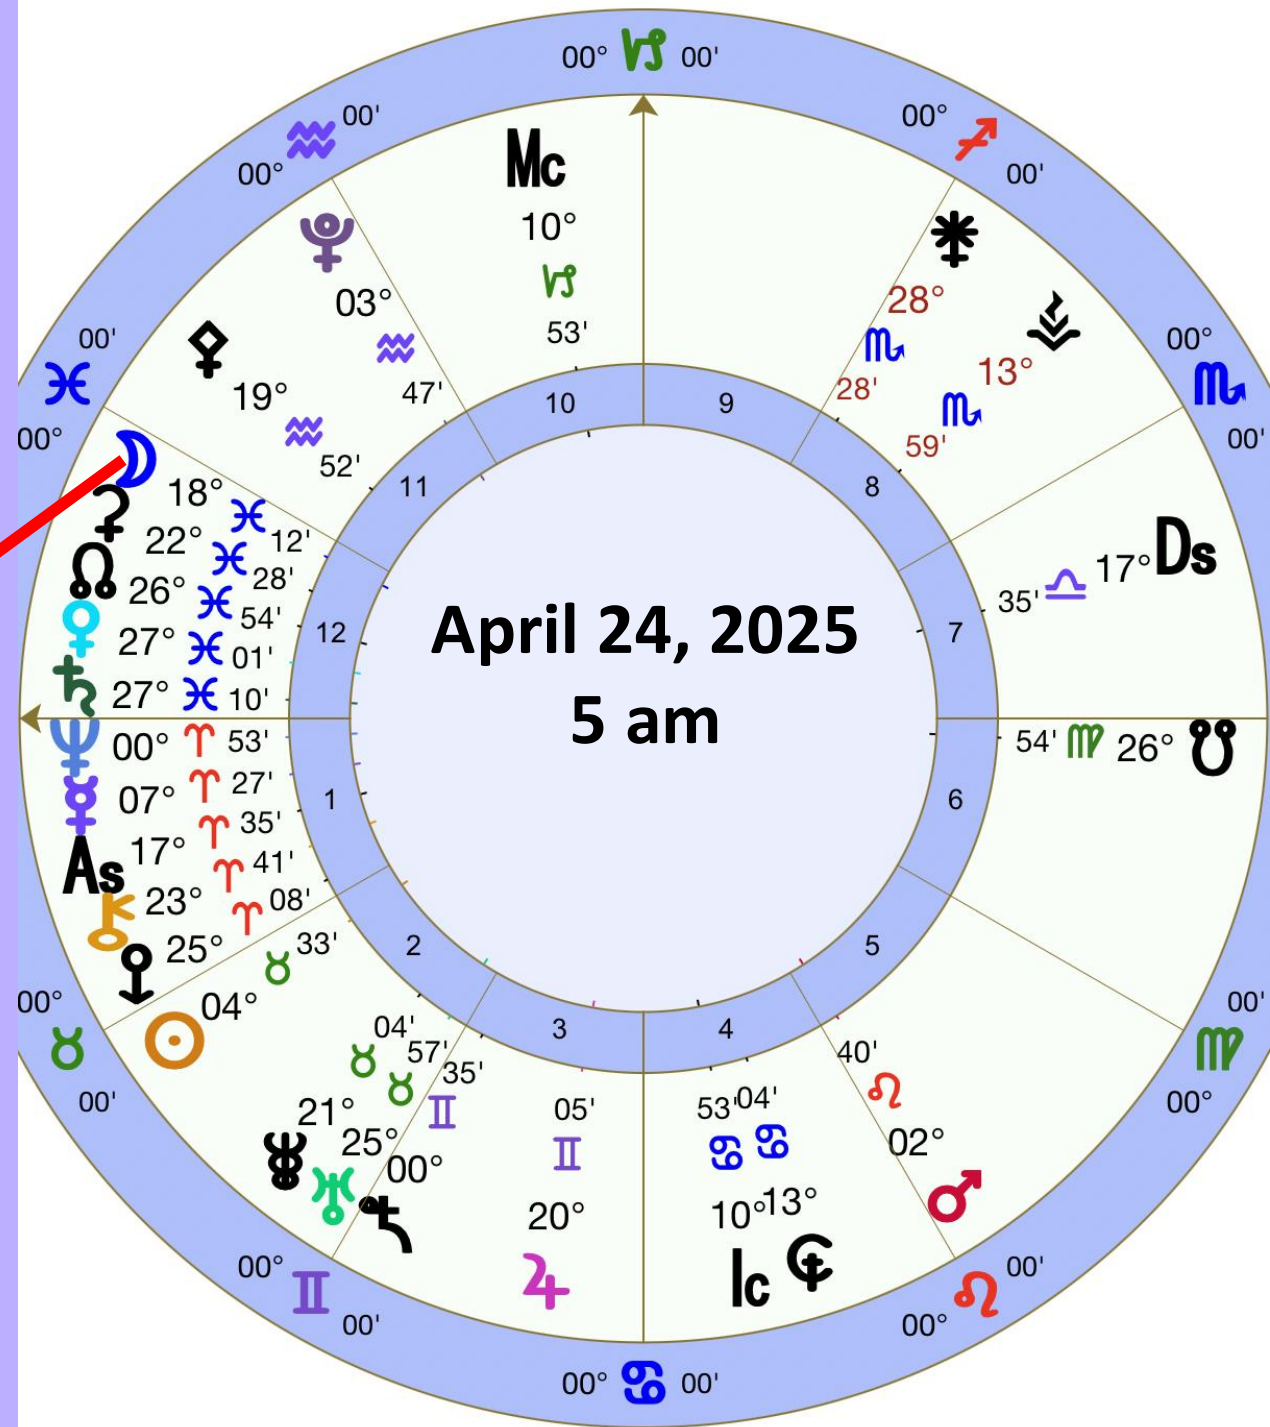

Is Truth a Knowing? A Feeling?
Both a Knowing and a Feeling? Something Else?
What if we have a false sense of knowing?

Does Truth go beyond what the Mind Knows?
Beyond the Limits of this Reality?
Beyond what we can conceive, believe & perceive?

What is the Truth that Sets Us Free?

Is it remembering, knowing and embodying our Divinity?

Mother, teach me how to see

The Faces of the Ancestors,
In worlds both near and far.

Show me how to welcome
The visions appearing to me,
Seeing the truth in detail,
Unraveling each mystery.

Walk me through

Of altered time and space,
That I may share those visions
With every creed and race
Doorkeeper of all dimensions,

Seeing Truth, inside me, today.

Looks Far Woman continued

Looks Far Woman asks us to "See the Truth" from our inner knowing going beyond what we see with our eyes or through our judgments.

