Echoes of the Ancestors
Ride the Winds of Change,
Voices of the Creatures
Calling out my Name.

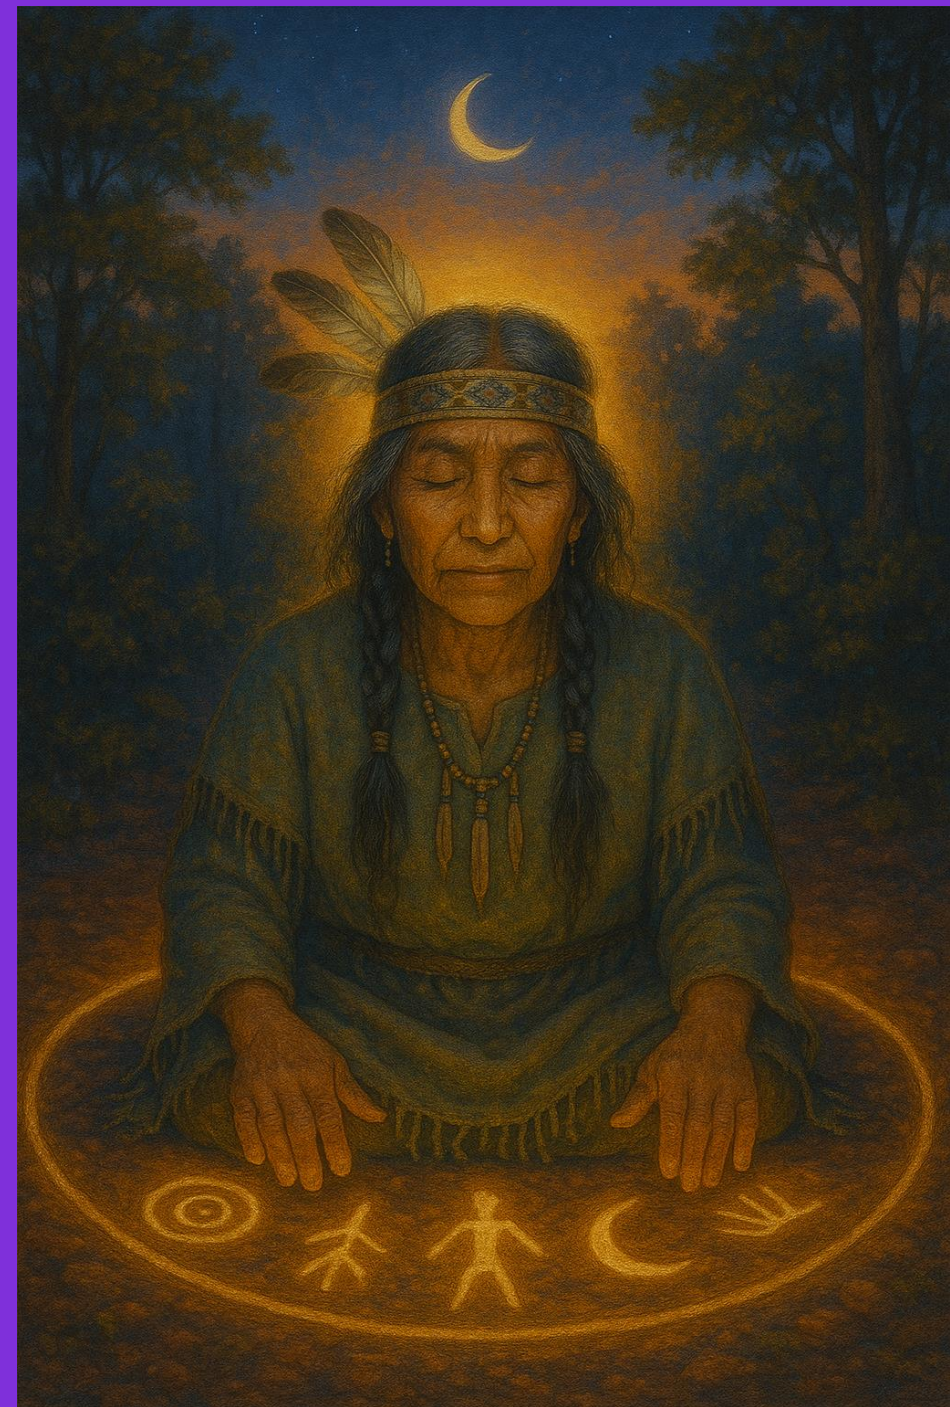

Singing spirits on the breeze,
The crashing of waves to shore,
The pounding of the Earth's heart
Teach me what to listen for.

