They are all looking upwards, suggesting a ceremony or a moment of collective reflection. The background is a blurred field with some trees in the distance. A large blue circular graphic is overlaid on the right side of the image.

The Hades asteroid, designated as 399 Hades, was discovered on November 1, 1895, by the German astronomer Max Wolf. Its name evokes the mythological realm of Hades, the ancient Greek of the underworld.

**In astrology, Hades is thought to embody the shadow aspects of the human psyche, the subconscious, and the realms of transformation through alchemy.**

Hades is similar to Pluto in guiding us towards empowerment and profound alchemy through transforming the shadow aspects that have been holding us back leading to personal growth and spiritual evolution.

**Hades with Sirius, Jupiter, and Venus over the next few weeks adds to the alchemy available for all of June, July, August and beyond.**

As planets pass through the Twins the transmission available to us suggests we can access even deeper wisdom that transcends the seeming opposites.

Opposites (such as good and evil, light and dark, right and wrong, strong and weak, happy and sad, wholeness and separation, giving and receiving) can lead to the experience of polarization.

**Transcending or uniting these opposites supports the manifest realization of the Divine Plan in our reality. Some might say Unity Consciousness...**

The Sun is in the Twins until July 20. Jupiter until 2026 and Venus enters around July 30.

# Releasing at the Throat Chakra with the Aries Pisces Meta Goddess with Venus in Taurus

through July 4/5

---

As Venus moves through Taurus, the Aries Pisces Meta Goddess invites us to clear our throat chakras—releasing the blocks that keep us from expressing our truth with confidence and clarity.

This is a call to shed the inherited shame and silencing patterns that have kept us quiet for too long; especially around our desires, needs, and the wisdom of our bodies. These distortions, rooted in patriarchal conditioning, often teach us to doubt the value of our voice and hold back our authentic expression.

Taurus grounds us in the sacredness of the body, where voice and vibration live. Through presence, touch, and sensual connection, we reconnect to the sound of our soul. Now is the time to speak, sing, and share from a place of embodied truth; to reclaim your voice as a sacred channel for love, power, and divine feminine wisdom.

# Releasing at the Throat Chakra with the Aries Pisces Meta Goddess with Venus in Gemini

July 4/5 thru July 30/31

---

With Venus in Gemini, the Aries Pisces Meta Goddess calls us to dissolve the distortions clouding our throat chakra—the energetic blocks that suppress our voice and inhibit clear, authentic communication.

She invites us to release the confusion, self-doubt, and fear that keep us silent or scattered, clearing space for honest expression and deeper self-connection to emerge.

Through the airy, curious energy of Gemini, we reconnect with the power of language; spoken, written, sung, or whispered. We learn to honor our voice as sacred and to share our truth with confidence, clarity, and compassion.

Now is the time to let go of what dims your voice, reclaim your Gemini gift of communication, and speak from the heart of your being.

## Gaia: Primordial Earth

At the edge of endings and beginnings, Gaia rises  
the breath between the final exhale of Pisces  
and the first fiery cry of Aries.

She is the ground beneath all waters,  
the pulse within the flame  
ancient mother born of Chaos,  
holding both surrender and spark in her vast embrace.

From her womb, all life stirs  
fluid dreams shaping into form,  
celestial fire rooting into soil.

Gaia is where spirit touches matter,  
where intuition becomes instinct,  
where the infinite dissolves into the now.

She is the stillness before the leap,  
and the courage that springs from deep within.  
In her, Pisces' mystic waters meet Aries' bold flame  
and the Earth remembers how to begin again.