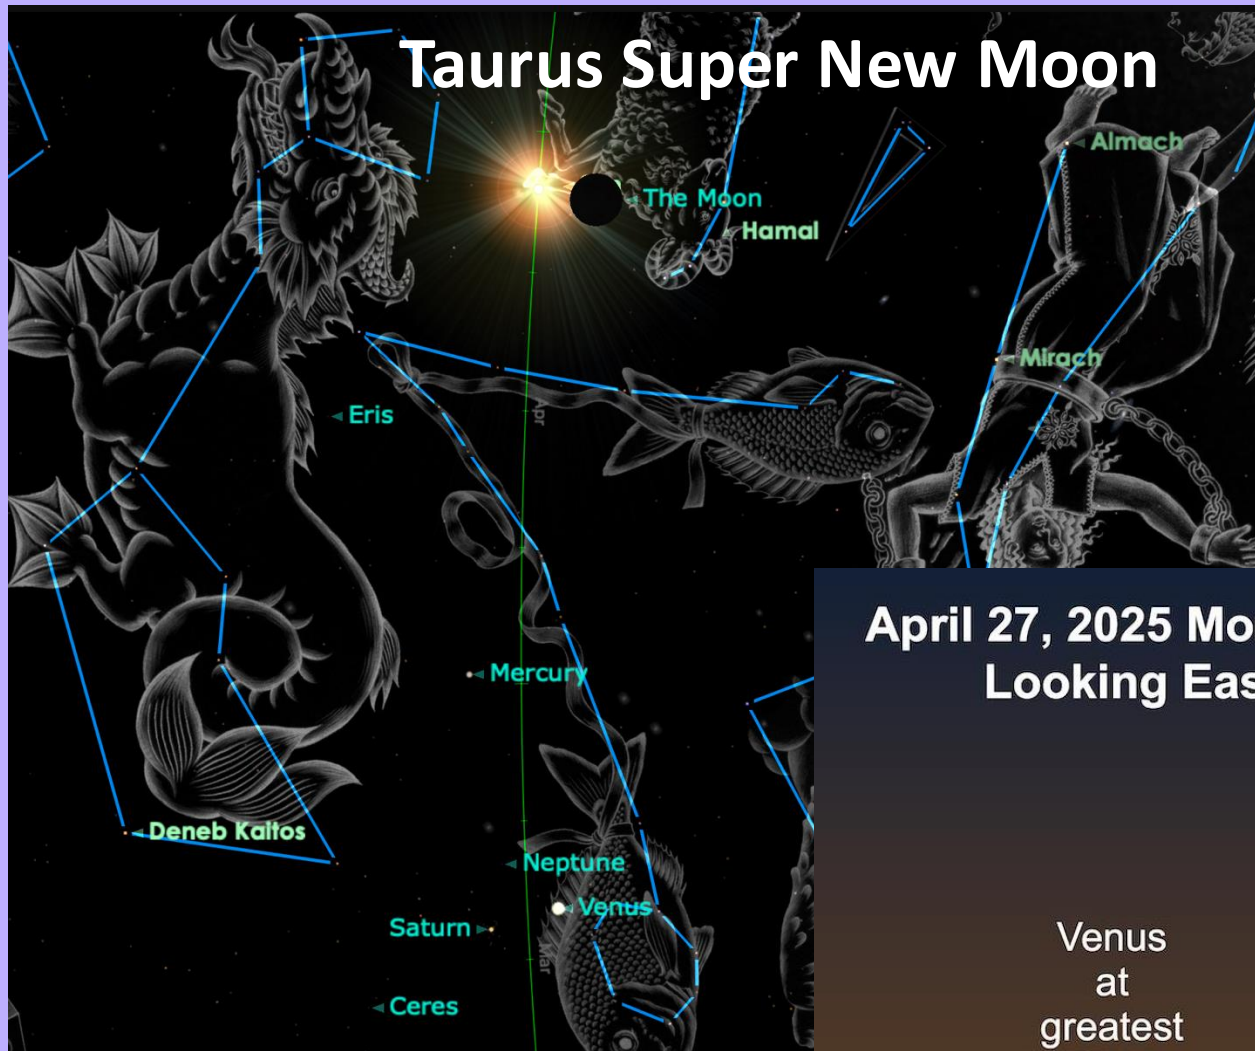

She encourages us to embrace insights and understanding that come through dreams, journeying, and altered states.

She helps healers heal themselves and connect with their inner wise woman who knows how to recognize and receive psychic impressions when they are given.

She assists us in creating and observing healthy and appropriate boundaries.

Aries and Pisces Supporting One Another

Releasing at the Crown Chakra with the Aries Pisces Meta Goddess

Venus: in Pisces thru April 30 and Aries April 30 to June 5

The Aries Pisces Venus Meta Goddess calls us to release the distortions clouding our crown chakras—the energetic blockages that separate us from fully embodying the Divine.

She invites us to reclaim the truth of who we are as vessels of the Goddess, restoring our connection to Source within our sacred feminine bodies.

By embracing the sacred union of fire and water—Aries' fierce purification and Pisces' healing flow—we begin to birth new earth within ourselves. We are forged in her flame and cleansed in her ocean.

This is the moment to surrender what no longer serves: the veils, the wounds, the illusions that keep us from our soul, from Spirit, from the Universe herself.

Aries Pisces Meta Goddess Questions

What would it take for me to live a daily practice of self-connection, so I feel the courage to show up and shine my light?

What would it feel like to know and live completely from my own Divinity, filled with so much unconditional love that all I feel is compassion for myself and all sentient beings on earth?

How is it that I am living and expressing greater trust in my intuitive guidance, trusting my connection to Spirit and the unique Light Shining within me in each moment?

How is it that I am now healing so deeply within myself that I am changing the world around me into a kinder, more loving, feminine-empowered reality?

“We are so focused on personal growth, we’re neglecting society.”

~James Hillman

Aries Pisces Venus cycle is the perfect intersection of both!

Our focus on our individual personal growth can now include serving the collective with our internally healing superpowers!

Honoring Aries Pisces Women

Juana Inés de la Cruz

”She entered a cloistered convent rather than marriage so that she could pursue a literacy and intellectual life and was viciously harassed for her secular writing and intellectual pursuits by the highest members of the Catholic clergy.

In ‘Respuesta a sor Filotea des las Cruz,’ penned in 1691, she offered a lyrical and fervent reply to the bishop who anonymously published a text questioning women’s intellectual capacity.

Her more than 13,000-word response, part poem, part autobiographical lyric essay is considered the first feminist manifesto in the world.