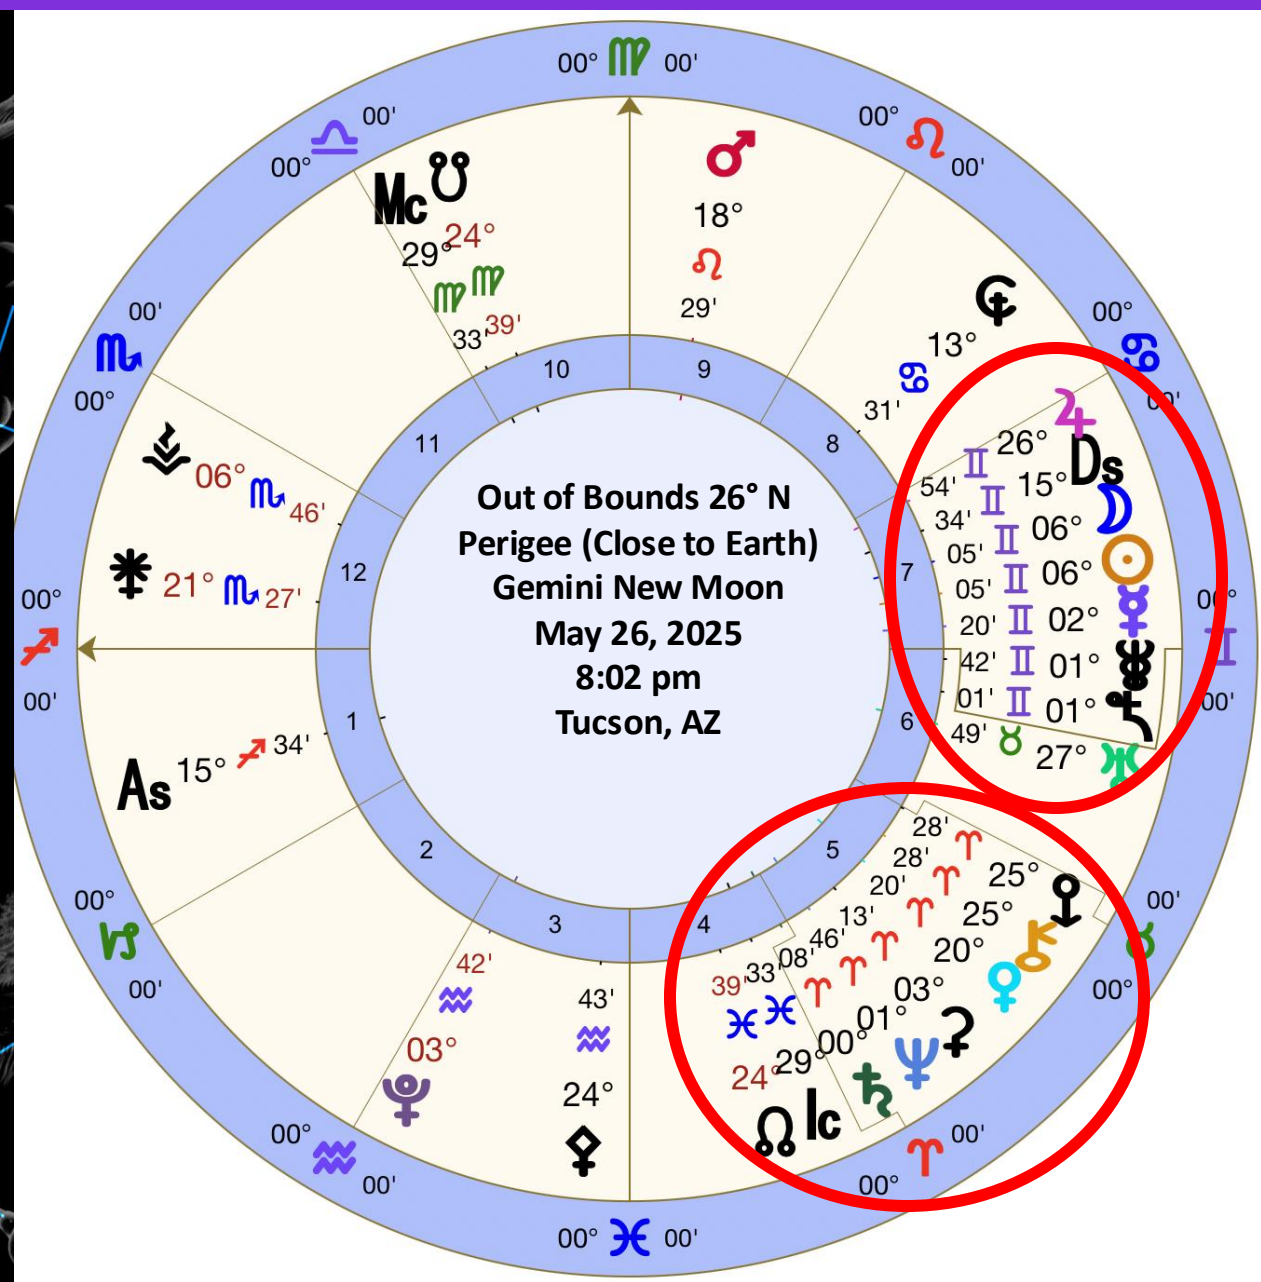

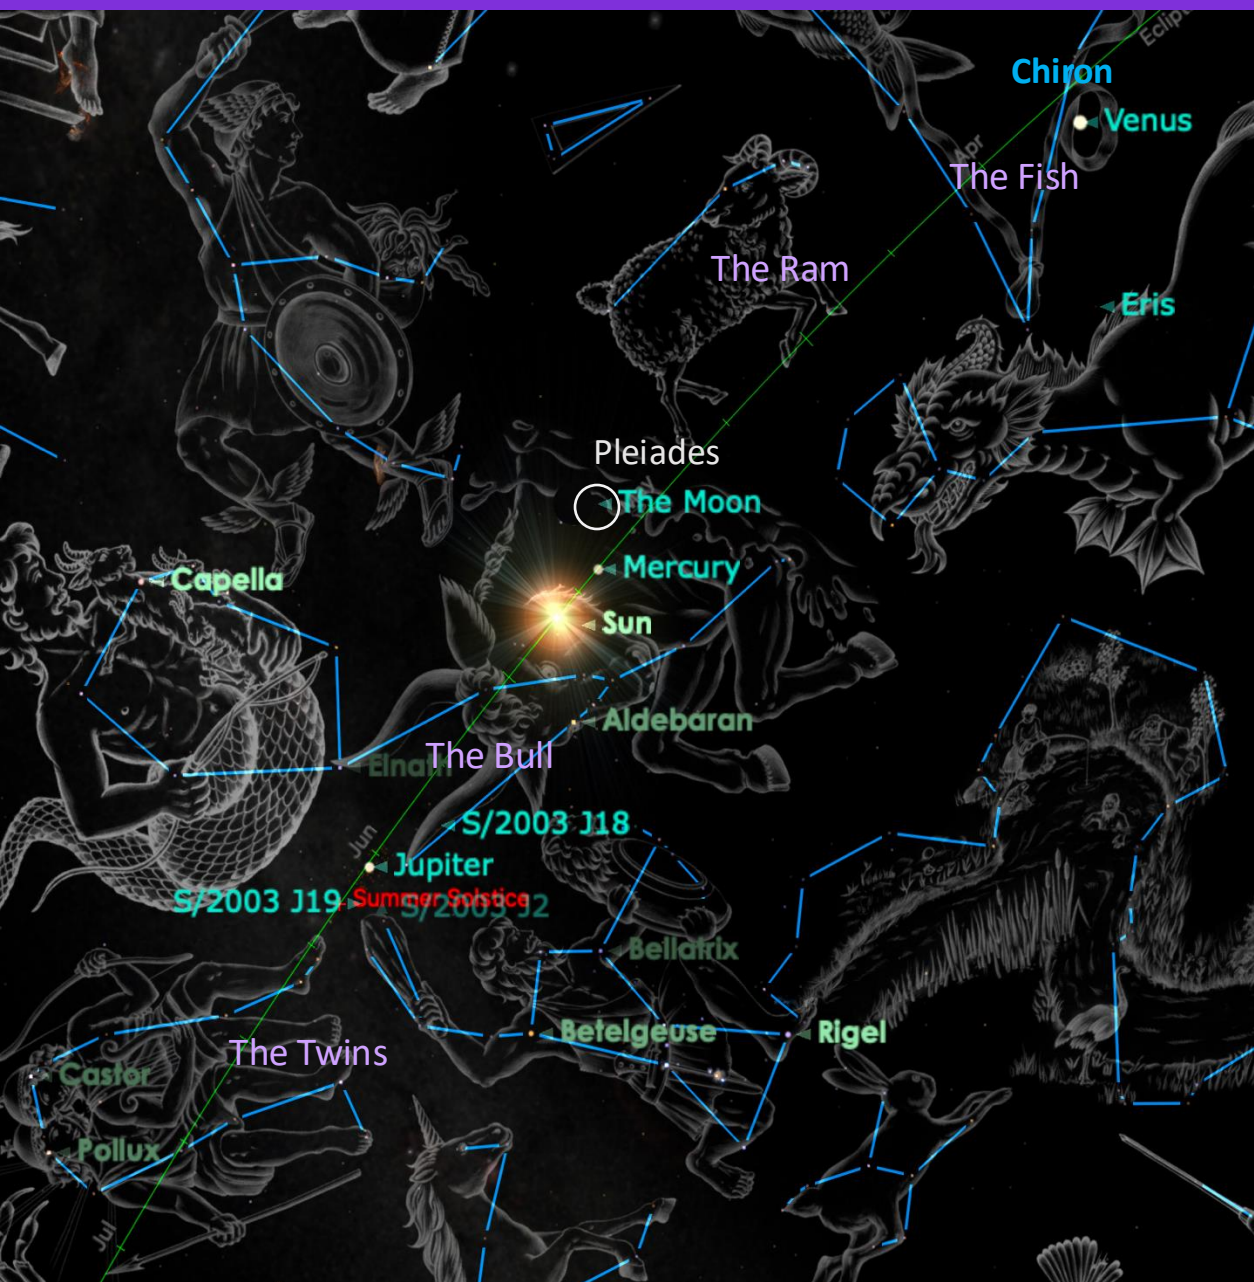

In stillness, before dusk and dawn,
Hidden messages are set free.

My ears can hear this music,
And my heart can understand.

Clan Mother Tiyoueh,
I am yours to command.

I listen for your whispers
On a course you will chart,
Searching for the still voice
that lives within my heart.