# Questions for the Aries Pisces Throat Chakra Gate

*What would it take for me to better understand myself and why I see the world in the way I do?*

*What deep honest truth could I tell myself now that would change my perception of myself and the world?*

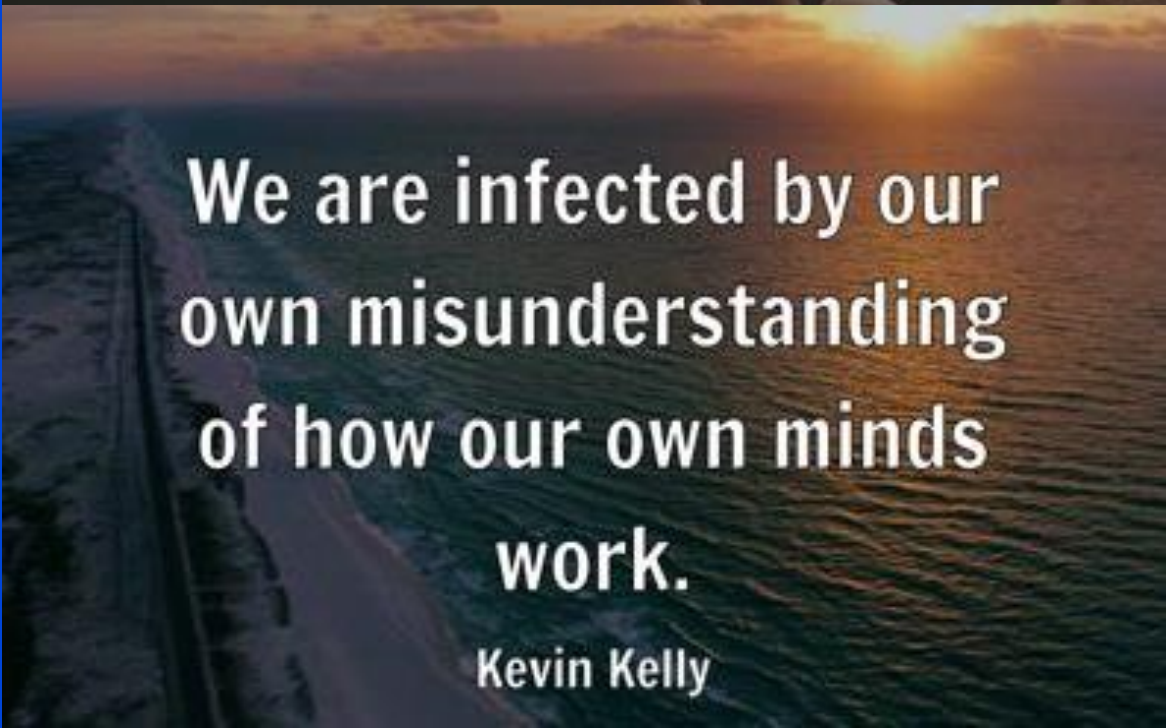

*What would it take for me to be open to a new more expanded perception of the truth?*

# AstroLife Coaching Exploration at the Throat Chakra: Shadow Beliefs & the stories we tell ourselves

**Transformation is a return to your true self.**

Today, we'll take another step toward yourself by uncovering the hidden childhood beliefs that still shape how we see ourselves and the world.

Our choices and actions are guided by the stories we tell ourselves—stories we mistake for truth.

How many times have you thought, *"This is just how I am"* or *"It's too late for me?"*

How often have you imagined change, only to be stopped by internal voices whispering why it's not possible?

Beliefs are just stories—familiar, protective, and deeply ingrained. They feel like facts, but they're not.

While they once kept you safe, today they are the very thing holding you back from the change you truly want.

As young children, often before age ten, we can't fully process intense experiences. So, we internalize them, making everything mean something about us. These early conclusions become beliefs, shaping how we see ourselves and the world.

Though we may not remember forming them, we often live as if these beliefs are facts.

Common shadow beliefs include:

- ✓ *I'm not good enough.*
- ✓ *Something's wrong with me.*
- ✓ *I'm unlovable.*
- ✓ *I'm stupid.*
- ✓ *I'm bad.*

These beliefs are magnetic—they draw in relationships and situations that reinforce them. They quietly dictate what we think is possible.

Today, we'll unravel one of these limiting beliefs, so you can one step closer to your authentic self.