Vision at the Crown Chakra

Your Vision for this Morning Star Phase

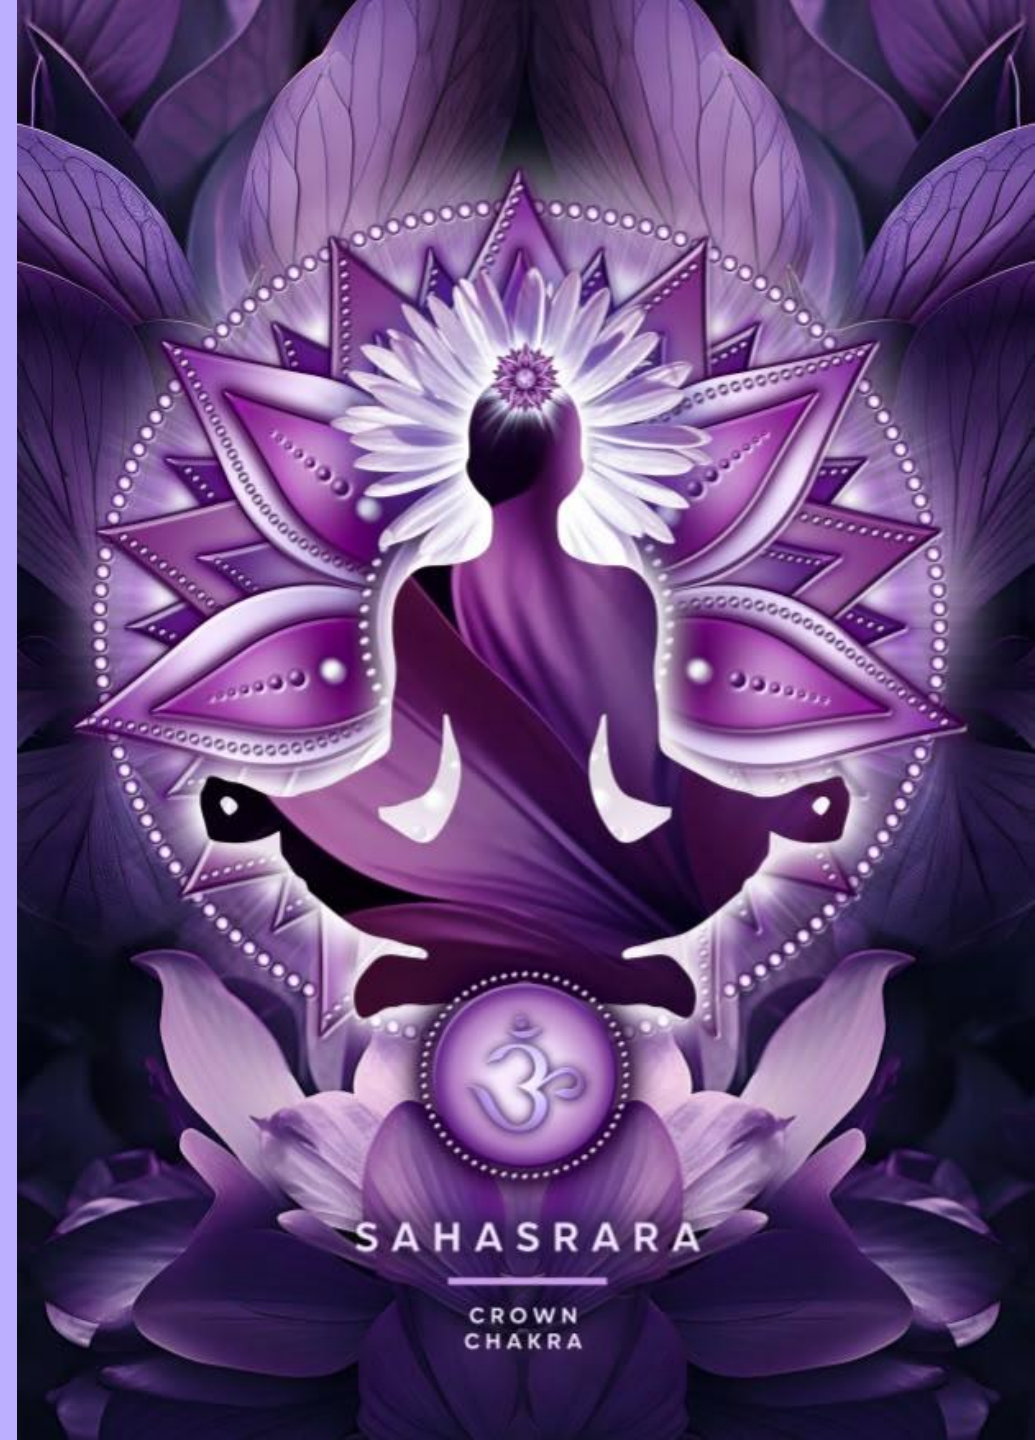

Vision is the secret to creating real and lasting change.

If you want to create change in your life—move from where you are now to where you want to be—you need a road map.

Once you know where you are headed, you can make choices and take actions to support your dreams.

When we set our course in alignment with our ideal set of circumstances, it has the power to transform us.

Your vision already exists within you—it doesn't need to be created.