Crazy Wisdom

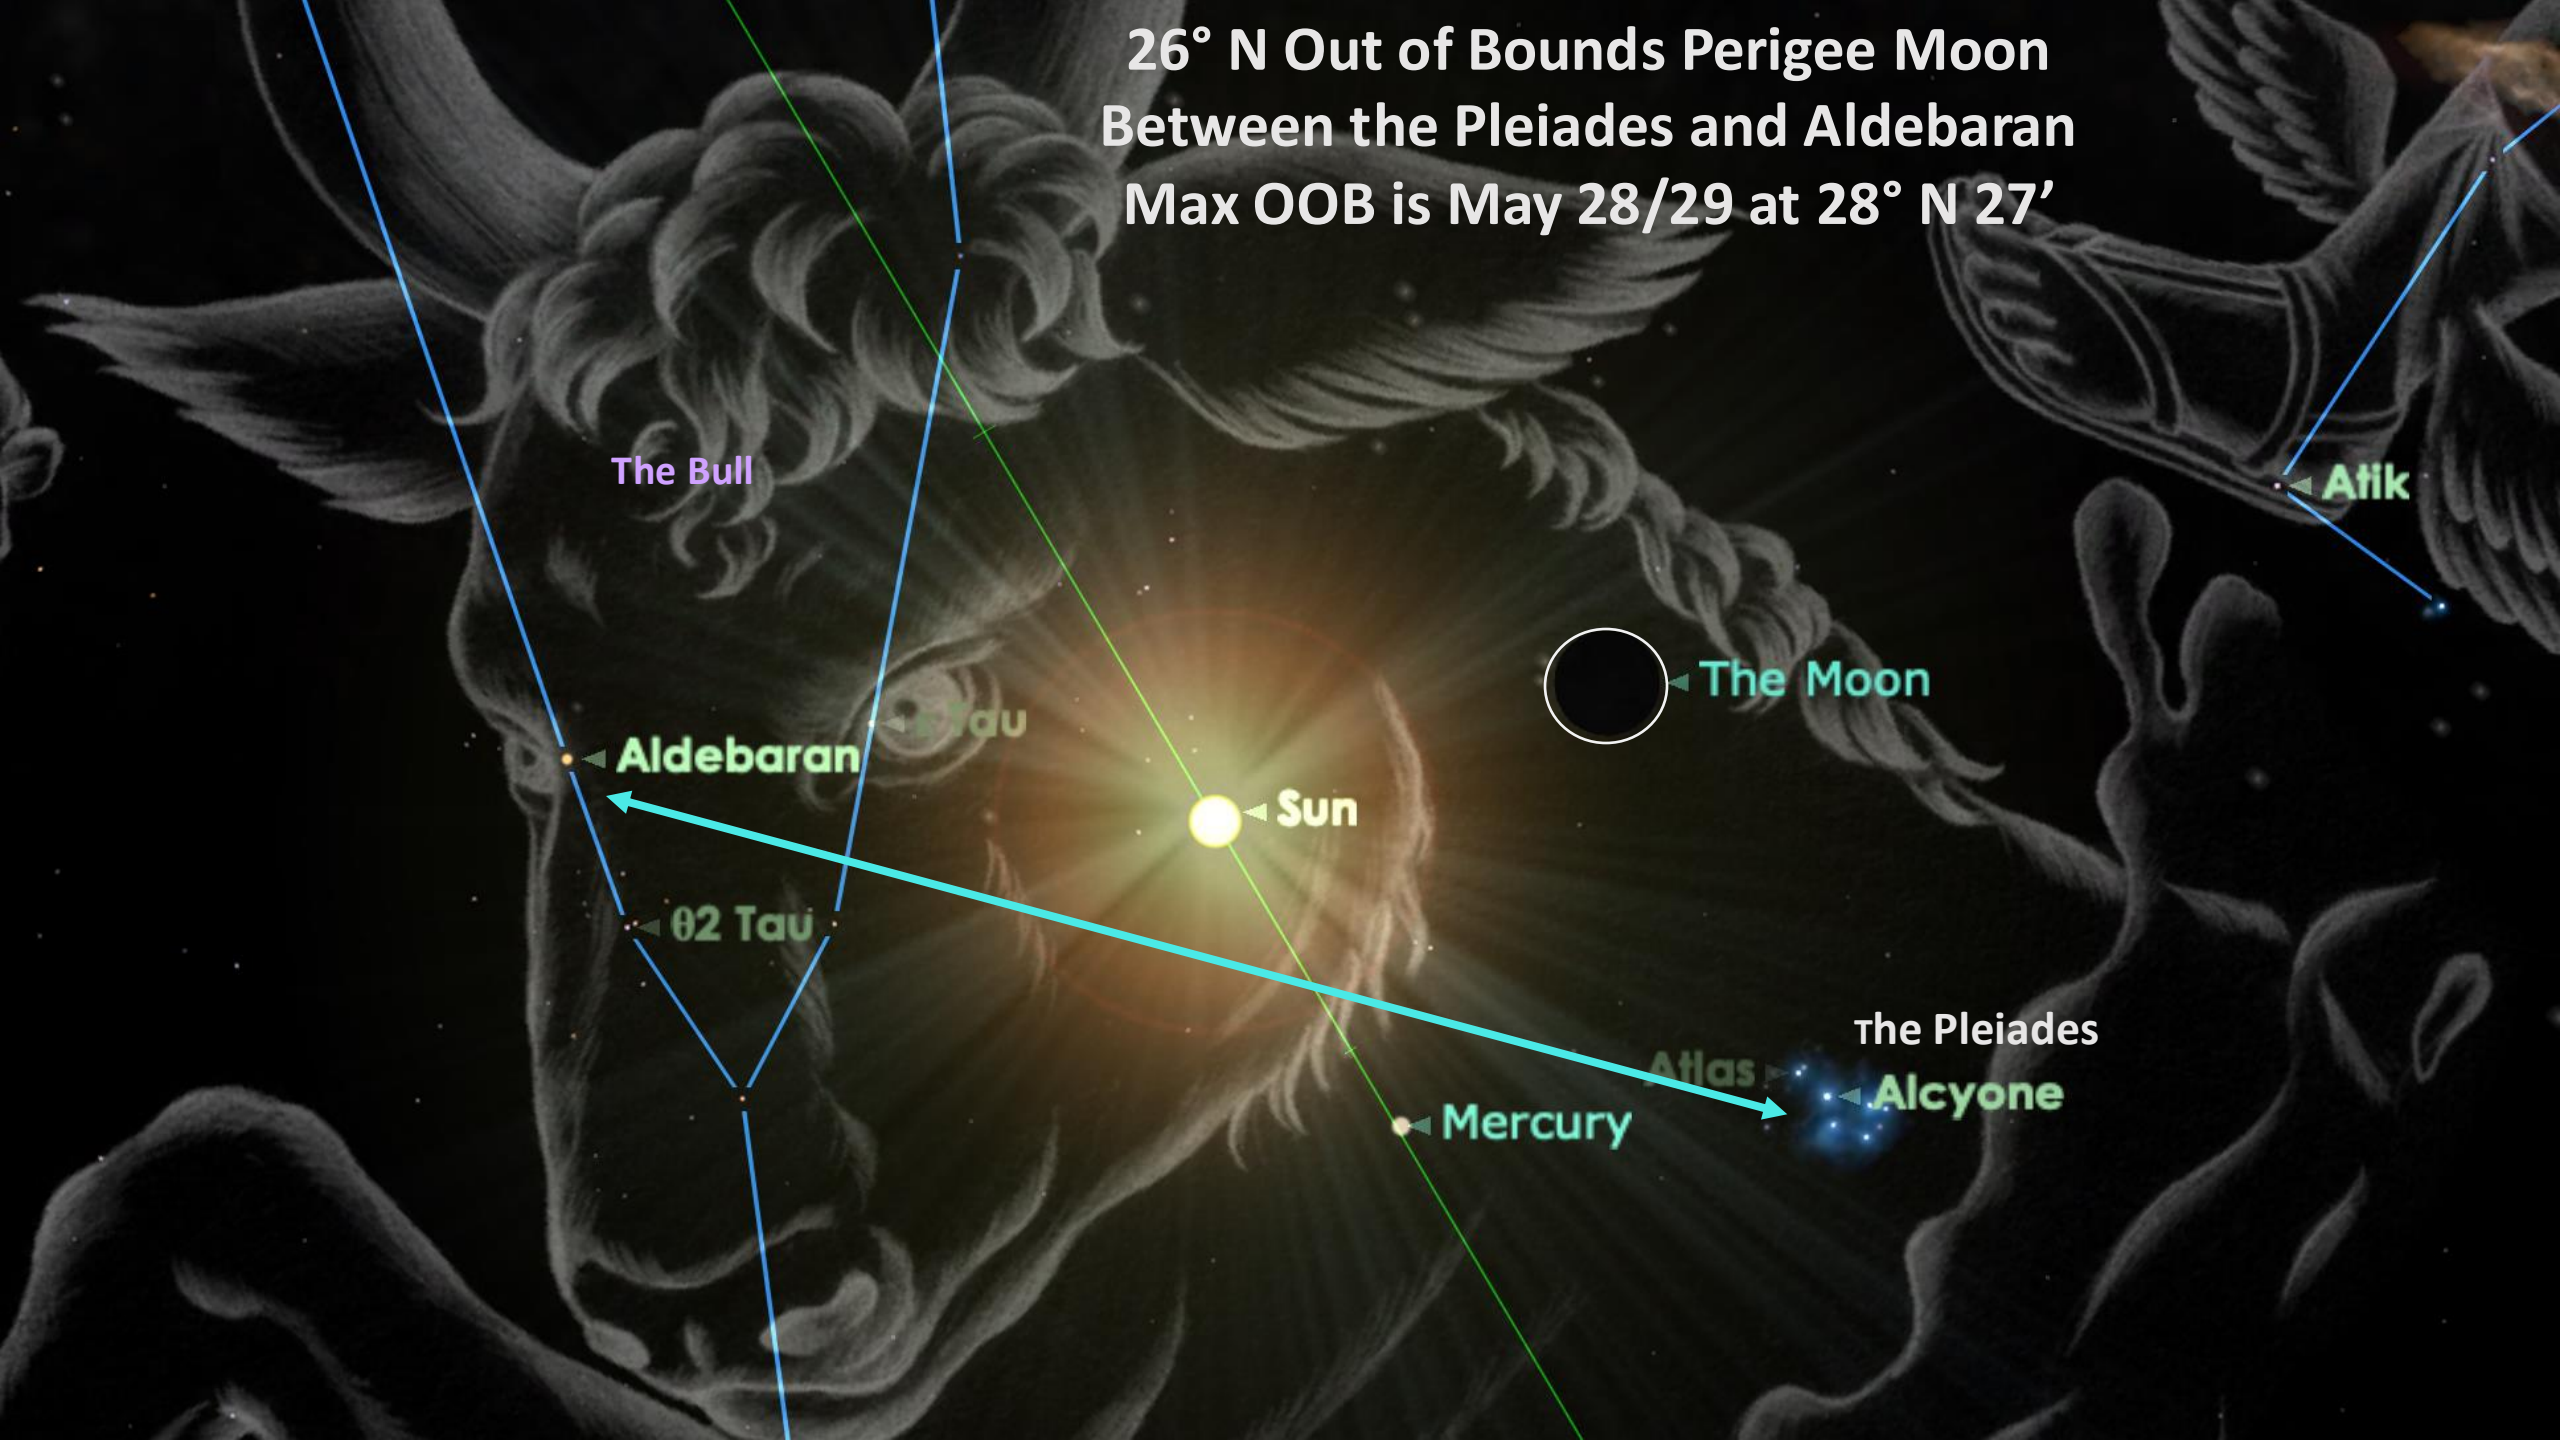

Crazy Wisdom is related to a Tibetan term “drubnyon” defined as combining exceptional insight and impressive magical power with a flamboyant disregard for conventional behavior.

Only those who attempt the absurd
will achieve the impossible.

Every Gemini New Moon is in the Sacred Hoop of Stars.

The Lakota and other Native Tribes felt it was auspicious and worth noting when planets were passing through this part of the sky.

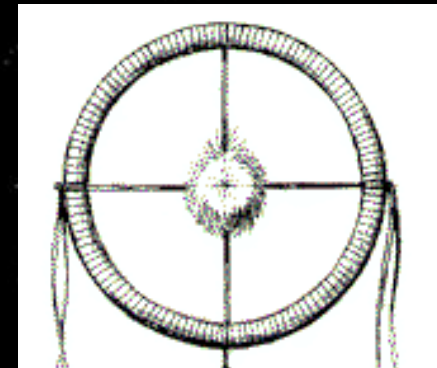

The Sacred Hoop of Stars as described by the Lakota begins with the Pleiades at 29° Taurus/0° Gemini extending to Castor and Pollux around 23° Cancer and Procyon at 25° Cancer

The June Solstice Sun is currently rising on the Galactic Cross at the Galactic Edge at 0° Cancer

White Buffalo Calf Woman Prophecy

Black Elk Prophecy and The Sacred Hoop

White Buffalo Calf Woman gave the Lakota the gift of knowledge about the Sacred Hoop and seven sacred ways to pray. She promised one day she would return.

When a White Buffalo calf is born it is a sign prayers are being heard, and the prophecy is being fulfilled.

The most recent white buffalo calf was born on **June 4, 2024** in Yellowstone National Park's Lamar Valley and was named Wakan Gli a Lakota name meaning “Return Sacred”.

Black Elk (1863 – 1950) had a vision of the Sacred Hoop bringing all nations, all people back into harmony with each other.

He saw it would take 7 generations from the time of the massacre at Wounded Knee in 1890 to heal the wounds and trauma of that event. Seven Generations would be around 2040.

In 1933 the first white buffalo calf was born when there were less than 500 buffalo in the world. 1994 Miracle was the 2nd White Buffalo Calf. Today there are about 50 White Buffalo out of an estimated 500,000 Buffalo.

Releasing at the Third Eye Chakra with the Aries Pisces Meta Goddess Venus in Aries

now through June 5/6

With Venus in Aries, the Aries Pisces Meta Goddess calls us to dissolve the distortions clouding our third eye—the energetic veils that obscure divine sight and inner knowing.

She invites us to release confusion, misperception, and fear, clearing the way for authentic vision and deep self-understanding to emerge.

Through the sacred fire of Aries, we awaken our fierce feminine power. We learn to fiercely protect our energy, then hold sacred space for others from a place of wholeness. Forged in her flame, we become fearless—ready to release all that blocks us from embodied clarity and spiritual sovereignty.

Now is the time to surrender what no longer serves your highest vision, and align fully with your intuitive truth.

Releasing at the Third Eye Chakra with the Aries Pisces Meta Goddess Venus in Taurus

June 5/6 through July 4/5

As Venus enters Taurus, the Aries-Pisces Meta Goddess beckons us to release the distortions clouding our third eye—the energetic blocks that keep us from trusting our intuition and honoring our inner desires.

She calls us to let go of the limiting beliefs and inherited shame that obscure our vision of the sacred feminine body—patterns rooted in patriarchal distortion that lead us to mistrust and mistreat ourselves.

Through Taurus's sacred earth, we are invited to ground deeply into nature's sensual embrace. Here, we remember the power of presence, beauty, and embodiment—awakening our senses as channels for divine vision to take form.

As we release the fears that keep us disconnected from our bodies, we reclaim intimacy with our inner knowing. This is the moment to surrender the mental loops and fears that keep us stuck—so we can anchor perception in the heart and body, where true wisdom lives.

Honoring the Aries Pisces Goddesses

Athena: Fierce Wisdom of Aries and Pisces

Athena, ancient goddess of wisdom, strategy, and sacred war, stands as a powerful feminist archetype—one who merges intuition with action, intellect with embodiment. She carries the fiery courage of Aries: fearless, independent, and ready to fight for justice. Yet she also embodies the mystical depth of Pisces: attuned to divine insight, dreams, and the interconnectedness of all life.

Athena teaches us that true power arises when clarity of vision (Pisces) is united with decisive action (Aries). She invites us to trust our inner knowing, to speak truth boldly, and to lead with both strength and compassion. Through her, we reclaim the warrior-wisdom of the feminine—strategic, soulful, and sovereign.

Honoring the Aries Pisces Feminine Vision/Prophecy

The Oracle of Delphi Speaking to Prophecy

The Oracle of Delphi (a.k.a. the Pythia), was believed to have the power of prophecy and vision. She often delivered cryptic messages many believed to be the words of Apollo. These prophecies were often ambiguous and required interpretation.

Prophecy often involves divinely inspired visions that are generally not coming from ordinary dreams, but rather seeing, hearing, or feeling something beyond everyday life, a supernatural experience providing a message or revelation.

Visionary oracles bring through prophetic revelation...

The Pythia delivered her prophecies, from a trance state while sitting on over a chasm that emanated steam or vapors (from fire Aries and water Pisces) Delphi was considered the "navel of the world"

The Pythia's legacy continued for centuries, with Delphi remaining a significant religious center even during the Roman Empire.

Third Eye Chakra Questions to Ponder

- Where am I still seeing myself through the eyes of fear, judgment, or conditioning and how can I release it?
- What truths or visions have I been ignoring or doubting, even though my intuition keeps whispering them to me?
- Where have I doubted or dismissed my intuitive knowing and how can I begin to trust it more deeply?
- What would it take to clear my mental noise and reconnect with the quiet wisdom of my inner sight?
- How can I align my inner vision with my soul's truth, letting go of the expectations of others or the outer world?

AstroLife Exploration at the Third Eye Chakra: Calibration & Clearing Incompletions

Transformation is not about becoming someone new. It's about returning to your essence through ongoing calibration—the art of reading your life, your energy, and your desires like a meter—continually assessing, adjusting, and realigning.

It's hard to move forward with clarity and agility when we're weighed down by the past.

In AstroLife Coaching, we call these anchors **incompletions**, the unfinished business that clutters our energy and blocks our momentum.

Incompletions can be:

External: physical clutter, half-finished projects, lingering to-dos

Internal: emotional baggage, unspoken truths, neglected self-promises

Clearing incompletions frees us to recalibrate with precision—so we can move with intention into the future we truly want to create.
